WONDERFUL CURE - OF -H. G. WATKINS, ESQ. BY THE

"LAYING-ON OF HANDS."

By PROF. LEMON. M.D., Esoteric Physician corner of Queen and Yonge.

DR. LEMON,—Dear Sir. Some twelve months ago I was taken down with a long and very serious illness. I was given up to die. Few of my friends thought it possible for me to rally again. My physicians pronounced my disorder Paralysis of the Brain. I finally recovered sufficiently to be able to stagger around, failing every few steps. I continued on in this way, failing to gain any strength, for many months, until about six weeks ago, while sitting in church, I was taken with a dead faintness and fell upon the floor in a swoon. When I regained consciousness I found myself totally disabled by a paralytic stroke, which affected my whole left side. I continued to grow worse until my friends thought my case hopeless, and truly if seemed but the matter of a few days when I strong desire to spend my last hours on earth in Toronto, surrounded by my family and friends, I came here for that purpose, But, thanks be to God, since seeing you (Dr. Lemon) and undorgoing treatment at your hands, I feel like another man. I am getting stronger every day, My speech is beetter, my locomotion very much improved, in fact there is a marked and decided improvement every way. I can now dross my self unassisted, and am able to use my left hand in a manner which, only four short weeks ago. I did not think would be possible. When I reflect what my condition was when I first saw you, and compare my then seemingly hopeless condition with my present state, the change seems little less than marvelous. Hoping that God may still continue to use you in such a wonderful way in the restoration of the sick and afflicted, I am, truly and gratefully yours,
