IT IS A LIVER PILL. - Many of the ailments that man has to contend with have ments that man has to contend with have their origin in a disordered liver. which is a delicate organ, peculiarly susceptible to the disturbances that come from irregular habits or lack of care in eating and drinking. This accounts for the great many liver regulators now pressed on the attention of sufferers. Of these there is none superior to Parmelee's Vegetable Pills. Their operation though gentle is effective, and the most delicate can use them.

CAUGHT A TARTAR.

Retert of a Witness That Broke Up a Cross Examination.

"The purpose of a cross examination Sheet Music in a law case," said a judge, "is to try to break down the testimony of a witness, but sometimes even the smartest lawyer catches a tartar and instead of breaking down the witness he himself is all broken up. I will never forget an answer made to me by a Hebrew witness who was the complainant in a burglary case in a county court. He charged the young gentleman whom I was defending with breaking open the door of his apartment above his tailor shop. On direct examination he testified that the alleged burglar had broken the chain on the inside of the door. I started in to cross examine with that ease of manner which characterizes every lawyer who has a good point up his sleeve. In my sweetest tones I asked:

"'Now, my dear sir, you say this boy broke in your door?

"'Yes, sir.' "'And you say he broke the chain that was fastened on the inside?

"'Yes. sir.' "'Now will you tell me how any man on the outside of a door could possibly unfasten a chain that was on

the inside? "Quick as a flash he blurted out: 'How should I know? Vy don't you ask him? Dat's his business. I'm a tailor. He's a tief!'

"That cross examination came to a full stop then and there."-Brooklyn

NAVAL NICKNAMES.

Old as the Hills, Used In All Countries and Never Alter.

In the American and English navies. as well as in the merchant marines, are found nicknames that have been in use since before men dreamed that there was land on the other side of the western ocean. Tradition, most inflexible of all rules, governs them, and they never alter, whether the ship clears from the Golden Gate or from London docks. Some of the nicknames are of obvious origin; others seem to gain force by their apparent lack of

For instance, why should all men named Wright be called "Shiner?" Clark is invariably "Nobby," Green is "Jimmy," and a White is a "Knocker." "Spud" Murphy explains itself, as does "Dusty" Miller. "Lofty" and "Shorty" do not need to present cards to their mates when they sign on, and it is not worth while for the brunette sailor to resent it when a friendly chap hails him as "Nigger." He can't whip the entire crew, one after the other.

The rigid forms of the quarterdeck do not hold during the watch below, and the captain is the "Skipper," and the first lieutenant is familiarly "Jimmy the One." On fighting ships the gunnery lieutenant is "Gunnery Jack," or, more briefly, "Guns," the torpedo lieutenant "Torpedo Jack" or "Sparks" and the navigating officer "The News".

Even a landlubber would know that "Tommy Pipes" was the boatswain, "Chips" the carpenter, "Jimmy Bungs" the cooper and "Sails" the sailmaker. -New York Tribune.

MUSIC RUSKIN HATED.

Some Wagner Compositions Filled Him With Blind Fury.

It is of course well known that when the great litterateur and philosopher, Ruskin, disliked any one or any thing he did not hesitate to say so in the most forcible language the occasion might require. It is doubtful, however, if any denunciation Ruskin ever pen ned or uttered equaled his outburst over some of Wagner's music, which, according to Mr. E. T. Cook in "The Life of Ruskin," filled him with blind fury. Thus to Mrs. Burne-Jones: "Of all the bete, clumsy, blundering,

boggling, baboon blooded stuff I ever saw on a human stage that thing last night ('The Meistersinger') beat, as far as the story and the acting went, and of all the affected, sapless, soulless, beginningless, endless, topless, bottom-less, topsyturviest, tuneless, scrannel pipiest, tongs and boniest doggerel of sounds I ever endured the deadliness of, that eternity of nothing was the deadliest, as far as the sound went.

* * * As for the 'Lied,' I never made out where it began or where it ended, except by the fellow's coming off the

What on amazing prodigy, by the way, Ruskin was! He recited the One Hundred and Nineteenth Psalm before he was three, at seven he had written a work entitled "Harry and Lucy Concluded. Printed and Composed by a Little Boy and Also Drawn," at eight he had turned Scott's "Monastery" into 400 lines of verse, and at eleven he wrote 2,000 lines called the "Iteriad," describing a tour in the lakes .- Pearson's Weekly.

MINISTER PRAISES ZAM-BUK

Tells How It Cured His Wife's Bad Sore.

When Everything Else Had Failed.

Rev. Henry J. Munton, of Blackfalds, Alta., writes: "My wife had a very bad sore foot, which it seemed impossible to get anything to heal. The sore would heal to a certain point and then fester again, and so on. I procured a box of Zam-Buk, and after persevering with this herbal balm for some time the sore was completely healed. was completely healed.

"We were so grateful for this cure, and Zam-Buk acted so differently to any other of the numerous remedies we had tried that I thought you ought to know of this case. I have since recommended Zam-Buk to several of my parishioners, and it always gives satisfaction."

and it always gives satisfaction."

Another iustance in which Zam-Buk proved of unequalled valve is told by Mr. N. L. Gerry, of Brandon' Man. He says: "I had my left foot run over by a wagon loaded with wheat. The foot was very badly crushed, and my toe and the next toe were laid open. I applied Zam-Buk, and only had to miss work for two days. Zam-Buk healed the wound so quickly that on the third day I was able to put on my boot and walk I was able to put on my boot and walk to my work. In a very short time my toes were quite healed, and the foot is now as strong as ever, thanks to Zam-

Publish My Letter The World Over

The Words of Harold P. Eushy, Who Was Permanently Cured of Chronic Lumbago by "Nerviline."

ness in Portland.

"One attack came after another, and lumbago got to be a chronic thing with me. I could scarcely get in a day's work before that knifing, cruel pain would attack my back. I used a gallon of liniments; not one of them seemed penetrating enough to get at the core of the pain. I read in the Montreal Witness about Nerviline, and got five bot-

the Montreal Witness about Nerviline, and got five bottles. It is a wonderful medicine—I could feel its soothing pain-relieving action every time it was applied. When I got the disease under control with Nerviline, I built up my strength and fortified my blood by taking Ferrozone at meals. This treatment cured me permanently, and I urge-everyone to give up the thick, white-oily liniments they are using, and try an up-to-date, penetrating, pain-destroyer like Nerviline, "Please publish my letter the world over.
