**\$45,000,000 THEFTS
FROM CARS SHOWN.**

**Booty Double That in Any Pre-
War Year.**

Wholesale looting of merchandise
in transit on the railroads of the
United States caused a loss of ap-
proximately \$45,000,000 in 1919, ac-
cording to United States Railroad
Administration statistics made public
recently.

This is estimated to be more than
double the losses sustained in any
pre-war year, but it is pointed out
that the increased cost of the com-
modities stolen, roughly estimated to
average 85 per cent, must be taken
into consideration when comparing
the losses in the days of low prices
with losses now. Nevertheless there
has been a steadily increasing num-
ber of packages stolen, and the or-
ganization combating the thieves
have met an increased ingenuity in
diverting goods from their owners.

A technique of robbery has been
developed so highly that the methods
of "master thieves" are similar in
the United States, England, France,
Italy and Argentina, according to a
recent report of the United States
Chamber of Commerce in Argentina.
Detectives, however, are inclined
to discredit that "organization"
belief that a "widespread interna-
tional organization" is at work steal-
ing merchandise.

Substitution is the usual method
used by the thieves. Sometimes
boxes supposed to contain velvets are
found at their destination to be filled
with calico or other cheaper grades
of cloth, but as a rule, waste paper
is found. These are referred to as
"concealed losses" by railway men,
and are especially difficult to trace,
as the shipment leaves and arrives
apparently in good condition, and it
is almost impossible to discover at
what point the theft occurred.

The silk industry has been one of
the most severely hit in the last
year, and so great has the risk be-
come that the Railroad Administra-
tion has been considering excluding
raw silks from the privilege of
freight transportation by rail. The
Merchants' Association of New York,
through its traffic bureau, has pro-
tested against such an exclusion, ad-
vocating some less radical measure
to minimize or prevent the theft of
silk in transit.

THE LIE OF THE LAND

"In what direction does the village
lie, my friend?"
"Well, sir, it's liable to lie in any
old direction that comes handy, but
at this time of the year it's mostly
about fish."

SAVE THE CHILDREN

Mothers who keep a box of Baby's
Own Tablets in the house may feel
that the lives of their little ones are
reasonably safe during the hot
weather. Stomach troubles, cholera
infantum and diarrhoea carry off
thousands of little ones every sum-
mer, in most cases because the
mother does not have a safe medi-
cine at hand to give promptly. Baby's
Own Tablets relieve these troubles,
or if given occasionally to the well
child will prevent their coming on.
The Tablets are guaranteed by a
government analyst to be absolutely
harmless even to the newborn babe.
They are especially good in summer
because they regulate the bowels and
keep the stomach sweet and pure.
They are sold by medicine dealers
or by mail at 25 cents a box from

**Bride "So Shocking" That Church
Lights Were Put Out**

A New Orleans despatch says: A
wedding ceremony in St. Louis
cathedral was postponed several
hours because of officiating priest,
Father Antoine of the Order of
Oblate Fathers of Mary Immaculate,
declared the bride was immodestly
attired and violated a recent order
of Archbishop Shaw of the diocese
of New Orleans relative to wearing
apparel.

The priest declared the bride ap-
peared to him "so shocking" that he
had the sexton put out the lights so
that she might retire to her home and
properly clothe herself.

PUBLIC CRITICISM

Good, absent minded, old Dr. Wilder
was greatly dependent upon his
practical wife. One morning Mrs.
Wilder sent up an announce-
ment after he had entered the pulpit
with a foot note intended to be
private.

"The Women's Missionary Society,"
he read aloud, "will meet Wednesday
afternoon at three o'clock sharp.
Your necktie is crooked; please
straighten towards the right."

"The government of the city of New
York costs more to maintain than
does that of the whole Japanese
empire.
