those who attended the meeting believe your report. "Propriety" asks now, was it after 3 or 4 speeches had been made on the topic at issue that the chairman suggested that some Milliners, &c.,—Misses Curran. or 4 speeches had been made on the topic at issue, that the chairman suggested that some one, would move that no one should speak more than once on the supject, unless by permission of the meeting, or was it not when the meeting was first opened, "Veracity" in reply says it was after Alum Marr, John G. McKinnon, John Ault, and F. W. Alkins, esq., had all Seth Cook's Hotel—Richmond. spoken twice. "Propriety," thy improprietics in catching at straws are great; and in searching after truth thou hast not been over careful at moral honesty. "Propriety" says, lawyer Nichols asked permission to speak before the motion was put. Now says "Propriety" what right had the chairman to be the first to grant him or any other permission? I will tell To Wir: grant him or any other permission? I will tell To Wit: To George Sel-you. The chairman was requested by some mith, Constable of the Village of Vienna, in gehtlemen present to give his opinion on the the said united Counties; gehtlemen present to give his opinion on the subject under consideration, which he deferred giving until all had spoken; then, by the permission of the meeting he would give his opinion, which he did. He had hardly taken his seat, before a cry from the assembly rose, of question, motion, when the chairman arose to put the motion of H. A. Custin loss when Mr. put the motion of H. A. Gustin, esq., when Mr Nichol requested permission to speak, the chair-that George Fillmore of the said Village of man was the first to give his consent. Now an intelligent people will readily see why the chairman was the first to give his consent and take way, or street, by calling him, the said Informant or George Passey a God damed* Liar consent and or George Passey a God damed* Liar consent and or George Passey a God damed* Liar consent and or George Passey a God damed* Liar consent and or George Passey a God damed* Liar consent and or George Passey a God damed* Liar consent and or George Passey a God damed* Liar consent and or George Passey a God damed* Liar consent and or George Passey a God damed* Liar consent and or George Passey a God damed* Liar consent and or George Passey a God damed* Liar consent and or George Passey a God damed* Liar consent and or George Passey a God damed* Liar consent and or George Passey a God damed* Liar consent and or George Passey a God damed* Liar consent and or George Passey a God damed* Liar consent and or George Passey a God damed* Liar consent and or George Passey a God damed* Liar consent and or George Passey a God damed* Liar consent and take and or George Passey a God damed* Liar consent and take and or George Passey a God damed* Liar consent and take and ta stand the chairman was not so very solicitous trary to the form of the By Law of said Munistand the chairman was not so very solicitous to speak last as "Propriety" would try to make the people believe. I think the chairman is not so much, as "Propriety" like an old scolding, quarrelsome woman, who thinks if she got the last word she had gained the victory. My good-natured friend has got himself by his forwardness into a fix, and it seems to me. by his forwardness into a fix, and it seems to me of Augustinstan, at the hour of two oclock he is like a man in a boat trying to row the in the afternoon of the same day to answer to chairman or "Veracity" up salt river, and has answer the said charge and to be dealt with acgot fairly into the rapids and alas, one of his carding to Law. And be you then there to certify what you have done in the premiess having broken, he uses the other with all herein fail not. his might; but he only goes round and round. Given under my hand and seal at Vien-and down he goes. But "Propriety" does na, aforesaid, the 23rd day of August, in not know enough that he is not making head the year of our Lord, 1853.
way. Mr. "Propriety", it seems to me if you can get the last liek, the last letter, the last word published, and sound the last trumpet in your own praise, you will be contanted. As far as I certify the above is a true copy of the I am concerned in this discussion I yield and original in my possession.
