

The Prompt Action of a Home Company Appreciated.

In the hour of trouble, when the head of the family is taken away by death, it is absolutely essential in the best interests of the bereaved (in moderate circumstances), to secure whatever financial assistance is due them immediately.

Life insurance in a responsible company provides absolute guaranteed assistance in case of the death of the insured while the policy is in force.

The pioneer company to introduce prompt payment of death claims immediately upon satisfactory completion of proofs of death was the North American Life Assurance Company, Toronto, Ontario. It still continues to adhere to that sound practice, as will be seen by a perusal of the following letter lately received from the beneficiary of a deceased policy holder:

Toronto, May 16, 1894.

Wm. McCabe, Managing Director, North American Life, Toronto:

Dear Sir,—I am this day in receipt of your cheque numbered 262, on the Union Bank of Canada, for \$2,000, being the full amount of policy, No. 3,035, on the life of the late Wm. A. Pamphilon. It was only yesterday afternoon that the claim papers were handed into your office, and in less than twenty-four hours after the receipt by you the cheque for the full amount of the claim was received. Although Mr. Pamphilon was insured in other companies and societies, thus far I have not heard from any of them in respect to the claims made upon them. This exceedingly prompt action on the part of your company is highly appreciated, and is another illustration of the advantage of Canadians dealing with home companies rather than with foreign corporations.

Yours truly,
ELLYN F. PAMPHILON.
