MANUFACTURER OF THE CELEBRATED ROYAL YEAST CAKES.

THE METTAWAS,

North Shore of Lake Erie, Kingsville, Ont.

THIS NEW AND DELICHTFUL SUMMER RESORT

Is beautifully situated on the lake shore, close to the station of the Lake Erie, Essex and Detroit River Railway, only thirty miles from Detroit, in a district famous for its fertility and agreeable summer climate, and within sight of Pelee Island, the most southerly point in Canada, celebrated for its fishing and as the home of the Pelee Club.

The hotel contains 120 rooms, and in the arrangement and equipment no expense has been spared to ensure the comfort and enjoyment of its guests. It is furnished with the best spiral spring and hair mattresses, electric bells with return call, fire alarm bells in all rooms, Hale hydraulic elevator, steam heating in corridors and many of the rooms, numerous open fireplaces, incandescent electric lighting throughout, and hot and cold baths on each floor free to guests. The cuisine and service will be the very best. Ample fire protection is afforded by a complete system of water works.

In the grounds adjoining the hotel is a spacious casino, containing dancing, billiard, card, smoking and lounging rooms, and bowling alleys, which, with bowling greens, tennis courts, croquet lawns, excellent and safe boasting and bathing, and the charming walks and drives of the neighbourhood, offer unusually abundant means of recreation.

Two miles distant is one of the most remarkable gas wells on the Continent, a recent discovery.

unusually abundant means of recreation.

Two miles distant is one of the most remarkable gas wells on the Continent, a recent discovery, which is attracting much attention and promises enormous development. Gas from this well will be used for illuminating the hotel grounds and approaches.

With a season longer and more equable than more northerly summering places, though equally cool and invigorating, this resort presents the choice of complete retirement and rest, or the occasional change afforded by its proximity to Detroit (only one hour's journey), with which there is connection by rail three times daily, and by water frequently by the new and excellent Steamer Lakeside, plying between Sandusky, Pelee Island, Kingsville and Detroit. Telephone connection with Detroit and other points.

OPENS JULY 10th under the management of Charles S. Mathews, for many years Steward of the Palmer House, Chicago, to whom applications for rooms should be made, in advance if possible.

GURNEY'S HOT WATER SYSTEM.

URROW STEWART & MILN SUPERIOR HOT AIR FURNACES HAMILTON. ONT.

Bracondale, Aug, 20th, 1889.

GENTLEMEN, - I am in receipt of your inquiry respecting the No. 126 GURNEY BOILER you furnished me with last winter for my Forcing-Houses, and in reply would beg to give you the following items which the Boiler is doing:

Three houses (standing in very exposed position), 14 ft. x 60, span roofed, and north and south. Three rows of 3 inch pipe, 450 feet in each house, or total of 1,350 feet in all. Cost of suel for eight days' trial during severest part of winter, with egg coal, houses ranging from 50 degrees at night to 65 or 70 degrees in the day, amounting to 51 cents per day, or an average of 17 cents each house; and a further trial with cheap fuel gave good results at a much less cost. The Boiler would run a fourth house and then

r Greenhouse work, as an independent Boiler without brick work, notwithstanding any assertion which may be made to the contrary, the GURNEY HEATER is all that can be desired. Give it a good long draft and it will far surpass

I may add that the Boiler, standing inside the centre house, and not being troubled in any way with the gas, the whole of the heat generated is economized I am more than pleased with it.

Yours truly,

F. C. MILLER.
