POST OFFICE:
MACDONALD COLLEGE, QUE., CANADA

FACULTY OF AGRICULTURE
OFFICE OF THE DEAN

August 21st, 1933.

Sir Arthur W. Currie, G.C.M.G., K.C.B.
Principal,
McGill University,
Montreal, Que.

Dear Sir Arthur:

I am enclosing copy of the proposed regulations concerning veterinary supervision of animals on the Macdonald College property, also copy of a letter I have just addressed to those concerned. These regulations are in accord with the suggestions made by you last spring. The delay in completing them has been due to Dr. Conklin's occupation in other directions and to absences on his part and on mine. Dr. Conklin and I thought the regulations should apply to the animals of the Cartage, Horticulture and Agronomy Departments, as well as to those used for breeding and experimental purposes on the Stock Farm and in the Poultry Department. They will involve considerable work for Dr. Conklin's Department but he is willing to undertake the work and the responsibility.

I am also sending the memoranda submitted to you in my office on May 12th. I found that we had both the original and the carbon copies of these memoranda. Most of them refer to matters now disposed of but it appears to me that one copy of each might well be in your possession.

Yours faithfully,

Acting Dean.
