SEVENTY-FIVE MEMBERS

Organized Last Night in Opposition to Recent Assessment Increase.

About 75 senior members of the Independent Order of Foresters held an organization meeting last night in opposition to the increased rate of assessments. The meeting lasted for less than two hours, but there was not a dull moment, as feelings ran high.

Almost all present regarded the increase as an injustice, while a few kind to the high court, wished to convince the meeting that the increase was unavoidable.

Bro. M. Watson presided. He expressed the view that the assessment question need not be discussed, but that action should be taken to discover if any means existed to secure more favorable terms for the older members, than decided upon by the

members, than decided upon by the supreme court.
Clarence Bell pointed out that the high court had acted in accordance with the findings of the royal commission on life insurance, as embodied in an act relating to the high court, and that this had been ratified by a vote of over, two-thirds majority. The question arose as to what could be done to improve matters. He believed done to improve matters. He believe in a conference by the committee with the supreme ranger to secure the full

est possible information.
Some Disorder. The meeting was not in a humor to confer with either the supreme or high court officers, and considerable disorder arose owing to the militant spirit present. Several speakers would try to ask different questions at the same time. Others would attempt to answer them. Cries of "Order" and down" were frequent.

DUNNVILLE, Oct. 3 .- (Special) LONDON, Oct. 3.—(C.A.P.)—A Melbourne despatch states that the battle cruiser Australia and the light cruiser Sydney meet other vessels of the Australian naval unit in Jervis Bay today preparatory to entering Sydney harbor officially tomorrow.

Elaborate arrangements have been made for an enthusiastic welcome on which the authorities are in agreement, recognizing the present as the most important national celebration since federation.

Premier Cook sends the following message to The Morning Post:

"The event shows that we are DUNNVILLE, Oct. 3.—(Special)—Benson Abrams of Napanee, we sentenced to fourteen years in Kingston by P.M. Brown last evening.

Abrams broke into the hardware science of T. G. Scott, stole knives, revolvers and other articles, but by accident cut his hand badly, which circumstance led to his arrest, as the theft was discovered shortly afterwards, and the blood marks showed plainly what had occurred. At the trial he pleaded guilty.

Notwithstanding that Abrams is only 33 years old, he has spent most of the past ten years in various prisons and only recently escaped from the Guelph prison farm.
