PRO CLUBS ISSUE RESERVE LIST

Two Toronto Clubs Have Last
Year's Players to Fall
Back on.

MONTREAL, Nov. 3.—In accordance with the rules of the National Hockey Association and the peace agreement between the Pacific Coast League and the N.H.A., the reserve lists of the N.H.A. clubs have all been sent in to the N.H.A. president, showing with one or two exceptions the same players in each organization who were the colors a year ago. There will not be as many changes found in the line-up of the various teams this season as are looked for by the public, as the officials of several of the clubs report the signing of the majority of their players. President Lichtenheim of the Wanderers received another contract yesterday which leaves only two or three more to arrive. The contracts from all of last season's Toronto team have been received, while the majority of the Ontarios have also been turned in. All of the players of the Canadiens have been tendered contracts, of whom several have already signed. The following is a complete list of the players held in reserve by the six clubs in the N.H.A.:
Quebec—Moran, Hall, Munnery, Crawford, Marks, Joe Malone, Jeff Malone, Tommy Smith, Craigston, Savard and Prosser.
Canadians—Vezina, Laviolette, Duhaime, Pitre, Payan, Dionne, Jetté, Gauthier, Donald Smith, R. Powers, Delisle, Marchand, Berlinguette, Bergeron, Givernon, Poiry, Fournier, Fréchette.
Toronto—Holmes, Cameron, Davidson, Foyston, Wellington, Jopp, Irvin, Marshall, McLean, Wilson, McGiffin, Rahn and Walker.
Ontarios—Nicholson, H. McNamara, H. N. McNamara, Corbeau, Gaul, Laffiton, Vair, Longfellow.
Ottawa—Lester, Benedict, Lake, Shore, Ronan, Darragh, Broadbent, Denison, Lowry, Martin, Cadotte, Boyes, S. Cleghorn, O. Cleghorn, A. Ross, E. Russell, G. A. Roberts, Hyland, Miller, Curry, Atkinson.

The following is from Montreal: President James C. Riddell of the Interprovincial Amateur Hockey League, stated that notices had been sent out calling the annual meeting at the Windsor Hotel on Saturday night, Nov. 8. He said that he had a successful season as a year ago and stated that practically the same clubs would figure in the season's schedule. There are three clubs in the Ottawa section, while Grand Mere, Victoriaville, Sherbrooke, M.A.A.A. and St. Patrick's have already signified their intention of playing in the league again this winter.

Galt will have intermediate and junior teams.
Cyclone Taylor has signed his contract to play for Vancouver.

London intermediates have started indoor work.
A Detroit dispatch says: Under the auspices of the Canadian Club of Detroit a hockey league is to be formed this winter and a meeting of all players will be called shortly to complete organization. The club has enough material for three teams. The Argonauts and the Copper Country Boys, and several others have announced their willingness to get in. Arrangements are being made to play all games at the arena.

Sam Lichtenheim told officers of the Ottawa Hockey Club that he would have all his players signed by Dec. 1. Ross and Hyland are holdouts.

BICYCLE STORE FIRE.
Fire in the bicycle store at 127 Chestnut street, owned by C. Cholewick, did \$100 damage to the building and \$400 to contents, at 2 o'clock yesterday afternoon.

KILBANE WILL STAY IN HIS OWN CLASS

Champion Says He Has No
Intention of Tackling
the Lightweights.

Johnny Kilbane has no intention of going into the lightweight class. Why, he is altogether too small, and if he trains hard for a week or more he is nearer a bantam than a lightweight; so what chance would he have to box these fellows who call themselves lightweights, says his manager. The whole story about Johnny going into the heavier class came from the coast. When we went there Mr. McCarty asked us about meeting a lightweight, and I told him that when Johnny beat Dundee we would take on a lightweight, but the only one I had in mind at that time was Joe Rivers, as he had been boosted to the skies and was a great card, and I knew that as Johnny had beaten him once he could do it again, why, there was no objection from our end to it.
"However, the match fell thru, but not thru any fault of mine. That is where the story originated and it has been going on ever since. Johnny is tall and looks broad about the shoulders, but he is small of limb and easily makes a low weight. For the Dundee match he only weighed 120 pounds. In New York the weight was given out as 128 to 132, but he never weighed that much while training in his whole life. You can bet the scales there were not correct. When he fought Tommy Dixon at St. Louis I weighed him for the newspaper boys, and he scaled just 127½ pounds. Sid Keener, of The Times, will verify my word. I cannot see the use of taking chances against big fellows when there are plenty of legitimate featherweights about the country to meet."

Amateur Football Games and Scores

Aiken won the game for Overseas in their battle in the Tri-City Cup series Saturday at Rosedale by driving a shot past Tustain in the final minute of the play, winning the game by 1 to 0. It was a battle of wits and skill from start to finish, and was rather an unexpected finish for such a saw-saw struggle. The play was very even, and both teams were equal in the game. For the winners, Robinson, Croucher, Leslie, Winter and Haworth were best, while, for the losers, Tustain, Richardson, Station, E. Fidler and W. Whiting were the stars. The teams:
Overseas: (1) Goal, Foley; right back, Robinson (captain); left back, E. Raven; right half, Leslie; centre half-back, Croucher; left half-back, Kington; outside right, V. Raven; inside right, Winter's centre forward, Rutherford; inside left, Aiken; outside left, Haworth.
Pioneers: (2) Goal, Tustain; right back, F. Whiting; left back, Kington; right half, Green; centre half, Hutton (captain); left half, Lewis; outside right, Austin; inside right, Fidler; centre outside left, W. Whiting.
Referee—Milsp.

St. Giles were two down at half-time Saturday in a Bridgen Cup game, at Rosedale, when they were defeated by the Quins. The two points were awarded to Rutherford, their opponents.

Advantages of the "Weather-Tight" Collar

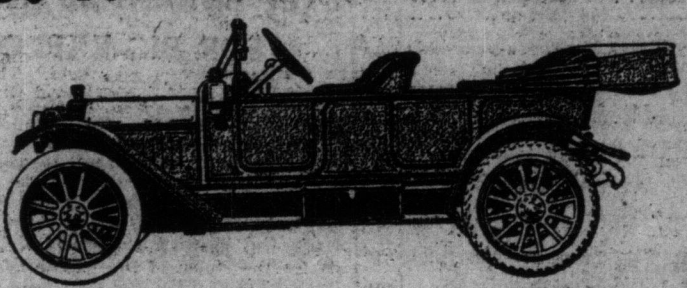

WE ARE making this store famous by our "weather-tight" collar. The cut shows how genteel it looks in fair weather, but when the winds and snow drive at every crevice and especially endeavor to get in at the neck, the "weather-tight" collar may be turned in at the throat with a neat, snug look and feeling. Ed. Mack's "weather-tight" collar is easy on the neck, completely protects the linen collar, and keeps the chills from creeping in, as they do with ordinary collars. We believe our "weather-tight" is the best convertible collar that is found anywhere. To get the newest idea, come here. We submit it to your approval.

Pretty Soft Isn't Wrong

Lives of ball players oft remind me
That their role is pretty soft.
For they play baseball for money
And for pleasure, play at golf.

It is not gentle reader, who is the best ball player. The great and deciding interrogation today is which ball player is the best golfer? It matters not that Matty is considered a fair pitcher. The all important point is whether he can go over a certain course in less strokes than Fred Merkle or Rube Marquard.

Apart the golf, Jimmy McAleer, the downcast chief of the Red Sox, arises to remark that there was altogether too much golf among his men this season. The men were talking golf on the bench when they should have been talking and studying baseball. Golf is one of McAleer's alibis.

Many World readers, no doubt, will

agree with Germany Schaeffer when he says that a back is a place to take money out of. Jesse James and others held the same theory, and practiced it.

The foregoing was suggested thru query of one signing himself Financial, making certain queries as to money out of. Jesse James and others held the same theory, and practiced it. That's all we know about banks.

George Chip, who was baptized Chipman without being a party to the main proceedings, it also being the entire name of the gentleman, remarks that he is perfectly willing to meet Frank Klaus again. With Chip's reputation rising like a burlesque stage thermometer the little Greek has doubled his price—that is, where he was worth \$50, he now asks \$1,000.

Supposing Packey McFarland is a welterweight, and no one will get up on their rear legs to deny it—who, and we pause for a reply, who, we ask, is the welterweight to stop him?

The interest in the Richie-Cross bout doesn't hinge about the prospective winner, but as to what kind of a fruit it will be. Will it be another Garden lemon, or a real show? As for Cross—he will lose, says Isaac Grabstatter.

Outmet is a pinch hitter at golf. To uphold his reputation he ought to win a small game once in a while.

Summarizing the day's proceedings in the Newark whirlpool, we find that the bicycle combine has withdrawn from the proposition to purchase the Newark club, allowing other syndicate members free design, whatever that means.

And just before the page staggered to me, a query was received from a New York news bureau as follows: "Resume of what International League clubs need to strengthen. 1,900 words." We have been laboring under the impression that what the old league needed could be told in two words: Ball players.

However, if it takes 1,000 words to really tell what it needs, it's very evident that it needs something, we know not what.

The following line will be kept in type until the International League season formally opens again: "Sam Lichtenheim is scurrying about looking for new players." After which it will be: "Sam Lichtenheim is selling players."
