

Quebec, March 1895.

I have the honor to inform my customers and the public in general that after considerable expenses and good deal of time in making experiences, I have succeeded to open an establishment, in my printing office, of Photo-Gravure half-tone, line work or any other designs .furnished, without being obliged to go out of Quebec for any of these kind of works and will be executed promptly and at moderate prices.

C. DARVEAU,

Job Printer, Photo-Grav.

80-84, Mountain Hill.
