

ONLY SELDOM SO GREAT AN OPPORTUNITY TO BUY A PLAYER-PIANO

THE number of Player-Pianos we have to sell at present sacrifice prices is limited, and it cannot be expected that they will remain long in stock. It's the quick acting customer who'll get the bargain. Any one we offer is only slightly used, and all have been put in good condition by our own workmen. Sold on payment of small amount down, and small payment monthly. Call and see the stock, or if out of town write for list.

HEINTZMAN & CO., LIMITED 193-195-197 YONGE STREET, TORONTO

ADVANTAGES OF A PEASE FURNACE

Smallest amount of fuel necessary. All gases are consumed by our Exclusive Air Blast Device. No Dust because it has fewest joints and these are "cup" joints and dust proof. Large Air Reservoir insuring generous supply of fresh, warm air from ALL registers at once. Vertical Shaking Device which enables one to shake it without stopping.

THIS MAY PROVE NEW PORCUPINE

Toronto and Nova Scotia Surveyors and Capitalists to Investigate Gold Find on C. N. R.

A party of Toronto and Nova Scotia surveyors and capitalists are being organized to leave Toronto at once for a week's time for the new gold discovery made some time ago by surveyors on the new Ottawa-Port Arthur line of the Canadian Northern Railway. The locality in which the traces of gold have been found is known as the Ground Hog District. It is situated on what will be the new C.N.R. line and is about thirty-five miles north of Bancroft, which is along the line of the C.P.R. The statement is made that the surface gold that has been found there is even more promising looking than that found in Porcupine when first located, and the prophecy is being made that a gold camp will in the near future be established there which will rival even Porcupine. It is expected that quite a number of Toronto men will go on the expedition, which has been organized with the intention of inducing the investment of capital to develop some of the claims already staked out.

CITY HONORED ENGINEER RUST

Presentation of Cabinet of Silver, Gold Watch and Chain and Address On His Leaving For Victoria.

In appreciation of his services to the city and as a token of the friendship and esteem in which he was held at the city hall, City Engineer Rust was yesterday afternoon presented with a beautiful cabinet of silver, a gold watch and chain, suitably engraved, and a farewell address. The cabinet of silver and the farewell address were presented by the employees of the works department, while the gold watch and chain was a gift from the civic employees in general. On behalf of the council Mr. Rust was presented with a gold watch and chain and a gold watch and chain. The presentation was made by Mayor Geary in the council chamber at five o'clock yesterday afternoon, and nearly all the employees of the works department, besides the members of council and the civic officials, were present. In making the presentation his words were that the gifts were intended as an evidence of the appreciation and esteem in which Mr. Rust was held by all his associates and friends. In the city council Mr. Rust was presented with a gold watch and chain and a gold watch and chain. The presentation was made by Mayor Geary in the council chamber at five o'clock yesterday afternoon, and nearly all the employees of the works department, besides the members of council and the civic officials, were present. In making the presentation his words were that the gifts were intended as an evidence of the appreciation and esteem in which Mr. Rust was held by all his associates and friends.

WHITE DENIES TARIFF CHANGE

Only Time For Such Announcement, Says Finance Minister, Is When Budget Speech Is Delivered.

Hon. W. T. White, minister of finance, interviewed by The World at the King Edward yesterday as to the rumored tariff changes and the attitude of the government towards the big bank merger. "There is only one time and place for the announcement of tariff changes, and that is when the budget speech is delivered in parliament. The changes authorized by order-in-council only relate to the remission of duties upon the material for use in our Canadian factories. Some orders of this kind have been made every year and may be made this year, but they will not decrease whatever protection is afforded now to our home industries. As to the bank merger, it is not yet before the government and will not be until it is ratified by the stockholders of the banks affected."

Stops a Cough IN ONE NIGHT

CATARRH AND WEAK THROAT NOW CURED WITHOUT SWALLOWING DANGEROUS DRUGS. By Breathing the Soothing, Healing Vapor of Catarrhose All Throat and Catarrhal Trouble Is Quickly Cured. It's simply wonderful to think how quickly a bad throat or catarrh can be cured with Catarrhose. Its rich balsamic vapor is carried along with the breath into the innermost recesses of the lungs, bronchial tubes and chest, making it impossible for the germ of any disease to live. Thus soreness in the chest is at once alleviated—phlegm is loosened and ejected from the throat, quivering coughs are removed.

"I suffered from an irritable, weak throat for three years. I had a severe cough, pain over the eyes, constant bad taste in my mouth, and noises in my ears. It was chronic catarrh. Nothing gave permanent relief till I used Catarrhose. In one hour it relieved, and in a few weeks drove all trace of catarrh from my system." TIMOTHUS A. SALMON. "No. 6 Lopez St., Kingston, Jk."

NEW APARTMENT HOUSE BY-LAW CRITICIZED

It Is Claimed That the Restrictions Are Only Made More Rigid Without Alleviating the Situation—Conditions Are Such as to Demand Apartment Houses.

Much dissatisfaction and again considerable rejoicing has resulted from the action of the city council on Monday in passing the by-law preventing all apartment houses being built in residential districts. Dissatisfaction is expressed because it is claimed that such structures are a necessity in every city of the size of Toronto, and the by-law merely makes the building restrictions more rigid without in any way relieving the situation. On the other hand, it is claimed that the by-law will benefit the city in many ways, since it will prevent the erection of apartment houses in the most desirable locations, as for instance, on street car lines, or in sections where they would not make a profitable venture. It is pointed out that even the members of council were not aware of the sweeping nature of the measure which they were passing, since no discussion ensued when the by-law was brought up. Grave doubt is expressed whether the by-law will be upheld by the courts. Again, it is claimed that the situation is at present, the council will be under obligation to repeal the by-law in all cases where applications are made worthy of special consideration. The following is a list of the districts where under the new law apartment houses will be prohibited: In the district east of the Woodbine and south of Kingston-road, except on Queen. In the district east of Broadview to Logan, between Gerrard and Danforth, and north of the street railway, and north of the C.P.R. tracks to the city limits. In the district between Bloor and Bloor-street, from Eglinton to Bayview, and including Albany-avenue. In the district between College and Bloor-street, from Eglinton to Sherbourne inclusive, except on Bathurst. In all ward seven south of Dundas-street. In what may be roughly described as the district between Rosedale and the street railway, and north of Macdonell-avenue. In the district between College and Bloor-street, from Eglinton to Sherbourne inclusive, except on Bathurst. In the district west of, but not including, Rosedale-avenue. In the district east of Rosedale-avenue and south of Gerrard-st. to Macdonell-avenue. In the district south of Queen, west of Dufferin. There are a number of other smaller districts, but these are the chief.

Two Sarnia Girls Are Spirited Away

SARNIA, May 14.—(Special.)—Clara Mackenzie and Maud Harkness, two Sarnia girls, still in their teens, were spirited away from their homes at Sarnia on Monday morning. An actor who has been appearing in local theatrical circles is implicated in the affair. The man poses as a clairvoyant, and ostensibly to have their fortunes told, the girls visited him at an hotel in Port Huron. Following their departure the two girls have disappeared, and the police have been unable to locate them. Startling developments are expected.

DENIES HE IS MARRIED

Toronto Barrister Being Sued for Non-Support. Norman Webb, barrister, of the firm of Webb & Creighton, Toronto, appeared in the police court yesterday morning to answer a charge of non-support preferred by his alleged wife. The woman, who came into court carrying her three-month-old baby, stated that she was married to Webb in January, and that the ceremony took place in his office and was performed by a man whom she supposed was a priest. "Mr. Webb has given me money at different times," said she, "but he is not a priest, and that is why I am bringing the charge." Webb stoutly denied marrying the girl, and wished to make a statement, but upon being reminded that it would be used against him, he desisted, and the case was laid over until this morning in order that more witnesses might be brought.

Prices \$3.00, \$3.50 and \$4.00. SIMPSON COMPANY LIMITED

NEW WESTERN CHANNEL OPEN

Lights Have Been Removed From the Old Channel—Landing Places for Small Boats. The Toronto Harbor Commissioners have decided to have buoys at once placed at the entrance to the new western channel. This has now been declared officially open. The lights have been removed from the old western channel and it has been closed to navigation. R. Weddell & Co., who were the contractors for the new channel, have been given a contract to erect 1800 feet of protecting wall along the bay side of the newly made land at the new channel. It is also the intention of the board to erect a protection around the western end of the newly-made piece of ground which is situated along the shore opposite the bay side of Centre Street. Arrangements have been made by the board to have the new channel dredged to the depth of 12 feet. The harbor engineer has been instructed to present a report to the harbor board at their next meeting. The best location for one or more landing places for small boats along the city side of the bay.

NO BILL AGAINST GRAND JURY FINDS TRUE

Against Other T. S. R. Officials and Private Detectives. Four true bills and one no bill, were returned by the grand jury yesterday afternoon at the assizes in the case against the Toronto Street Railway officials and employees on the charge of fabricating evidence. Manager Fleming was the lucky one of the five, no bill being reported against him. The true bills were against J. W. Curry, K. C., James H. Forrest, claims agent, W. E. Smalling and A. Burnett, private detective. G. T. Blackstock said that if the defendants were ready the case might be taken up to-day, otherwise the Thorogood case might go on. W. E. Henderson said he was ready in the latter case. After the other bills had been reported in the common justice to the grand jury had an indictment sent to the grand jury charging Dr. A. W. Garratt with obstructing the ends of justice. Mr. Justice Latchford will preside in the assize court to-day.

MORE LIFEBOATS ON C. N. R. SHIPS

Canadian Line Profits By Lesson of Titanic Disaster—Iceberg Testing Appliance a Success. Following the intention expressed shortly after the Titanic disaster, the Canadian Northern Railway Co. have installed sufficient extra lifeboats on their Royal Line steamships, Royal Edward and Royal George, to accommodate their carrying capacity, including both passengers and crew. In addition to this, both boats are now carrying two wireless operators, in place of only one. As has been the case formerly, and in this way have a wireless operator at the machine both night and day. The new iceberg-testing appliance, which was given a trial on board the Royal George on her last trip across, a McGill University professor taking the trip especially to test the device, has been pronounced a success. The Toronto office of the C. N. R. has received a cable to this effect. This machine is capable of locating the presence of an iceberg at a distance of two miles. It is the intention of the C. N. R. in the near future to make a thorough test of the advantage to be gained by carrying searchlight on their steamers.

MEN BE STRONG

It's the spirit in a man that counts. It's the energy and grit that prompt us to do and dare. It's the FORCE—men of ACTION—who are winning all the successes to-day. No Need for you to be weak. Don't allow all the fresh young strength to go out of your life. Don't lose the strength of youth and can see evidence, from day to day, that your physical system is going to decay, you should, in common justice to your future happiness, take steps to check this. Don't make the mistake of thinking that this can't be done. It can, and has been done, in thousands of cases. Don't deceive yourself into believing that it is natural for any person to thus exhaust his power. Nature is appealing to you every moment to save yourself. The slight pains that you feel, the momentary spells of weakness, the periodical loss of memory, dullness of brain, drowsiness—all point to the necessity of curing yourself now. I have a positive cure for you in my

Dr. McLaughlin's Electric Belt. This is the treatment that has restored thousands of people to the highest standard of manhood and womanhood. It is adapted especially to this trouble and never fails in its grand work. Dr. McLaughlin. Dear Sir—I feel it my duty to write you as to the benefits received by a sufferer from Rheumatism for the past fifteen years, and in that time I have lost an average of two months every year, and not only time lost, but what I had to suffer I had tried many doctors, but their medicine had no effect on me at all. After two weeks use of your Belt, I have felt no more signs of Rheumatism, and that is about three months ago. I am still using the Belt, as I think it is a good thing for other ailments, as well as Rheumatism, and I don't think I can be better. I will gladly recommend your Belt to any sufferer as I was. You can use this letter if you wish, as I am sure your Belt will do all you claim for, and more. With very best wishes for your success, I remain, respectfully yours, H. DOWNIE. Electricity is life to the nerves and organs of the body. They cannot live without it. Get back the power and make yourself a man among men. Call or send for this Book To-day. If you can't call, cut out this coupon and mail it to me to-day. I will send you my 84-page book, together with price list, prepaid, free. Advice and consultation free. Call if you can. Office Hours—9 a.m. to 5.30 p.m. Wed. and Sat. to 5.30 p.m. Dr. M. O. McLaughlin, 237 Yonge Street, Toronto, Can. Please send me your Book, free. NAME ADDRESS

PRINCE AT FRENCH MANOEUVRES

PARIS, May 14.—The Prince of Wales, who has been staying for some time here with the Marquis de Breteuil, intends to leave for the great French naval station at Toulon on June 15, and will embark on board the French dreadnought Danton, the flagship of Vice-Admiral Augustin Buc de la Peyrere.

Skin Disorders In the Spring

To old and young, rich and poor alike, there come during the spring months, itching skin diseases. There are many theories as to the cause of skin diseases, but one thing is certain: you can cure them with Dr. Chase's Ointment. Relief from the itching, burning sensations comes almost directly after the ointment is applied, and with a little patient treatment the sores are healed up and entirely disappear.

Staff Regrets Departure

In the address to Mr. Rust William McCartney, the accountant and oldest employee of the works department, said: "There is not a single member of your staff as constituted to-day, amongst those with whom you have been associated for so many years, who does not realize the departure of a good friend. Circumstances have unfortunately arisen which have resulted in the severing of ties which from first to last have been all along the line pleasant and profitable. We all feel that it has always been a delight to look up to and to place the utmost confidence in you as a thoroughly reliable and just leader and chief."

Wife Won His Freedom

BALTIMORE, Md., May 14.—Hugh C. Lyons of Toronto, Ont., convicted of film-flaming, and sentenced to the Maryland penitentiary here for three years, was given his freedom by Presiding Judge Elliott in the criminal court. Lyons owes his liberty principally to the devotion displayed by his young wife, who came here from Toronto and finally succeeded in obtaining a review of the case by Judge Elliott.

SKIN DISORDERS

Dr. Chase's Ointment. Relief from the itching, burning sensations comes almost directly after the ointment is applied, and with a little patient treatment the sores are healed up and entirely disappear.
