Postmaster-General Aylesworth De- votes Aurora Meeting to Ex- planation of Northwest Au- tonomy Bill.

H. H. Dewar, K.C., Says W. F. Macle- an Is Like a Clucking Hen— Geo. D. Grant, M. P., Falls to Pat in Appearance.

Aurora, Nov. 3.—(Special.)—Hon. A. B. Aylesworth, in his second speech to the electors of North York dealt with the autonomy bill.

He characterized the criticism of Toronto newspapers as most unfair and misrepresenting, and declared the Northwest got only what they had already made for themselves, and what was given Canada in 1867 for the protection of the Protestant minority in Quebec. "Likewise," he said, "the Northwest got only what they had already made for themselves, and what was given Canada in 1867 for the protection of the Protestant minority in Quebec. In Kieff Loss of Life Has Been Great and There is Rumor That Kishineff Has Been Destroyed.

DEATH LIST REACHES A THOUSAND

Revolutionary Movement in Finland Is Unchecked, the National Guard Opposing the Advance of Russian Troops.

Despatches from Russia are very meagre, owing to the disturbed condition of the country. The situation in St. Petersburg, where it is maintained by a show of arms, is not so serious as it appears. It is shown in the resumption of operations by the electric lighting plants. Communication by railroad with the frontier has not been established. From many interior cities come reports of the principal sufferers. In Kieff the loss of life and property has been very great. In Theodosia, Kostroma and Saratoff the disorders have been most serious. There is an unconfirmed report that Kishineff has been totally destroyed by fire.

IS A. B. AYLESWORTH A CORPORATION LAWYER AND A PUBLIC ENEMY?

Whenever The Globe is in trouble over federal politics—and it is in a mess of trouble these days over Laurier's desertion of Liberal principles—it proceeds forthwith to try W. F. Macle...

"HONEST, RESOLUTE JUDGE"—"PUBLIC ENEMY."

It is no new saying that only genius can talk with the forked tongue without coming to grief sometimes. To the editors of North York the following sentences are presented by way of illustration:

"I congratulate you on the fact that you have brought out one of yourselves, and a farmer, to oppose Mr. Aylesworth, who is a friend of the corporations, and, consequently against the interests of the people."

If you are true to this farmer, and to yourselves, you will beat Aylesworth by 500. He's the enemy of the public and ought to be politically destroyed. W. F. Macle...

JOSEPH BREAKS SILENCE MUST STRENGTHEN EMPIRE

Tells Birmingham Constituents What Result Will Be if Things Are Allowed to Drift on as They Are.

SMALL TAX ON WHEAT PRODUCTS

Would Help to Make Empire Self-Sufficient and Solve the Greatest Social Problem of His Time.

(Canadian Associated Press Cable.) London, Nov. 3.—In the course of his speech to his constituents of West Birmingham to-night Mr. Chamberlain pointed out that in 1890 foreigners exported to the British colonies nine million pounds worth of goods, and in 1894 thirty-one millions. Could they fall to see the result of this state of things if matters were allowed to drift? If Great Britain made no effort to keep her colonial trade, which, in the next generation would increase ten or twenty fold, her position would be bad.
