Living Witnesses—Not Ashamed to Show their Faces.

When people, together with reputable Chemists, who have taken a medicine and it has done them so much good that they are willing to have us print *fac similes* of their photographs, in order to convince other people suffering from disease, it is positive proof that the article (Mother Seigel's Curative Syrup) mentioned in this book is genuine, and has the merit claimed for it. (See testimonial from a prominent chemist on page 5). We have hundreds of testimonials from all parts of the world on file in our office, but we print only a few for want of space. A. J. WHITE, LIMITED.

DYSPEPSIA CURED AFTER TRYING SEVERAL DOCTORS.

Myrtle, Ont.
April 5th, 1887.

DEAR SIRS—
Three years ago I was attacked by Dyspepsia and Indigestion. I called in our family doctor and he tried the utmost of his skill to cure me, but failed to do so. I went to another very skilful physician in Whitby, and took his medicine for six months, but it

failed to do me any good. While I was taking his medicine I was as bad as ever, and declining all the time. I left this doctor and tried another: he also failed to do me any good. By this time I was about discouraged, and a friend advised me to try the Homeopathic doctors, which I did—I went to the best in Toronto and told him all about my case. He seemed to understand my case and gave me Medicine to take home and use. If I had continued taking it I would not have lived long: its effects were such that I was compelled to give it up. I then commenced to take your Mother Seigel's Syrup and thanks to God, I have been getting better and can now work about as well as ever I could. I have been gaining flesh since I commenced to take it, and would not be without it if it cost me \$2.00 a bottle.

Yours truly,
REUBEN HURLBUT.

SEIGEL'S OPERATING PILLS move the bowels with more ease than any others. They never gripe nor cause any pain. They act mildly, but thoroughly.

Toronto, Ont.
January 5th, 1887.

A. J. WHITE, Limited.

GENTS.—I have reason to speak well of your Syrup, as I suffered agony with indigestion and could find nothing to give me permanent relief till I used Seigel's Syrup. I will never cease to speak well of it.

Yours truly,
MRS. J. B. STOOD.
