Soviet Commissioner Sends High-Handed Note to Allied Governments.

London, March 19.—According to a Russian wireless despatch today, M. Pchitcherin, the Bolshevik commissioner for foreign affairs, has sent a note to the governments of Japan, Great Hitain, France, Italy and the United States, saying he received in-formation to the effect that General Horvath, anti-Bolshevik commander in the territory of the Chinese easttions with the Japanese government, or Japanese companies, for the sale of the commercial fleet on the Amur River.

The commissioner dec'ares this fleet is a part of the nationalized pro-perty of the Russian government, and this communication adds:

"The soviet government expresses its firm conviction that the carrying

out of such a transaction will not be permitted by the interested govern-ments." The note alludes to General Horvath as a "self-appointed personage," who is considered by the soviet government to be "a bandit subject to a military criminal tribunal," and it gives him warming that any relations with him 'will be regarded as an en-

creachment upon the sovereign rights of the soviet republic." "Such a transaction will never be recognized by us," the note adds, "and can only hinder the resumption of our normal economic relative with the Japanese government."
