"ALEX" DIGGS OBJECTS TO NAME OF "AMMONIA"

He Asks Police Assistance to Locate Person Who Addressed the Title to Him

"Mistah" Alexander Diggs hurried into the police court this morning suffering from acute exasperation. He asserted that as he was escorting his soul mate, Mary Jane Toner, late of the Blood Alley district along King street east his ears were assailed with shouts of "Ammonia." He believed that he was the object of the verbal attack because of his resemblance to his brother who enjoys the same mentioned. He therefore asked that the "puss" who had endeavored to insult him as he was accompanying a "lady" be summarily haled before the court and punished. He resented the imputation as such it was for the reason that he had never suffered from pneumonia or even inflammation of the lungs. "I ain't out fer no charity," he concluded, "I want it just plain." Receiving no satisfaction from the court, he departed and rejoined "Miss" Toner on the street.

THERE WAS NO PROFIT IN THIS WASHING JOB

Sing Kee, North End Chinese Laundry Man Has to Pay for Laundry Given to Wrong Man

Sing Kee, the North End Chinese laundryman whom Dame Rumor had erroneously married to a local white girl several weeks ago, is bemoaning his separation from a sum in the vicinity of \$300 recently the Celestial received a parcel containing two shirts, collars and five pair of cuffs and a few days afterwards a man, who claimed to have mislaid his check, requested the linen, which he recognized as his. The laundry fees amounted to forty-nine cents, but on payment of thirty-six cents all but the cuffs were delivered to him, the cuffs being retained to ensure the payment of the balance. Subsequently another individual appeared with the check for the parcel and the Chinaman was in a dilemma. Being unable to obtain his shirts and collars the newcomer, who is a seaman, instituted civil proceedings against Kee to recover the equivalent of his linen. However, the case was amicably disposed of in the city court session this morning without the intercession of a magistrate, and by the provisions of a compromise the Oriental paid \$2.20 to the sailor and was also attached for the costs. He is of the belief that he is the victim of a conspiracy, and his only consolation is the prospect of suing the man who duped him.

Miss McMillan returned home on the Boston train this morning.

WESTFIELD WILL HAVE A BIG TIME

Westfield Outing Association is Planning for Several Very Enjoyable Events.

The summer season at Westfield is not to be dull if the members of the Westfield Outing Association can help it.

On Saturday next the new pavilion which was built in the spring will be formally handed over to the association by the building committee and an account of the receipts and disbursements of the committee will be submitted.

At a meeting of the sports committee held last evening arrangements were completed for the annual field sports which will be held on the picnic grounds, Saturday, July 24th.

The list of events will include running and broad jumps, shot put, sprints, girls' races, a 4-team relay race and what will doubtless be the feature event—a standing tug-of-war between two teams of married men. The teams will represent Westfield north and south and will have six men each. Stephen S. McAvity and James H. Doody have been retained as anchors for the respective teams and the country is being secured in every direction for other heavyweights to complete the requisite number. Entries close with members of the committee on July 20. The entry fee for one or all events is 25 cents. In the evening the prizes will be presented to the winners in the pavilion and there will be a dance.

On Saturday, August 14th the water sports will be held, followed by an illumination of boats and cottages. An invitation has been extended to the members of the R. K. Y. C. to attend and several of the events will be open to the yacht club craft. It is planned to have a band for the occasion and excursions on the river steamers. Visitors from the city can return home on the Boston train at 11.15.

MAY HAVE ITS OWN SUPPLY OF WATER

I. C. R. May Install Its Own System and Not Be Dependent on the City

It is probable that the I. C. R. will establish a water system of its own independent of the city supply. The charge made by the city against the railway for water is considered to be altogether too high and it is figured that it would be cheaper in the end to lay a pipe to one of the lakes in the vicinity of the Island yard and so obtain an independent supply.

At a number of stations along the line of the I. C. R. this plan has been adopted, and in some instances the water has been carried a distance of three or four miles.

It would not be necessary to carry the water very far for the local tank, as several lakes are quite handy. When officials of the road were here yesterday they had a look around, and Lily Lake, Ashburn Lake and others were inspected. It was agreed that Lily Lake would answer the purpose first rate, but it is not known how the Horticultural Association would view the matter. It is pointed out that this would be an opportunity for raising money for the park, by charging a yearly rental for the use of the water. The quantity used would be about what the overflow amounts to.

MISS JOAN COSTER WILL ALSO ASSIST

Will Teach the Girls Ground Hockey and Basket Ball on Every Day Club Grounds

Give the playground a boost.

Miss Joan Coster assumed charge as supervisor at the Every Day Club grounds this morning, and will be there daily from 9 till 12 and from 2 till 5 o'clock. The superintendent of grounds, B. L. Sheppard, is there all day.

Miss Joan Coster has consented to go down every Tuesday morning from 9 till 12, and every Friday afternoon from 2:30 until 5:30 to conduct games, such as ground hockey and basket ball. Miss Coster will begin next Tuesday morning.

This will be for girls, although something may also be done for the boys.

Subscriptions to the fund are coming in slowly yet. Only four contributions were received. If the citizens are interested they should respond, so that the club may be able to do more for the children. There were hundreds of boys and many girls on the grounds last evening. The subscription list stands today:

Previously acknowledged \$39.20
A friend 5.00
Thos. R. Chatham 2.00
Mrs. Thos. Walker 1.00
A friend 1.00

If you can help this good cause—do it now while you think of it. Do not wait till tomorrow.

The contributor writes today to the president of the Every Day Club:

Dear Sir:—Please find enclosed one dollar towards playground fund. I wish it was one hundred. You and your co-workers are doing a noble thing, and I can assure you that many childish lips offer up a prayer of thanksgiving for the pleasure and healthy enjoyment you of the E. D. C. are providing. Continue the good work still further, for it is certainly appreciated by those who know its benefits.

Yours in every good wish for E. D. C.
Members of the grounds committee are urgently requested to go to the grounds this evening to do some necessary work in connection with the playgrounds.
