### HOSPITAL BOARD PLANS NEW PORTICO

Improvements to Main Entrance are Considered—  
Drug Addicts.

Authority was given to ask for sketch plans and estimates for a portico and other improvements for the main entrance to the General Public Hospital when the Board of Commissioners held its regular meeting yesterday afternoon. The matter of bettering the service for the operating room was under discussion and was to be brought before the medical board by a special committee of the Commissioners.

Hon. Dr. W. F. Roberts spoke of the federal legislation with regard to drug addicts which he believed would be a help to the hospital. He said that the federal government had a plan to bring to the attention of the federal government with a plea that hospitals should receive federal grants for the care of such cases.

Hon. Dr. W. F. Roberts spoke of the federal legislation with regard to drug addicts which he believed would be a help to the hospital. He said that the federal government had a plan to bring to the attention of the federal government with a plea that hospitals should receive federal grants for the care of such cases.

The superintendent's monthly report showed the average daily number of patients 1246 and the total 338 with 180 remaining. There were 18 deaths, 817 operations in the operating room, 138 in outpatients' department, and 960 treatments for outpatients.

The financial statement showed receipts \$13,111.13, including the following: City Chamberlain, \$7,141.76; patients, \$4,000; X-ray, \$971, and salaries, \$515.

July accounts unpaid totalled \$8,731.79. Expenditures for August totalled \$10,746.84. The balance in the bank was \$5,681.61.

Two bonds of \$500 each were placed to the sinking fund account. Miss Allen's resignation to take effect Sept. 20, was received. Miss Allen has been operating room nurse.

Dr. Ryan was appointed commissioner of the ensuing month. He reported a draft letter sent the medical staff with regard to attendance at standardization meetings.

The purchase of the Haney lot on White street for \$700 was authorized. Dancing lessons for adults and children. Mrs. Marie Furlong Coleman. Phone M. 743. 1842-9-15

### NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazing brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, O. K. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.
