Murphy Takes Lead For Driving Honors

Has Won 13 Races Within Three Weeks—Fleming Drops to Second.

New York, July 31.—Within three weeks from the date that he started his first race of the 1923 season, Thomas W. Murphy jumped from the bottom to the top of the list of winners among the light harness drivers.

At Cleveland, Toledo and Kalamazoo, he won thirteen races, while Tom Berry won an extra event at Toledo when Murphy was not well enough to drive.

Of the winners driven by Murphy, the Canadian-bred gelding Laura Todd leads with three firsts to his credit. Of the other members of his stable, Mrs. Yerkes, Peter Rival and Pearl Beebe have each secured twice, while Margaret Dillon, Sylvia S. Forrest, Hal Abbe and Clyde the Greys have each been credited with a victory.

Vic Fleming has dropped back to second place, while up to the close of the season, he had won five races. At Northampton meeting in the Bay State Circuit, Fred Hyde stood third, while he had an off week in the Massachusetts college town, where his three-year-old star, Sir Elwyn, was beaten by both Trumpet and the favorite, Colored Bidwell also defeated Ivesa and as Mary O'Connor did not enter at Northampton, Fred Hyde failed to score during the week.

As Hyde moved on to the Orange County Circuit at the close of the Northampton meeting, it now looks as if Joe Johnson will have an easy time taking the third and final leg of the Drivers' Cup for the circuit. Johnson led in 1921 and 1922 and now has nine victories to his credit, with no loss to night to catch Appleton.

Colonel Bidwell during the remainder of the meetings, up to the close of Northampton meeting the former had won six races.

Henry Stokes and Henry Thomas had secured record-breaking at the meeting at Findlay, Ohio. Stokes won the three-year-old pace with Chesley H. Seary in 1:17 1/4, a new mark for the race.

Tommy Thomas won a class race with a third heat in 1:05 3/4 with Capital. New York, July 31.—The Reds, playing on their own lot, climbed back to second place in the National League yesterday by defeating the Phillies in a double-header, while the Giants split a twin tussle with Pittsburgh.

In two close fought games the Reds just managed to come out on top, winning 7 to 5 and 5 to 4.

Harris, a recruit from the Piedmont League, made his first big time appearance in the second game and won despite two bad innings.

The Giants, playing in Pittsburgh, lost their first game 5 to 4, but turned the second into an old-fashioned battling bee, and spent the afternoon tripping lightly across the plate, winning 17 to 2. In the third inning they counted seven runs.

In the American League the leaders also took a step backward. Although the Yankees won from Chicago 5 to 3, the Indians took a double-header away from Boston and crept up half a game. They won 5 to 4 and 2 to 0.

There were nine double plays in the two games, six of them contributed by Cleveland.

In Philadelphia, McManus pounded out two homers for the Browns, accounting for four runs. Severed followed suit with one non-stop round trip, and St. Louis won the first game 5 to 2. In the second they kept right on winning and took the game 4 to 2.

The Robins downed the Cards in St. Louis 6 to 5, with Tom Griffith doing the star-gick work. He lined out four hits, and two of them, one of which was a homer, accounted for four tallies. Horsey also completed the circuit without stopping for breath.

The Braves just squeezed out ahead of the Cubs in Chicago, winning 6 to 5. The home team counted four runs in the seventh, Ford making a homer.

In the nation's capital the Senators made one run in the first inning and held just that one all the way through. It turned out to be enough, however, as the Detroiters failed to connect enough to push themselves around. Walter Johnson was the winning pitcher, although he allowed six hits and four runs.

The second game of a scheduled double-header was called because of rain.

The time required by a ship to find its location by the present system of wireless telegraphy is about five minutes.
