AUTOMOBILISTS, ATTENTION.
First-class gasoline service station at Kelly's garage, 19 Leinster street, where the most up-to-the-minute modern pump is being installed, some of the features being filtered and visible gasoline with water extractor. All gasoline is discharged pure and free from water; also brass strainer removes all other foreign matter. A tally bell announces in a clear tone the completion of every gallon stroke; also large indicator for both customer and operator to see amount of each sale. These dials cannot be set ahead and are readily returnable to zero. A blind man could measure gasoline accurately with this perfected pump. Phone M. 3018 and M. 8377. 27343-5-12 8-19

FOR NEW CANADIANS.
"Carrying the Light to Our New Canadians" was the subject under discussion at the meeting of the W. M. S. of the German street Baptist church yesterday afternoon. Mrs. S. S. Poole, the president, was in the chair and Mrs. F. E. Holman, had charge of the program, assisted by the Misses Esley and Rose. Mrs. Holman described the work being carried on by Canadian Baptists among the foreigners from coast to coast in the Dominion. A fitting climax to her address was the introduction of eight or ten children, foreign-born residents of St. John, who gave a demonstration of the work of Canadianization being done here. The children sang patriotic airs with much zest and stories most effectively. The devotional service at the opening of the meeting began with a Bible reading on the great epistle of the Bible, given by Mrs. Willard McIntyre.

PRESENTATIONS MADE

The Coronet club girls had an evening of great enjoyment last night. First they had a theatre party and occupied a box at the Imperial then they returned to the recreational centre, which was gayly decorated with red and white roses, and there they gave a shower for Miss Eva Chandler, one of their number who soon is to be married. A large parcel of gifts, which when opened was found to contain linen tableware, kitchenware, china and other useful and pretty articles, was presented to her. As Miss Innes Mackenzie, the general secretary, is leaving St. John at the end of the month the girls took the opportunity to present to her a token of their appreciation of her work for them in the shape of an everday pencil. The president, Margaret Whalen, made the presentation. Refreshments were served.

How You Can Make Hairs Quickly Disappear

(Helps to Beauty.)
Even a stubborn growth of hair will quickly vanish from the face, neck or arms after a single treatment with delatone. To remove hair from arms, neck or face make a stiff paste with a little powdered delatone and water, apply to hairy surface and after about two minutes rub off, wash the skin and it will be left free from hair or blemish. To avoid disappointment, be quite certain you get real delatone and mix fresh.

BETTER THAN HARD COAL

Soft coal so free from soot that it does not make whiskers on stove covers or pipe and does not mat or cake when burning. It is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.
