NICE HOME FOR NAVY LEAGUE ON P. E. ISLAND

Institute Work There is Going
on Well

Boys' Naval Brigade Under In-
struction—Marine Night Schools
to Be Started—Technical Edu-
cation for Fishermen

Charlottetown, P. E. I., Sept. 12.—The Navy League Institute for Prince Edward Island, located in Charlottetown, is being remodelled and fitted up for its work. It is situated on the Dundas Esplanade, commanding a beautiful view of Charlottetown Harbor. It was formerly the residence of Colonel Inglis. It was purchased with part of the \$25,000 which the Dominion Council of the league allotted to P. E. Island. The council recognized the importance of the work in a seagirt province which has produced probably more master mariners to its population than any other province in Canada.

A branch of the league was formed here two years ago. Fair progress was made in increasing the membership and the establishment of the home here will tend greatly to assist the movement. A start has already been made. For instance, the Boys' Naval Brigade of thirty-two members has been receiving instruction from Lieutenant Gordon of Charlottetown, who served in the royal navy during the war in patrolling in the North Sea and who was on two ships which were torpedoed. The boys are weekly receiving training along nautical lines with a view of fitting them not only for the naval but the mercantile marine. Boat, rifle and cutlass drill, signalling, knotting and splicing, etc., are among the subjects taught. Natty uniforms will be provided and it is hoped that arrangements can be made with the naval authorities whereby the boys can take a two weeks' cruise annually on some naval vessel in the gulf so that they can receive practical as well as theoretical training. It is also intended to introduce a more advanced course of seamanship training for young men who wish to qualify for masters' and mates' certificates.

It is proposed to start night schools in Charlottetown, Port Borden, at Georgetown and other parts. Captain Reid, commander of the ferry, will have charge at Borden. He has made a world wide name for himself as navigator, having taken two ice breakers out to Russia, and while there was offered the position of commander of the ice breaking fleet.

The Navy League Institute will also be a sailors' home, where seamen who come to this port can make their headquarters and where games, reading material, etc., will be provided. The Imperial Daughters of the Empire, which have been doing good work as an auxiliary branch of the Navy League, will have permanent headquarters for this province in the same building.

The league also proposes to co-operate with the vocational training scheme of the federal government, and especially with regard to providing technical education for fishermen. The fishing industry is one of the sources of wealth and the need of such a training has long been felt. It is expected that the provincial government will also work in conjunction with the bodies named. The people of Prince Edward Island are peculiarly a maritime people, and now that wooden ship-building has also been started here, it may reasonably be expected that the scenes of old time days when marine activities were flourishing will be revived.

LOCAL NEWS.

Johnston's Hotel, Loch Lomond, will remain open until Nov. 1. Careful attention given to week-end parties.

Cathedral Holy Name Communion Sunday tomorrow.

Regulation military boot, the best boot for workmen. Sold at 575 Main St.

Boys' boots, \$1.95. Men's boots \$2.50. Men's tan rubber sole boots, \$4.75. Umbrella Shop, 575 Main.

To Study for the Priesthood.

James M. Hill and William Wallace, of Chatham, left last week for Laval University, Quebec, where they will enter on their studies for the priesthood. Both young men took their philosophy courses at St. Thomas' College and made excellent records. For the last two years Mr. Hill has been a member of the teaching staff of the college. He is a son of Mr. and Mrs. James Hill, Chatham, and a brother of Douglas Hill, St. John.

WANT GOVERNMENT TO WITHDRAW CHARGES AND DISMISS COMMISSION.

Winnipeg, Sept. 12.—The Soldiers' and Sailors' Labor Council has passed a resolution, a copy of which has been sent to Premier Borden, asking for the withdrawal of the charges against the eight strike leaders.

A resolution was also unanimously passed and forwarded to the government concerning the Robson commission and asking that the commission be withdrawn. Objection was also taken to a statement of Judge Robson respecting the eight labor leaders as having lost the confidence of the Winnipeg workers.

Italy Has Earthquake

Rome, Sept. 12.—Several villages in the province of Siena were severely shaken last night by an earthquake. Houses collapsed or were badly damaged. One person is dead and several are reported injured at Piancastagnaio. Two were injured at Celte. Assistance has been sent to the province.

Mrs. Fred Pheasant of St. George is at the La Tour apartments for a few days.

Mrs. Arthur McBride and children returned yesterday to Montreal after spending the summer months at Duck Cove.

Mrs. George A. Margetts who has spent two weeks at the summer home on a holiday. Mr. and Mrs. Harrison Snowball, at Burnt Church, has returned to the city.

THE GOVERNMENT AND THE VETERANS

Believed Gratuity Matter Will
Come Before Committee—Mr.
Rowell's Announcement

(Special to Times)

Ottawa, Ont., Sept. 12.—In the House yesterday afternoon Hon. N. W. Rowell announced that the government would appoint a special committee of the House to consider a bill dealing with the re-establishment of soldiers in civil life. While it did not specially mention the matter of an increased gratuity, it is pretty well understood that it will be under this committee that the demands of the soldiers will be dealt with. The Ottawa Citizen this morning carries a story somewhat similar to that published in the Chronicle while the House was in session. It was somewhat vague in its details but confining it to the assertion that "The information that a parliamentary commission is to be appointed for the purpose of enquiring into the G. W. V. A demand for a gratuity of \$2,000 is not in accordance with fact."

The committee from the executive of the G. W. V. A., which was furious when the premier recently turned down the request that the matter be reopened and asserted that it would never rest until this was done and some satisfactory arrangement made, has been satisfied by some assurance received on Thursday night which one of the members of the executive informed your correspondent. The committee on pensions which is the government will not give a direct denial, nor will they confirm the report as it is very necessary that the way be made easy for the climb down which it is quite possible that this committee may not go nearly so far in meeting the demands of the soldiers as they would like, and it is practically certain

Bengala, for Cape Town and South
African ports.

MARINE NOTES

The steamer St. George, which formerly
was on the St. John and Digby route,
was sold in England to the Great North
Eastern Railway Company and will be
used as a passenger boat between Har-
wich and the Hook of Holland, replacing
the Brussels, the late Captain Fryatt's
ship, which was sunk by the Germans
during the war. The St. George was
taken over by the Admiralty during the
war and used as a hospital and transport
ship. Captain Cardiff and J. T. Kelly,
chief engineer, both well known in this
city will stay on the ship, which she is
being repaired and will probably be
taken on by the new owners. J. S. Bar-
clay, who was chief officer for some time
has returned to St. John and G. B. Leonard,
who was on the ship during the war,
has accepted a position in the C. P.
O. S. service.

SEVENTEEN DEATHS.

Deaths were reported to the Board of
Health during the last week were:
Enteritis, four; endocarditis, two; chol-
era infantum, two; peritonitis, pneu-
monia, marasmus, heart disease, car-
diac, cerebral hemorrhage, pulmon-
ary tuberculosis, lacerated gravid uterus,
phthisis neonatorum, one each, making
a total of seventeen deaths for the week.

TEMPERANCE MATTERS.

At a meeting of the Temperance I. O.
O. F. held last evening, Rev. D. W. Wil-
son, chief inspector, and Rev. F. E.
Boothroyd, secretary of the Dominion
Alliance, gave interesting addresses re-
garding the prohibition act. This meet-
ing was an adjourned meeting of the
Grand Lodge executive, and was further
postponed until the political action com-
mittee can get information regarding the
enforcement of the act. When the com-
mittee submit their report this matter
will be fully discussed.

HOME AFTER CONVENTION.

P. J. Fitzpatrick, accompanied by Mrs.
Fitzpatrick, returned at noon today after
having attended the convention of the
Canadian Embalmers' Association in
Toronto. The convention had been very
interesting, he said, and many matters
of importance to undertakers and em-
balmers had been discussed, including
the joining of the Canadian body with
that of the United States to make the
association international. A class of
thirty-seven took the examinations to
qualify as embalmers. The delegates
were well entertained during their stay.

ARGUMENT OF COUNSEL IN
THE GUELPH MATTER

(Continued from page 1)

Sir Sam Hughes protested against Mr.
Justice Middleton's conception of the
limited scope of the commission under
which the inquiry was held. He said
the action of the minister of justice
when he communicated with Captain
MacAuley at the novitate and also in
connection with the press censorship was
wrong even if not wilfully so.

Aime Geoffrion spoke very briefly. He
made the point that the Jesuits had
never been asked for information that
they were forced to supply. They had
been informed by the minister of justice
that under the act their members were
exempt from service and therefore there
was no necessity for them to register.
