

CAMP SUSSEX IS LIVELY NOW WITH SOLDIERS

Regiments Located Much As They Were in Other Years

ALL WELL QUARTERED

There Are Now 3,000 Men In The Camp - Y. M. C. A. Marquee in Place With Mr. Marshall, Maritime Secretary, in Charge

Sussex, June 25—Under ideal weather conditions, a blazing sun, a clear blue sky, and a gentle breeze nearly 3,000 men took up their quarters at Sussex camp today.

On what was yesterday a field of long green grass there was now erected a bustling military encampment, alive with the hoarse shouts of men, the sharp, terse command, the clear sounding notes of a bugle, the heavy rumbling of transport wagons, the swift galloping of nicely groomed charges, and the very atmosphere seeming pervaded with bustling industry and action.

All day long the activity continued. There was an incessant in-pour of soldiers. They came in regular or special trains; they came in two and three or singly, or they marched to their lines in straggling array in companies and squads, but at any rate they're here and are responsible for a vast and wonderful transformation.

Camp Arrangements. The location of the various regiments is much the same as in other years. On the right entering the grounds are to be found the 8th Princess Louise Hussars, who rode their horses from Hampton, Norton, Sussex and surrounding country throughout the day and are ready to answer to the call to parade tomorrow.

From their quarters to quite a distance

NOT ONE WOMAN IN TWENTY HAS A STRONG BACK.

THE KIDNEYS ARE TO BLAME NINE TIMES OUT OF TEN.

Women are coming to understand that the lame and aching backs from which they suffer are due to wrong action of the kidneys.

The kidneys that ought to be carried off are sent back into the blood, taking with them a multitude of aches and pains. There is no use of expecting relief until the kidneys are restored to health.

Doan's Kidney Pills are the quickest and most reliable remedy. It is in charge of Dr. Marshall, Maritime Secretary, in Charge.

Flies Won't Breed Where CLYCLONE INSECTICIDE has been sprayed

It completely destroys insects of all descriptions and promotes healthy, sanitary conditions. It is non-explosive, will not stain and has a pleasant, clean, refreshing odor.

PARKER WINS OVER BRYAN IN BALTIMORE

Judge is Chosen as Temporary Chairman of Democratic Convention

ROOSEVELT IS SECOND

Tariff Matter Taken up and Reciprocity is Given Attention - Parker's Majority Over Bryan For Chairmanship Was 73 - O'Gorman Given Four Votes

Baltimore, June 25—William Jennings Bryan lost his first fight for progressive control of the Democratic national convention today when he was defeated for temporary chairman of the convention by Alton B. Parker.

Mr. Bryan first nominated Senator Kern to oppose Parker. The latter declined the honor and named Mr. Bryan to make the fight. The Nebraska made an eloquent plea for the cause he had represented for sixteen years.

NEW FASHIONS IN JEWELRY HAS BEEN SET

Lady Newborough Discovers Paris Jeweler Who Makes Bizarre Ornaments

A NEW EMPRESS CLUB

London Society Organization Recalls Unsavory Reputation of Its Predecessor - The Queen's "Little Dressmaker" - News of Canadians in Old Country

Regrets Defeat of Reciprocity. The temporary failure, owing to the action of the electorate of Canada, of the effort to effectuate reciprocity with that country, is regrettable. The agreement proposed in the interest of the people of both countries. The movement started was in the right direction because it was toward a competitive policy. Its immediate and laudable purpose was to lessen the cost of living in this country.

London, June 15—At a luncheon party given the other day, Lady Newborough attracted much attention on account of a strange necklace she was wearing. Every body was doing to know what it was and after lunch a friend summoned up courage to ask her. It was made of carved peach stones, alternated with pink rock crystals, strung on a peacock blue silk cord, knotted between each bead, and the effect was decidedly striking.

For his bracelet customers, he has the loveliest ornaments of Chinese amber, a particularly beautiful variety of this substance. The Frenchman has strung great beads of gold together with smooth beads of green jade, and the two set each other off to perfection. From jade, too, he has carved splendidly baroque pendants, some of them of a new design, and he has been struck out of the rock and polished by a primitive inhabitant of the island.

Lady Newborough bought from him a lovely crown composed of a double row of diamond jet onyx shells, in the center of which is a large, brilliant-cut emerald. For his bracelet customers, he has the loveliest ornaments of Chinese amber, a particularly beautiful variety of this substance.

The three sons of the Hon. Clifford Sifton, K. C., have arrived in London and have brought with them a string of thirteen honors which have been conferred for the jumping competitions at Olympia. After staying in this country for a few weeks they will go on to the Hague and are subsequently due to take part in the Olympic games at Stockholm.

Perceval F. Ridout, who attended the king's last levee at St. James' palace, is a member of a well known Toronto family. It is many years since Mrs. Perceval Ridout took up her residence in London, and she has been in the city for some time, keeping up the friendships formed in Canada. At her fine home in Kensington she is interested in the movement for the improvement of the home industries, and she is a member of the committee for the Canadian National Exhibition, which has just arrived in London, that he has succeeded in inducing Sir George Reid, the popular high commissioner for Australia, to go to Toronto for the exhibition this year.

Among the Canadian visitors who arrived last week are the Rev. G. Albert Smith, professor of old and new testament theology at the Montreal Diocesan Theological College and professor of Jewish literature at McGill University, A. B. Bethune of Toronto accompanied by Mrs. Bethune and her son, who are on a tour in Europe; Sir Edmund B. Osler, of Toronto, who is staying at Brown's Hotel in Dover; and Colonel Ponton, of Belleville, Ontario. Mrs. Henry Cawthra and Miss Cawthra of a well-known Toronto family are staying in London for the season.

L. J. S. Skinner, president of the Calgary Board of Trade, arrived last week. Miss Lancaster, daughter of a member of the dominion parliament, and Miss Chaplin of St. Catharines, Ontario, are paying their first visit to this country.

C. B. Woods, of Toronto, president of the Continental Life Insurance Company, and Captain Modford, of the same town, accompanied by their wives, arrived recently.

Time for a Spring Tonic

May be Great Strike

Was All Run Down. Doctors and Medicine Failed to Cure Him.

Many people become run down, but don't know just exactly what their trouble is. As a rule it is improper circulation of the blood, owing to not just taking proper care of themselves. All they want is a good tonic to build up the system and put their blood in proper shape, and for this purpose there is nothing so equal as Burdock Blood Bitters. It regulates the stomach, liver and bowels, purifies the blood and tones up the entire system. Mr. Murdoch A. Morrison, N.S., writes:—"I am now writing to tell you what Burdock Blood Bitters has done for me. Last Summer I was all run down, and doctors and medicine failed to cure me. At last I decided to try a bottle of Burdock Blood Bitters, and after taking one bottle I began feeling better, and after I had taken the remedy for two months I was completely cured. I can safely recommend your remedy to anyone."
