MALCOLM S. SCHELL WAS RE-ELECTED IN SOUTH OXFORD

Large Vote Polled Throughout the Riding—Latest Returns Give Majority of 93—Excitement Ran High.

INGERSOLL GAVE LIBERAL MAJORITY OF 18

Great Demonstration in Honor of the Victorious Candidate—The Figures in Detail—Some Regrettable Features.

MALCOLM S. SCHELL
Who was Elected M. P. for South Oxford by 93 Majority

From Tuesday's Daily.

In various spectacular ways the Liberal victory in South Oxford and throughout the Dominion was proclaimed in Ingersoll last night. Great as was the interest during the hours that the contest was in progress, it was intensified when the returns began to come in. The spark of enthusiasm, which began to assert itself when the majority for Malcolm S. Schell in South Oxford was definitely fixed at 93, was fanned by the news from other constituencies, which showed that the Laurier Government had been sustained by a large majority, broke forth with a spontaneity that has seldom been equaled in a political demonstration in this riding. After the dire predictions of the Opposition, the Liberals had good cause for rejoicing and their enthusiasm was unbounded. As the victorious candidate was driven through the town, accompanied by several of his ardent supporters, the giant fire-cracker boom, the band played and thousands of horns were tooted. Later a huge bonfire blazed at the corner of Thames and Charles streets, and the deafening din was continued until nearly midnight.

THE EARLY RETURNS.

The rural telephones were an important factor in facilitating the work of sending out the returns from the different polling divisions throughout the riding. The independent Telephone Company spared no efforts to give a prompt and reliable service, and as soon as the returns were received, they were immediately bulletined at their central office, where large crowds congregated. The returns came in with very little delay and by six o'clock Mr. Schell's return, with a good majority, was assured.

INTEREST IN INGERSOLL.

Both parties were inclined to recognize Ingersoll as being a pivotal point. There was an equal degree of con-

ROBERT B. MAY, DEAD

WIDELY KNOWN CITIZEN PASSED AWAY LAST NIGHT.

(From Tuesday's Daily.)

One of Ingersoll's best known and most highly respected residents passed away last night in the person of Mr. Robert B. May. Although he had been able to be around up to a few days ago, the late Mr. May had been ill since March last. His condition, however, had not been such as to alarm his many friends, who were shocked this morning on learning of his death.

The late Robert B. May was a bricklayer and contractor by trade. He had been closely associated with the growth of Ingersoll, having erected a large number of the dwellings and other buildings. He was born

THE NEW CHURCH AT WEST TORONTO

Of Which Rev. Dr. Hazlewood is Pastor—Cost About \$54,000

The following from the Toronto Telegram of Monday, regarding the dedicatory services in the Methodist church, West Toronto, of which Rev. Dr. Hazlewood, formerly of Ingersoll, is pastor, will be read with interest by his many friends here.

"The big event in church circles yesterday was the dedication of the new High Park avenue Methodist church. Thousands attended the three services and the seating capacity of the new house of worship was taxed to its utmost. The energetic pastor, Rev. Dr. Hazlewood, was assisted by Rev. Dr. Cornish, statistical secretary of the General Conference, and by Rev. John Pepper.

"The interior of the new building is finished in black ash. The seats, the pulpit, organ, choir loft and gallery are all of this wood, filled and waxed. The seating capacity, including the auditorium, galleries and choir is about 1,150.

"The stairs to the gallery are from the auditorium and one does not have to leave the building in order to leave the gallery, as is too frequently the case in churches.

"From four columns spring steel arches supporting the roof and form a span of 42 feet. The centre is an octagonal dome in which electric lights are clustered. Rows of incandescent lamps follow the main arch ribs of the dome.

"The main floor falls towards the pulpit in a bowled form and the seats all radiate from the preacher's desk. The pulpit platform is well advanced into the auditorium, bringing the preacher into close touch with the congregation.

"A square, bold tower at the corner of High Park avenue and Annetta street and a smaller one at the southeast corner gives the building an imposing appearance. The windows are glazed with leaded cathedral glass, carefully designed and of quiet tone. The exterior is of red brick, rich and uniform in color, with dressings of cut stone. The structure is of Tudor Gothic style and cost about \$54,000."

THE DEMONSTRATION

Between eight and nine o'clock all about as to Mr. Schell's election was dispelled and a procession was formed at the Liberal rooms, headed by the Citizens' Band. Hundreds participated in the big parade and Mr. Schell's victory was celebrated with great éclat.

REGRETTABLE FEATURES

The contest and the Liberal celebration which followed were not without some regrettable features. Chief among these was the throwing of "tainted" eggs at the carriage containing Mr. Schell and others during the parade. This was reprehensible conduct and the perpetrator is deserving of severe punishment and the strongest condemnation of all fair-minded citizens. Another regrettable feature was the wholesale manner in which voters were sworn.

During the parade and at the committee room Mr. Schell thanked the electors for their support and co-operation during the contest, adding that the victory belonged to the party.

CARD OF THANKS

To the Electors of the Riding of South Oxford:—

I desire to take this first opportunity to return my most sincere thanks to the Liberals and all well-wishers of the Laurier Administration for their hearty support on Monday's contest. I also wish to return my thanks to our Opposition for their uniform courtesy throughout the riding, and most earnestly hope no ill-feeling has been engendered. It will be my purpose and aim during the coming term to serve the needs of the Riding impartially, regardless of party affiliations or leanings.

Yours respectfully,
M. S. SCHELL.

OBITUARY

MARY ADAMS BARR

The following is from the Christian Guardian of October 14th.

Mrs. Mary Adams Barr was born in East Nissouri, 1835. In 1863 she was married to Mr. George Barr, of Glasgow, Scotland, who died in 1878, leaving her the sole support of their six young children. She was a devoted Christian, and for many years a consistent member of the Ingersoll King Street Methodist Church. She joined the "church triumphant" Aug. 2, 1908. She enjoyed this life, for she was always healthy and active, of a hopeful and cheery temperament, and extremely practical, but she combined with all this a firm belief in the unseen and spiritual, and sought to lay up her treasure in heaven. She was a member of the W.M.S. and the W.C.T.U., but her firm and best was always given to her home. The sick and the needy always found in her a friend. Hers was a faith that never failed, and her trust in God was as simple and unchanging as that of a child in its parents. She was a firm believer in tithing, and always strove to honor the Lord with her substance. She is surely one of those who, having been faithful over a few things, have become ruler over many things.

ON THE EVE OF HIS DEPARTURE

Geo. S. Wilson Receives Parting Gift From Canadian Foresters

(From Wednesday's Daily.)

A very pleasant event took place last night in connection with the regular meeting of Court Oxford, Canadian Order of Foresters, when Bro. Geo. S. Wilson, who is leaving Ingersoll to engage in the furniture and undertaking business at Norwich, was the recipient of a parting gift in the form of a handsome watch box bearing his monogram and the emblem of the Order. The following address was read by Bro. Wm. English, and the presentation was made by Bro. H. L. Wilson.

Although completely surprised, Mr. Wilson made a very suitable reply.

Ingersoll, Oct. 27, 1908.

Brother Geo. S. Wilson,
Court Oxford, No. 12.

Dear Brother,—We, your Brothers in the Canadian Order of Foresters, who have known you for a long time, who have always admired you as a true friend and brother, and who have often been cheered by your pleasant words and manner, learn with deep regret of your decision to remove yourself and family from our midst to take up this "life's work" in new fields, and we feel that we cannot let you go so without first, in some tangible manner, manifesting our sincere brotherhood towards you. We, therefore, ask you to accept this locket as a small token of our brotherhood. We also ask you to convey our best wishes to Mrs. Wilson, and we trust that in future years both Mrs. Wilson and yourself may find it convenient to visit our town, and we can assure you that you will be all the more warmly welcomed on the outside of the door to bid you welcome.

We know we will miss you at our future gatherings, but hope that your loss will be your gain, and our wishes are that you may prosper and your health shall be vouchsafed to you and yours in your new home.

We trust that this slight token may help to remind you of the many warm friends you will leave behind, as we shall miss you in our daily walks and trust that you will remember us.

Signed on behalf of Court Oxford, No. 12, Canadian Order of Foresters:—
Wm. English, C. E.

THE AXLE BROKE

BOX CAR DERAILED

Accident on C. P. R. Yesterday

—Line Cleared by London Auxiliary

(From Saturday's Daily.)

An accident that might have been attended by very serious consequences happened to an eastbound C.P.R. freight train about 2.30 yesterday afternoon just east of the Mutual street crossing. The axle of an oil car broke and as a result a box car, loaded with baled hay, was derailed. The accident happened near Carroll's pond and had the derailed car toppled over, it would have dropped into the water. As it was, it nearly crashed through the fence on the south side of the track. The ties for a distance of a hundred yards were splintered.

The London Auxiliary arrived about five o'clock and had the line cleared at 8.30.

The passengers from the west were transferred to a train, which was sent up from Woodstock to the scene of the accident.

We can save you \$2 to \$5 on an English Tapestry Art Square.—Jas. McIntyre & Co.

A subscriber sends us the following:—Two old Scotchmen were seen walking down the street the other evening. One was heard to remark, "De've think, Sandy, that Donald will feel as big as Angus, after this election?" "Ah, I dinna kin, but I wad rather think Angus wad feel the bigger this time."

A well attended and very successful concert was given in the Baptist Tabernacle Tuesday night under the auspices of the Mission Band. The program, which was one of much merit, consisted of vocal selections, recitations and a short address by the pastor, Rev. M. C. McLean.

Mount Everest of the Himalayas is the highest mountain peak in the world, being over 29,000 feet high. The 18,000,000 packets representing one year's output of "Salada" Tea would, if placed end to end, produce a pyramid 5,900,000 feet in height, or 193 times higher than the highest mountain in the world. Can you grasp the magnitude of the demand for "Salada" Tea?

A very quiet but pretty wedding was solemnized at the home of Mrs. H. Pullin Aylmer, on Tuesday evening at 8 o'clock, the contracting parties being Mrs. H. Pullin and Mr. Henry Little, Verschoyle. Only a few intimate friends witnessed the ceremony. Mr. and Mrs. Little left on an extended trip to Toronto and other points, and on their return will take up their residence in Aylmer.

YOUNG MEN'S CLUB

MOVEMENT TO PROVIDE SUITABLE ROOMS FOR YOUNG MEN.

From Monday's Daily.

At the meetings yesterday of the Barnea Class of the Baptist Tabernacle and the Maudslayi League of the King Street church the question of forming a Young Men's Club was discussed. This is a matter which has been under consideration by these two organizations for some time, and it is hoped the stage will soon be reached when something definite will be accomplished. The other churches will be asked to co-operate in the movement, and if present plans are carried out, suitable rooms for the accommodation of the young men will be opened with as little delay as possible.

DESTRUCTION OF BIRDS.

CAUSES CROP LOSS OF \$800,000,000 ANNUALLY IN UNITED STATES.

New York, Oct. 27.—William Dutcher, President of the National Association of Audubon Societies, declared at the annual convention of the association at the Natural Museum of Arts to-day that Americans were robbing posterity in permitting an annual crop loss of \$800,000,000, due to destruction of insect-eating birds. He called for a fund to fight the commercial bird-killers in every State Legislature.
