I am in favor of the Free-trade policy of the
Reform party, they are opposed to taxation for
any except revenue purposes. The conserva-
tive party are in favour of protection, the lead-
ers of that party have repeatedly declared in
favor of it, that means a tax on wheat and flour,
on corn and meal, on Boots and shoes, on coal
and salt, and on all articles manufactured to
any extent in the Dominion. I am most de-
cidedly opposed to a tax on flour and corn, on
coal and salt, for any purpose; and I am op-
posed to any other articles except for re-
venue, and I will, if elected, oppose any govern-
ment who adopts a policy calculated to tax the
great body of consumers for the benefit of a fa-
vored few. It would be unjust to tax the mil-
lars and manufacturers of Ontario for the bene-
fit of our Fishermen, Lumbermen and farmers;
it is equally unjust to tax our people for their
benefit. I believe the policy of the Conserva-
tive party would work great injustice to the
Maritime Provinces particularly.

I can understand how many may feel annoy-
ed at the policy which the United States have
pursued for so many years, and I would like
much to see it changed, but I think it would
only injure us to imitate them, their duty is 40
cents a gallon on Kerosine oil—would we be re-
fused to adopt a similar duty. I fancy our
most ardent Conservatives would hardly advo-
cate that, and think the whole people were glad
when the present Government reduced it from
15 cents a gallon to 6.

The papers have been filled with financial
statements endeavoring to prove the extraor-
dinary of one or the other of the political
parties; figures can be so arranged as to give very
erroneous impressions, and it is difficult for any
except those well skilled in the public accounts
to understand these statements, but there are
some calculations that any one can understand,
for instance, when the late Government took
office in 1877, they found the yearly expenditure
to be as nearly as possible \$13,500,000—and
when they retired in 1878, they had run up the
expenditure to \$23,316,000 being an increase
of ten millions of dollars in a little over six
years!

The personal expenses of the 4 legates from
each Government who went to England to trans-
act similar business ought not to differ much
in amounts. In 1868-9 Sir John Rose of the
Macdonald Government went to England to ne-
gotiate a loan, his travelling expenses were
\$2,481. In 1874 Mr. Cartwright (Reformer)
went to England for a similar purpose, and his
expenses were \$1,023. Mr. Tilley (Conserva-
tive) went to England for same purpose in 1873
and his bill was \$2,540.

Mr. Cartwright (Reformer) went to England
again in 1875, and his bill was \$1,512 or \$1,500
less than Mr. Tilley's. Hon. Mr. Macdougall
(Conservative) went to England in 1863 and
his bill was \$2,419. Mr. Mackenzie went over
on business and his bill was \$1,966. Dr. Tup-
per (Conservative) went over in 1867, and his
bill was \$2,481. Mr. Blake, (Reformer) went
over and his bill was \$750. The total amount
paid in six years of Conservative rule for trips
to England was \$22,774. The total paid under
Reform rule for same purpose was \$3,262. One
trip of Sir George Cartier and hon. Mr. Macdoug-
all alone cost \$30,019.

This comparison gentlemen will serve to show
you which party are the honest and prudent
men to manage the public finances.

I regret that the present administration felt
bound by obligations entailed upon them by
the late Government to increase the public
debt so much as they have, I would have pre-
ferred they had said, our predecessors under-
took obligations so extravagant and so much
beyond our ability that we do not feel that
in the public interest we can afford to carry them
out.

As I may not have the opportunity of seeing
all of you, I have taken the liberty of address-
ing this lengthy card, as it contains some
thoughts which I would have expressed were I
able to meet you personally. Trusting you will
not forget to record your votes in my favor on
Election day.

I remain yours truly,
A. H. GILLMOB, JR.

Parks' Cotton Yarns!

Awarded the Only Medal Given at the
Centennial Exhibition
For Cotton Yarns of Canadian Manufacture.

No. 5's to 10's.
WHITE, BLUE, RED, ORANGE AND GREEN.
Made of Good American Cotton with great care
Correctly numbered and Warranted Full
Length and Weight.

We would ask the purchasers of Cotton Warp
to remember that our Yarn is spun on Thro-
tle Frames, which make a stronger yarn than the
Ring Frames, used in making American yarn.

It is also better twisted and more carefully re-
eled; each hank being tied up in 7 lbs of 120
yards each. This makes it much more easy to
wind than when it is put up without twist—as the
American is—and also saves a great deal of
waste.

Those acquainted with weaving will understand
the great advantage it is to them to use yarn put
up in this manner.

COTTON CARPET WARP,
Made of 10 Yards, 4-Ply Twisted.
WHITE, RED BROWN, SLATE, &c.
All fast colors.

Each 5 lb bundle contains 10,000 yards in
length and will make a length of carpet in pro-
portion to the number of ends in width.

We have put more twist into this warp than it
formerly had, and it will now make a more du-
rable Carpet than can be made with any other ma-
terial. Since its introduction by us, a few years
ago, it has come into very general use throughout
the country.

All our goods have our name and address upon
them. None others are genuine.
