Earl Grey Says Canada Must
Help Bear Burden.

IS NECESSARY TO EMPIRE

Governor-General Makes Stinging
Speech at Halifax — Our Relations
With Mother Country — Mutual
Sacrifices Must Be Made—What
Canada Is Doing—New Postal
Arrangements a Great Boon.

Halifax, N. S., Aug. 8.—At a large
meeting of the Canadian Club luncheon
here yesterday, His Excellency Earl
Grey, Governor-General, made an im-
portant speech, referring to relations
with the Mother Country. His speech
evoked great enthusiasm and a cordial
vote of thanks was moved by
Archbishop McCarthy, seconded by
Dr. Falconer of Toronto University.
Referring to the Colonial Confer-
ence, His Excellency expressed the
hope that the blue book report of the
proceedings of the conference might
be printed in a cheaper form and be
widely read.

Mutual sacrifice and service appear-
ed to be the motto which animated
the discussions of the conference.
Along this noble road the United
Kingdom led the way. It was recog-
nized that if the Empire was to be
held together a complete command of
the sea was necessary, and that for
this purpose the Imperial navy must
be stronger than the combined forces
of any other two powers. The Home
Government, recognizing that the
first pressing need of the self-govern-
ing dominions across the seas was to
develop their resources, and to make
themselves strong, had undertaken to
provide, singlehanded, for the whole
of this defence, and to ensure the
safety of the over-sea trade, until the
time had come for the twenty mil-
lions of self-governing dominions
to take up their share of what should
be a common Imperial burden.

He felt proud to belong to that small
portion of the British Empire which
considered it a privilege to carry the
whole burden of the naval defence
of the Empire so long as they were
able, and until Canada could relieve
it of a share of the burden.

His Excellency referred to the pa-
triotic example of the Cape Colony,
which had deliberately paid \$25,000
in order to enable British manufac-
turers to secure a seven and one-half
million dollar order for rolling stock,
which, but for this action, would have
gone to a foreign country.

As an instance of Canada's sacri-
fice and service in the cause of em-
pire, he referred to the new postal
arrangements by which Canada se-
cured to the people of the United
Kingdom, as well as of Canada, the
advantage of a cheap mail service,
of which Canada paid delivery over
pence of collection and delivery over
a continent the size of Europe. Canada
further paid the whole cost of ocean
transportation from Liverpool on mat-
ters increasing mails and cargo matter
that the low postal rates were bring-
ing into Canada, while England only
paid the cost of collection and deliv-
ery over an area not larger than
the Maritime Provinces.

Canada had again given a fine ex-
ample of sacrifice and service in the
cause of empire, and he hoped that
the east and west, instead of north
and south, against the laws of nature
and geography, in the desire to throw
trade into Great Britain.

BAD FIRE AT HAMPTON.
Extensive Plant Including Machinery
and Stock, In Ashes.

Ayton, Aug. 9.—A disastrous fire
occurred at Hampton, near Ayton,
yesterday afternoon, when the exten-
sive sawmill, shingle and lath mill
owned and operated by the Miller &
Seim firm, were wiped out by fire.
Their entire stock of this season's
cutting of lumber, lath and shingles,
is completely gone, including the
three mills and machinery, with a to-
tal loss of \$7,000. The fire originated
by a spark from the shingle mill.
Every effort was made to prevent its
spreading, but owing to the extremely
dry season the fire spread and con-
sumed the entire plant. A high wind
was blowing, and this carried the fire
into the fields, which quickly consum-
ed the dry crops, and the farmers in
that vicinity had hard work in saving
their barns and houses. Miller &
Seim intend rebuilding at once. The
loss is partially covered by insurance.

WATER TANK COLLAPSES.
Montreal Warehouse Flooded and
Nearly Wrecked—Heavy Damage.

Montreal, Aug. 9.—A huge water
tank on top of the building occupied
by Herman Wolff & Co., McGill street,
wholesale grocer, burst yesterday
morning, and water flooded the en-
tire establishment. The tank itself,
when about half empty, toppled over
across a lane and crashed into the
Tamilkande Tea Co.'s building and
made a big hole in the roof.
The Wolff Co.'s loss is about \$50,
000, and the Tea Company's \$1,000.

Boy Hangs on Tree.
Brookville, Aug. 9.—In some un-
accountable manner, Earl, the 11-year-
old son of Charles Spaulding, resid-
ing near Rice in the Field Settlement,
accidentally hanged himself.
It is thought he was endeavoring
to perform tricks on a swing which
he had in an apple tree near the
house, where he was found hanging
by his mother. Just how long he had
been in that position is not known.
All efforts to resuscitate him were un-
successful.

Struck by Lightning.
Port Hope, Aug. 9.—During a se-
vere electric storm which passed over
this district, Reuben L. Boughen, a
farmer, aged 23 years, and living near
Canton, about four miles north of
Port Hope, was struck by lightning
and instantly killed while standing
in a stable doorway.

by the railways, for Wednesday and
Thursday, were 123 carloads, com-
posed of 12,000 cattle, 1,100 hogs, 3,000 sheep
and lambs, with 300 calves, and 3
horses.

Exporters.
Not many exporters offered. One
load was sold by Crawford & Munro
at \$2.50, and one lot of three, weighing
1,000 lbs., was sold by James Corbett
at \$2.50; export bulls sold at \$4 to \$4.50
per cwt.

Butchers.
Best loads of butchers were sold at
\$4.75 to \$4.90, and one lot of 10 sold by
McIntosh & Moore brought \$5.00 per
cwt.; medium, \$4.75 to \$4.90; common,
\$4.50 to \$4.75; culls, \$4.00 to \$4.50; canners
at \$3.50 to \$4.00.

Stockers and Feeders.
If Murphy reports not so many of this
class offered this week, especially the
common and medium kind, also there
were plenty to fill the demand, which at
this time of the year is never very
large. Below are quotations:
Best cows, 100 to 150 lbs., \$2.75 to
\$3.00; medium feeders, 100 to 150 lbs.,
\$2.50 to \$2.75; best feeders, 100 to 150 lbs.,

lbs., \$2.30 to \$2.40; medium stockers, 100 to
150 lbs., \$2.20 to \$2.30; common stockers, 100
to 150 lbs., \$2.10 to \$2.20.

Milk Cows.
Trade in milkers and springers was
fairly good for the kind, such as
is pictured on the farm page of to-day,
but common to medium cows are slow
sales. One dealer who had several cows
of this class, sold them for a
week and then had to sell at a loss.
Prices ranged from \$2 to \$5, but only
one was reported at the latter price. The
bulk of the best cows sold at \$4 to \$5
each.

Veal Calves.
About 500 of the calf kind were on
sale, too many of which being of the
slender milk class. Prices ranged from
\$3 to \$5.50 per cwt., but few brought the
latter price, the bulk selling at \$4 to \$5
per cwt.

Sheep and Lambs.
Receipts were large, over 200. Export
sheep were firmer at \$4.50 to \$4.75; but-
chers, \$4.25 to \$4.50; culls, \$4.00 to \$4.25;

MOORS ATTACK JEWS

Moslem Fanatics Stir Up Anti-
Foreign Sentiment.

MOORS LOOTING THE CITY

Europeans Safe at Consulate—Guard-
ed by French Sailors—Street Fight-
ing Continues — More Troops
Landed—City Strawn With Dead
—Custom House Sacked—Ka-
byle Aroused—Bank Robbed.

Tangier, Aug. 9.—French sailors are
guarding the British consulate at
Casablanca, where the consular agents
of the United States, Germany, Aus-
tria-Hungary and Sweden have sought
refuge. The Italian and Portuguese
consuls are at the French consulate.

A minaret, from which a heavy, sus-
tained fire was directed against the
French consulate, was demolished by
the guns of the French ships at the
request of the Moroccan authorities.
The European troops were pillag-
ed, but no Europeans were killed.
The state bank agency at Cas-
ablanca has been robbed of about \$15,
000, but no details of the robbery
have been made public.

The French consulate was attacked
by Moors during the night of Aug. 5.
One blue-jacket of the guard was
killed and three were badly wounded.
The custom house at Casablanca
was looted by natives on Tuesday
and many other buildings were set on fire
and destroyed.

A French gunboat, the Cassini,
which was detached from the north-
ern squadron, now proceeding to Cas-
ablanca, was communicated with by
wireless telegraphy and arrived here
yesterday. She will await the orders
of the French charge d'affaires, pending
the arrival of the armored cruiser
Jeanne d'Arc, as the French officials
consider it not safe to be with-
out a warship at their disposal.

The Spanish torpedo cruiser De-
structor has arrived at this port. The
Marabout Sidi Malouf, one of the
principal Moors of Casablanca, has
requested to be allowed to go on board
a warship.

City Full of Dead Moors.
Tangier, Aug. 9.—The French war-
ships Wednesday landed 2,000 addi-
tional men at Casablanca, where
street fighting continues.

The Jewish quarter of Casablanca
has been attacked. Many persons
were massacred in the streets. The
city is said to be full of dead Moors
and the Moorish quarter is in ruins,
having been set on fire by the Moors.
From the big guns from the cruisers,
all the stores are closed and much
hunger and distress prevails among
the poor.

The foreign consuls have ordered
the stores to be reopened and have
established a special tariff for food-
stuffs, designed to mitigate the suffer-
ings of the poor.

The Europeans, who were all safe
either on board ships or at the con-
sulates, are guarded by blue-jackets.
The warships continue to drop an oc-
casional shell into groups of Kabyle
in the beach, in order to prevent
them from approaching the town.

A despatch from Rabat says that
the Kabyles have given the Govern-
ment a fortnight in which to with-
draw the French controller of cus-
toms. Refusing, they will attack the
town. The effervescence among the
tribesmen about Tangier is creating
some apprehension and an attack may
be made on the city.

The action of Mohammed El Torres,
representative of the Sultan, in im-
promising the natives who had ex-
pressed anti-French sentiments, has
produced a good impression among
the Europeans here.

Sharpshooters Go to Front.
Algier, Aug. 9.—The steamer Oasis,
having 200 sharpshooters and two
mountain batteries on board, sailed
for Morocco yesterday. Capt. De Ri-
deau and Lieut. Riech, who have been
designated for duty with the Inter-
national Moroccan police, were on
board.

French Hove Heavy Task.
Paris, Aug. 9.—In spite of the firm
intention of the French Government
to keep within the terms of the Alge-
ciras convention in its dealings with
Morocco, the French press clearly
foresees that France, unless the sit-
uation rapidly improves, has entered
upon a long and heavy task.

The newspapers express the opin-
ion that France, upon which the chief
burden of restoring security in the
disturbed country will fall, may be
forced to occupy in turn all the Mor-
occan ports, and then probably be
compelled to undertake a punitive ex-
pedition to Fez, after which it would
be impossible to withdraw, as was
the case with the British in Egypt.

As the British bombardment of
Alexandria enhanced the prestige of
Great Britain in Egypt, it is argu-
ed the French bombardment of Cas-
ablanca will have a similar effect in
Morocco. An expedition to Fez, the
newspapers point out, would like the
British victory at Tel El Kibir, com-
plete the parallel.

Collision Near Portland.
Portland, Ore., Aug. 9.—The Port-
land and San Francisco liner, City
of Panama, en route from Portland
with a full list of passengers, colli-
ded yesterday and sank the steamer
Alliance, from Coos Bay for Por-
tland, with passengers and freight.
The collision occurred in a fog near
the mouth of Willamette River. The
passengers of the Alliance were
brought to Portland.

Family Poisoned by Toadstools.
Wheeling, W. Va., Aug. 9.—Dr. C.
B. Dismore, aged 50 years, is dead
and four members of his family are
dying as the result of eating toad-
stools in mistake for mushrooms at
Deep Valley, this state.

Memorial to Queen Victoria.
London, Aug. 9.—The beautiful
wrought iron gates for St. James'
Park, which are Canada's contribu-
tion to the national memorial to Vic-
toria, are now erected.
