

## CAMPAIGN IN MANY PLACES

### BRYDON'S MEETINGS IN SAANICH RIDING

#### John Keen Will Redeem Kaslo — A Contest for Every Seat.

Thomas A. Brydon, the Liberal candidate, has arranged a series of meetings which will bring him over the constituency of Saanich riding. The first of these will be at Gordon Head tomorrow evening, and others will be at Oak Bay, Boleskin road, Cedar Hill and Royal Oak.

Mr. Brydon is getting a splendid reception among the electors, who are glad of the opportunity to elect a farmer to represent that fine agricultural district. His meetings have all been well attended, and there is no question but that he will defeat the ex-speaker.

John Keen in Kaslo. (Special to the Times.)

Kaslo, B. C., Nov. 15.—With John Keen in the field in Kaslo a victory there for the Liberal party seems assured. Mr. Keen is a strong candidate, very popular in the riding, and his election over Neil F. McKay, the late member, is generally expected. A vigorous fight is being waged by both parties. R. F. Green is understood to have promised Premier McBride that Kaslo shall stand by him, and this cool disposal of the constituency by the ex-commissioner of lands and works is being resented by the electors at large.

McKay's record in the House, especially in the matter of voting against legislation for the benefit of workingmen, is being brought up against him with telling effect by Mr. Keen.

In Lillooet.

News from Lillooet tells of a stirring contest between Mark Eagleson, the late member, and Archie McDonald, a former Conservative member who was defeated by Mr. Eagleson in 1907. Both are working hard, but the constituency is with the Liberal candidate, and his election is assured.

Richard Elmhurst is the Liberal candidate in Similkameen against L. W. Shatford, and is meeting with gratifying success in his campaign.

Local Option Candidates.

Dr. Spencer states that so far as he knows the list of candidates nominated, local option men are as follows: Conservatives, 5; Liberals, 17; Independents, 3; Socialists, 1. A total of 26. There may be more, but they have not declared themselves so far as the Local Option League is aware.

### NEW VESSEL FOR UNION STEAMSHIP CO.

#### Contract Let for Craft to Ply Between This City and Prince Rupert.

Word has been received that the Union Steamship Company has let the contract for the building of a new steamer to be used on the run between this city and Prince Rupert. It has been rumored for some time past that this firm were taking steps to secure a new steamer. It was understood that they would buy one. It is now stated that they are building and that the contract has already been let.

The head office of the firm at Vancouver refuse to give details of the steamer, but from outside sources it is gleaned that she is to be an even better craft than the Camosun. By putting on the two steamers to Prince Rupert there will be time for them to come to this port regularly. The vessel is being built at Dublin where a number of coasting vessels are constructed.

### Bowes' Ferrated Emulsion of Cod Liver Oil

Is especially effective in cases of colds of long standing or where the lungs have been affected. No other remedy has such a decided action on the lungs in building up the waste tissues and restoring them to perfect health. A most palatable combination. If you feel weak or "run-down" try a few bottles of this unrivaled remedy.

I think there is no medicine for babies like the Tablets." Sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### COMPROMISE OVER AFTERNOON SERVICE

#### Four Trains a Week to Leave at 4 p. m. for Nanaimo.

The efforts of the boards of trade in the island cities has failed to move the C. P. R. to continue a daily double train service between this city and Nanaimo. A compromise has been effected, however, the company arranging to run one more evening train than during last winter. Commencing with Tuesday next, November 16th, there will be a daily train leave here at 9 a.m., and on Tuesday, Thursday, Saturday and Sunday at p.m.

The Victoria Board of Trade, headed by President Leiser, has been most insistent that an improvement should be made in the winter service, and this agitation has resulted in the evening train being kept on much later into the season than was at first contemplated. The extra evening train on Thursday is also largely the result of the movement of this body.

—Excellent progress is being made in the work of erecting the big Pemberton block, on the corner of Port and Broad streets. The sixth story is now being elevated. When completed the building will be numbered among the most imposing structures in Western Canada.

—The membership contest being conducted by the boys' department of the Y. M. C. A. is arousing considerable interest amongst the members. All are working hard and a number of new members have already been secured. There is still another week for the boys to work, and the object of getting 75 new members into the association will undoubtedly be accomplished.

—George Bishop has been awarded the contract for the reconstruction of that part of the structure belonging to the Brackman-Ker Milling Company at the outer wharf, which was destroyed by fire a few days ago. The work is to be rushed with all possible speed, and it is believed that the job will be completed within a month from date. Additional machinery has been ordered and the mill will be in full running order again within three months.

—Among the parcels recovered from the looting of the mail sacks in Cariboo was one containing a piece of jewelry which was to be repaired by C. E. Redfern & Sons. The parcel was addressed to the local firm and had not been molested by the robbers, who apparently sought only cash. The parcel was therefore sent on to its intended destination being simply delayed.

### Name on Egg Wins Husband.

Bedford, Ind., Nov. 15.—Miss Daisy Talbot, a farmer's daughter, near Bono, wrote her name and address on an egg, which was sent with others to a wholesaler. The latter shipped the egg to Decatur, Ind., where it was bought by Joseph Palmer, who wrote to Miss Talbot. Letters were exchanged, which resulted recently in a wedding.

### VOTERS' LEAGUE HAS BEEN ORGANIZED

#### New Organization Will Take Active Part in Forthcoming Municipal Election.

A new movement has been quietly going on in the city during the past few weeks looking to the organization of a Voters' League in every ward. The organization is now complete, and the following platform has been adopted by the ward leagues:

Each ward has its chairman, secretary-treasurer and committees, and several prominent citizens have and others will be interviewed as to their willingness to stand for election on the platform as outlined by the league.

A central committee has been formed whose duty it is to select the names of likely candidates for the mayoralty, and these names will be submitted to a general meeting of all the ward leagues, and one will be selected as the choice of the leagues for the office.

Each ward committee will also submit names of the best men available for aldermen at the ward meeting, and from these candidates will be selected whom the league will ask the electors to support at the polls.

In view of these facts the officials of the Voters' League are requesting that citizens will not promise their vote and influence to any candidate until the league have made known their choice. The ticket would have been selected before this had it not been for the difficulties arising from the fact of a provincial election intervening between this and the municipal election. Citizens are being asked to keep in mind the work the Voters' Leagues are trying to do for the betterment of the city before pledging themselves to support any candidate. The platform will be published in a few days.

—The sale of work under the auspices of the Young Women's Guild of Metropolitan Methodist church will be held on Wednesday, November 24th. There will be a large number of useful and fancy articles on sale at moderate prices. The ladies have taken unusual pains to prepare for this event. The proceeds will go towards the furnishing of the parsonage.

—A workman named Partlett, employed at the building being erected between Herald and Chatham streets for Lim Bang, received a bad shaking up at noon Friday. While walking along he felt through an opening on the ground floor and alighted on the cement basement below. The man was picked up by his fellow workmen unconscious and the ambulance was telephoned for. Dr. McMichael was summoned, and on arriving found Partlett to have recovered somewhat.

He was, however, taken to the St. Joseph's hospital. Besides a few scratches and bumps Mr. Partlett is all right and will be around again in a day or so.

### DISFIGURING, TORTURING SKIN TROUBLE

#### Cannot Be Cured by Salves and Ointments—The Blood Must Be Purified.

A blenched skin irritating sores, pimples, eczema, salt rheum and other skin disorders are all signals of distress, telling that your blood is impure or weak. You cannot cure eczema and other skin troubles with ointments and outward applications. These things may give temporary relief, but cannot cure, because the trouble is rooted in the blood and can only be removed by purifying and enriching the blood. Dr. Williams' Pink Pills speedily cure skin troubles because they enrich, purify and build up the impoverished blood that caused the trouble. As they feed and cleanse the blood the skin grows fair, the bloom of health returns and new strength is found. No other medicine has ever had such wonderful results in curing all diseases due to bad blood. Miss Elizabeth Gillis, Kensington, P. E. I., says: "Words can hardly express how grateful I feel for what Dr. Williams' Pink Pills have done for me. For seven years before I began their use I was troubled with salt rheum. My hands and arms were nearly always a mass of torturing cracks and sores. I tried several doctors and spent a great deal of money without getting any benefit. Indeed my hands seemed to be getting worse all the time. Finally my brother persuaded me to give Dr. Williams' Pink Pills a trial and I am happy to say they have completely cured me. I used in all seven boxes, and I would not be without them in a case of this kind if they cost five dollars a box instead of fifty cents. I hope my experience will be of benefit to some other sufferer from skin trouble." These Pills are sold by all medicine dealers or will be sent by mail at 50 cents a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

## CONTEST IN THE ISLANDS

### PERCY PURVIS AT SALT SPRING

#### Liberal Candidate Makes Splendid Impression—Mayor Hall Speaks.

(Special Correspondence.)

Salt Spring Island, B. C., Nov. 15.—A rousing meeting was held in the interests of the Liberal candidate, P. Purvis, at North Salt Spring on Friday night. The meeting was very largely attended, there being a great number of ladies present. Mr. Purvis gave a lucid explanation of his policy, and his remarks were frequently punctuated with applause. This portion of the constituency is recognized by all as a Conservative stronghold, so the reception accorded Mr. Purvis on Friday augurs well for his success at the polls on election day. Mr. McPhillips, who was invited to the platform, was given good attention, but confined his remarks to length and too bitter tirade was too lengthy and too bitter to create any favorable impression. Mayor Hall, of Victoria, was in fine fettle. W. Mouat presided.

Mr. Purvis was the first speaker, and he was well received. He said that his entry into the political arena was only after a great deal of persuasion, as he desired to devote his whole time to his business and farming interests. "Now that I am in the contest," said Mr. Purvis, "I am going to fight tooth and nail for the Liberal party." (Hear, hear.)

Mr. Purvis then spoke of the deep interest he had always taken in local affairs, and how pleased Mr. McPhillips was considerably when he said that it was a piece of regrettable audacity for a lawyer to solicit the suffrages of a farmer community. He likened the case to a community of lawyers electing a painter as their member, or a community of doctors electing a blacksmith. The speaker said that it would be disastrous to the interests of a district to elect a member having no knowledge of the peculiar existing conditions.

Mr. Purvis dwelt on the railway policy of the government at some length, lucidly pointing out the defects. He said: "There is one matter concerning this agreement that is seldom spoken of, and that is if the Canadian Northern can not carry out their terms of the agreement, who will have to bear the burden? Why, it will be the farmers of British Columbia that will have to bear the brunt of this iniquitous proposition. They have the farmers to thank when there is nothing else remaining." Regarding the claim of Mr. McPhillips that he is entitled to good roads, for all these wharves and good roads, I must say that I cannot agree with him. We are paying a large sum into the government treasury in taxes, and I say that we are entitled to good roads and wharves, and lots of them, too."

Mr. Purvis then spoke of the ridiculous system of the government in regard to the spraying of orchards, and the inspection of the Imperial parliament that the latter named trouble was carried to extremes by the officials. Mr. Purvis concluded a brilliant speech with a scathing denunciation of the government, and exhorted those present to vote for the Liberal party and clean politics.

Mr. McPhillips was pleased at seeing so many ladies present, as it showed that the suffragettes were gaining ground. In regard to the claim of Mr. Purvis that the man who resided in the district was the best representative, he pointed out that many of the members of the Imperial parliament did not reside in the cities and towns that they represented. He then dwelt on taxation, and said that he had a guarantee from the Premier that all right and will be around again in a day or so.

which will open up some 200 miles of new country, reaches the stupendous sum of \$50,000,000. That amount is expended at after computing the principle with simple and compound interest."

Mr. McPhillips—"Why compound interest?"

Mayor Hall—"No financial company or business man would consider a proposition of such magnitude without computing with compound interest. We are obliged to use compound interest in all our large financial dealings in Victoria. Some years ago Mr. McPhillips fought with all his power against a railway contract which covered the Kettle Valley railway, but that is just what they have done with the Kettle Valley railway. I would have you know that this is the biggest bogus railway contract ever read or talked about on the hustings of British Columbia."

The meeting closed with cheers for the candidates, and singing of "God Save the King."

### TENDERS CALLED FOR WIRELESS STATIONS

#### Australian Government Falling Into Line With Other Nations.

News that the Commonwealth postmaster-general is calling for tenders for the erection of certain wireless telegraph stations is clear proof that this subject is at length receiving due attention in Australia. For some time past several of the mail steamers running to the Antipodes have been fitted with wireless installations, but they have been of little or no use at the other end of the globe, in the absence of shore equipments. Another item concerning the same topic is that the Indian government has erected a wireless station at Bombay for the use of shipping. This should be a great convenience, since passengers on steamers will be able to telegraph to their friends in India a day or two before they arrive. At present, in some of the more unfrequented Eastern waters the mail ships fitted with wireless have little or no opportunity of using it, except, perhaps, for conversation with ships of His Majesty's navy which may happen to be within call.

Up to the present the vessels of the Union Steamship Co., which ply to this port are not equipped, but now that stations are being installed at the other end, and that there are already numerous stations on this coast, doubtless the company will equip its steamers to date in this respect.

### NEW RECORD IN ORE SHIPMENTS

#### Over 56,000 Tons Shipped From Southeastern B. C. Mines in Week.

Nelson, Nov. 13.—The ore shipments for the week are away above the average for the year so far, the tonnage for the past seven days being over 56,000 tons, a record in the history of mining here. The increase is general from all three divisions. Following are the shipments by districts: Boundary district—47,047 tons for week and 1,296,486 tons for year to date.

Rosland district—5,388 tons for week and 204,451 tons for year to date. Slokan-Kootenay district—5,890 tons for week and 165,751 tons for year to date. Total shipments for week were 56,325 tons and for year to date 1,666,398 tons.

Smelter receipts for week were 53,470 tons, and for year to date were 1,540,066 tons.

In two cases of Mohun vs. B. C. Drainage Chief Justice Hunter on Friday made orders for payment over by the garnishee, one for \$1,189 and costs in re Sexsmith and one for \$1,940 and costs in re Higginson. A. P. Luxton, K. C., appeared for the plaintiff.

### BELLE OF SPAIN FOR PRINCE RUPERT

#### Vessel Had Very Trying Voyage From Nova Scotia.

The third steamer carrying steel rails for Prince Rupert passed up yesterday. The Belle of Spain had had a bad trip, having sailed for Prince Rupert early in July. She called at Philadelphia and sailed from that port August 11th. Meeting with severe gales and heavy seas in the North Atlantic she put into St. Lucia for repairs. She was docked and it was found that she was badly strained and damaged, her stanchions being bent and the steering gear slightly damaged. She left St. Lucia on September 10th, and had better luck until she arrived on the Pacific ocean, when she again experienced severe gales.

Capt. Minister, when seen yesterday, said that the trip had been a very unpleasant one. He is going to Nanaimo for coal and will then pass up to Prince Rupert by the inner passage. The captain has no orders beyond that the steamer not yet having been chartered for her outward voyage.

### REPAIRS TO FORAGER.

Steamer Forager, which was recently purchased by Leeming Bros. from the Butler Freight Company, is now on Turpel's ways undergoing a thorough overhaul. She is being given new masts and rigging and new cabins are being erected. She is also being diagonally sealed and prepared to enter the freight business under her new owners as good as a new craft.
