At the gate of the hunting park grounds he bent forward in the saddle to lift the chain that held it, urged his horse inside, bent down to refasten it, and as his fingers clutched the iron a man rose in the shadow of the little lodge and clasped him about the mid-dle. The iron chain awung free and rattled against the post, and the horse smooted with fright, then at a word from Oscar was still. There was the barest second of waiting, in which the barest second of waiting, in which the long arms tightened and the great body of his assailant hung heavily about him; then he dug spurs into the horse's flanks, and the animal leaned forward, with a snort of rage; jumped out of the path and tore away through

A rough and tumble fight now fellowed. Oscar's little, vigorous body writhed in the grasp of his antagonist, now free, now clasped by giant arms. At one instant, when both men lay with arms iterlocked, half lying on their thighs,

Oscar hissed in the giant's ear:
"You are a Servian. It is an ugiy race."
And the Servian cursed him in a "We expected you. Then Oscar discharged his revolver three times in quick succession, and while the discharges were still keen on the air he drew quickly back to a clump of un-derbrush and crept away a dozen yards to watch events. The use of a strange tongue added to the Servian's bewilderment, and he fled toward the gate, with Oscar hard after him. Then Armitage suddenty lesped out of the shadows directly in his path and stopped him with a leveled re-volver.

"Easy work, Oscar! Take the gentleman's gun and be sure to find his knife."
