Boston Man Who Has Had a Run of Queer
Luck—A Wreck on the C.P.R.

FORT WILLIAM, Oct. 22.—A wreck
occurred today on the C. P. R. near
White River between freight trains.
One train was standing on the siding
and another train crashed into the
caboose of the standing train, over-
turning it and setting it on fire. Con-
ductor Neely was killed and his body
burned.

FORT WILLIAM, Oct. 22.—Found
lying on the track half a mile west of
Fort William, W. H. Grandison, of
Boston, now lies in Avenue Hotel, in
a doctor's care. His story is remark-
able. Leaving Boston a few weeks
ago to take a round trip to Seattle

and Vancouver returning by way of
the C. P. R., he has run into a series
of mishaps. While travelling by boat
from Seattle to Vancouver, he became
friendly with the captain, who had
previously had trouble with one of
the crew. This man entered the cap-
tain's cabin and, mistaking Grandison
for the captain, dashed some ice in his
face, nearly blinding him. He laid up
at Vancouver till he continued, and
continued on his way home.

On Friday night he was sitting in
the smoking compartment of the
saloon car and must have fallen
asleep. Next thing he knew he was
lying on the track pretty badly in-
jured, and minus \$300. He had no idea
as to how he came there.

A meeting of the Temperance Federa-
tion is called to be held in Union hall
tomorrow night at eight o'clock.

The funeral of Mrs. Genevieve
Brown took place this morning from
the residence of her sister Mrs. Far-
rell, Main street. Service was held
in the home last evening by Rev. Mr.
McLaughlin.

JAPS ARE ANGRY OVER THEIR TREATMENT BY UNITED STATES

Exclusion of Japanese Child-
ren From Californian
Schools Is the Last Straw
—The Situation Looks
Rather Serious.

NEW YORK, Oct. 22.—The Tokio
correspondent of the Sun cables that it
would be difficult to over-estimate the
gravity of the situation caused by the
anti-Japanese feeling, that has been
voiced against the United States. Dur-
ing his nineteen years residence in
Japan the correspondent has never seen
the Japanese press so agitated against
the Americans. At a dinner, Saturday,
attended by one hundred and fifty
prominent bankers and business men
at the Imperial Hotel, deep feeling was
expressed that America should regard
with indifference acts that are tanta-
mount to a declaration of a racial war.
Little was said regarding the American
protest against Japan's programme in
Manchuria, the killing of Japanese
sailors, the murder of the Japanese
bank president in San Francisco, the
Hawaiian exclusion policy, the public
attacks upon Prof. Ozumi and Con-
gressman Kahn's scheme, all of which
incidents have occurred within three
months, but the exclusion of the Japa-
nese children from the public schools of
California cuts the Japanese, a child-
loving nation, to the quick. There is
evidence that the government regards
the situation as extremely serious. It
has taken measures to calm the press
and to discourage mass meetings that
have been called to adopt retaliatory
measures. The Imperial government
recognizes that opposition to the
Japanese is now local but opposition
politicians hold that it is not a local
manifestation and they point out that
the American authorities have taken
decisive steps to define the relations
between the two countries.

A prompt repudiation of the anti-
Japanese sentiment by the United
States at large is necessary, the press
respondents think, to avert a crisis in
Japan that would result in the destruc-
tion of the friendly relations between
the two nations.

DID NOT FOLLOW ORDERS.

Two Individuals Being Told to go to H—
Went to the Police Court.

The police court is quite warm at
times but the officials there are be-
ginning to think that some people take
it for a much warmer place.
On Saturday a man called at the
court house and complained that he
had not been used rightly in the
scales and jumped on to weigh him-
self. The owner of the lamba remon-
strated with the merchant, who he
said, "I told me to go to — and
came right to the court to see about it."

With a smile a court official said he
would look into the case.

This morning a gentleman represent-
ing a collecting agency called at the
court to obtain a summons to compel
a debtor to attend court, and said the
collector, "when I asked the man to
pay up he told me to go to — so I
came immediately to the court." At
this statement the court official laugh-
ed and informed the collector that he
had called at the wrong place. The
collector shortly after found out that
he had not called at the place the
debtor sent him, and is telling the
mistake to his friends.

NEWSBOY'S FRIEND DEAD IN CHICAGO

CHICAGO, Oct. 22.—Isaac Wolf, head
of a large clothing company, was
found dead in his bed here yesterday.
He had died of a contraction of the
windpipe, which caused strangulation.
He was 44 years of age. For 25 years
Mr. Wolf had been known as the
Newsboy's Friend. Every year he
gave a newsboy's dinner. From un-
pretentious beginnings there were 100
ragged and hungry little guests served
at the first dinner; the feast has grown
to one of increasing importance, nu-
merically considered. Last year 10,000
newsboys and other hungry urchins
from the streets and the poorer ten-
ement districts attended the Thank-
sgiving dinner.

DYPHTHERIA IN WORCESTER.

WORCESTER, Mass., Oct. 22.—An
epidemic of diphtheria was reported
by the board of health for the week
just ended. In one day eight cases
came to the notice of the officials, and
fifty-two families are now in quaran-
tine. The total number of cases for the
week was forty-two, while since Aug-
ust there have been 390 cases.

The report of the dredge inspectors,
Mayor Sears this morning, and will be
read at this afternoon's meeting of
the board of works. The inspectors
would not discuss their trip this morn-
ing, but they have a complete descrip-
tion of Packard No. 4, which they will
recommend the city to buy. A state-
ment of the interview that the inspec-
tors had with the Packard owners will
also be embodied in the report.

COMMITTED SUICIDE WHEN BANK FAILED

British Financier Laid Down in
Front of a Train

After Posting a Notice of Bankruptcy
on the Door of His Place
of Business.

LONDON, Oct. 22.—P. McFadyen,
head of McFadyen & Co., whose sus-
pension was announced Saturday, com-
mitted suicide within an hour after
posting the notice of the failure on
the door of the bank by throwing him-
self in front of a train in a tunnel
about half a mile away from his place
of business.
Mr. McFadyen appears to have gone
direct from his bank to a station of
the City and South London railway, to
have entered the tunnel unobserved,
and to have deliberately laid down in
front of an approaching train. The
engineers reported having run over the
obstruction in the tunnel and a search
revealed the shockingly mutilated
body, which later was identified as
that of Mr. McFadyen. It is reported
that the failure of P. McFadyen & Co.,
the London house of Arbitrators & Co.,
bankers of Madras, was connected with
the cotton market, but as Mr. McFad-
yen was the sole partner in Europe, it
is difficult to obtain information on the
subject.

CLEMENCEAU TRYING TO FORM A CABINET

A Number of New Men Will be Brought
In—Col. Piquart as Minister
of War.

PARIS, Oct. 22.—M. Clemenceau has
began the organization of a cabinet.
He offered the foreign portfolio to Min-
ister of the Interior, M. Caillaux,
who declined. M. Caillaux,
who was finance minister in the Wal-
deck-Rousseau cabinet, is the man
of the moment. It is certain that
M. Briand, minister of public works;
M. Ruchou, minister of public works;
M. Ruan, minister of agriculture; M.
Thompson, minister of marine, and
M. Doumer, minister of commerce, will
remain in the cabinet. A new ministry
of labor may be created with M. Vi-
viani, the well known socialist deputy,
at its head.

COLOR OF THE BRIDE'S GOWN.

(From the Church Ecclesiastic.)
It is interesting to note that the
choice of white for wedding dresses
is comparatively a modern fashion.
The Roman brides wore yellow, and in
the most eastern countries pink is the
bride's color. During the middle ages
the Renaissance brides wore crimson,
and most of our Plantagenet and Tudor
queens were married in this vivid hue,
which is still popular in parts of
Brittany, where the bride is usually
dressed in the crimson brocade.
It was Mary Stuart who first changed
the color of the bridal garments. At
Notre Dame she wore a gown of
white brocade with a train of pale
blue Persian velvet six yards in length.
This innovation caused quite a stir in
the fashionable world at that time. It
was not, however, till quite the end of
the seventeenth century that pure
white—the color hitherto worn by
royal French widows—became popular
for bridal garments in England.

At the meeting of the Ladies' Auxil-
iary of the Seamen's Mission this after-
noon, the coming winter's work will
probably be discussed, and arrange-
ments made for the season's pro-
gramme of concerts, etc.

Matters remain at a standstill re-
garding the rebuilding of Union street.
The sub-committee, though having
been very active, have failed to come
to an agreement with Messrs. Sleeth &
Quinlan and the Gordon Nall Works,
and it is probable that no further steps
will be taken until the board of works
takes the matter up again.

Lachlan T. Pender, an old and re-
spected resident of Peterborough, Queens
county, died at his home on Saturday
last. He was the youngest son of the
late James Pender, one of the first set-
tlers of Peterborough, and was born 89
years ago in a stone's throw of
where he died. His wife, who was a
daughter of the late George Lyon of
Armstrong's corner, and eleven child-
ren survive. The children are Beverly,
on the homestead; Murray, in New
Zealand; George, in San Francisco;
William, in St. Louis; Mrs. J. R. Dunn
of Hampstead; Mrs. Kerr, of Ottawa,
and Mrs. Armstrong, of Quebec. The
funeral took place today.

ship Company, sails today for Boston

the first American built turbine steam-
er. The Governor Cobb is the first

HONDURAS SUFFERED FROM A HURRICANE

A Number of Vessels Were Wrecked and
Several Buildings Destroyed.

MOBILE, Ala., Oct. 22.—The first
news of a terrible hurricane that visit-
ed the towns of Pustan, Tela, Utilia,
Colorado and El Progreso, Honduras,
on October 14th, was brought here last
night by the Norwegian fruit steamer
Harold. A number of vessels were
wrecked, several destroyed, and build-
ings in the towns mentioned badly
damaged. The loss of life and prop-
erty was estimated at \$1,000,000. The
fruit plantations will, it is stated,
reach almost a million dollars. The
British schooner Southern, which was
thrown on the beach at Ruatan and
went to pieces in less than an hour,
and the Harold suffered somewhat and
will have to be docked. A tidal wave
accompanied the hurricane and swept
everything before it. Capt. Hendrick
said when he left the beach, the waves
were strewn with vessels of all kinds in-
cluding three large sailing vessels, but no
lives were reported lost.

FREDERICTON NEWS.

FREDERICTON, N. B., Oct. 22.—In-
spector Olive and Dalton are in the
city today to inspect the steamer
Aberdeen.

Stanley Saunders, employed by T.
Lynch, on the Miramichi, had his leg
crushed by a log rolling on it on Sat-
urday last. The man was brought to
Victoria Hospital for treatment.

The funeral of the late Hon. P. G.
Evan will be held Wednesday morning
at 8 1/2 with mass at St. Dunstan's.

The man arrested in Father Car-
ney's cellar early Sunday morning was
allowed to go free at the police court,
as no one appeared to prosecute.

Light-Colonel White is in the city
today to take part in a court martial
on a non-commissioned officer.

An unfortunate individual who makes
light of his trouble was a countryman
who arrived in the city on Saturday
and as he walked through the city on
his way for treatment he attracted
considerable attention. His left
trouser leg looked more like a woman's
skirt it was so large. The leg in
question measures just thirty-five
inches round, and while the mass of
flesh and bone is somewhat of an in-
convenience the sufferer does not com-
plain much. He is a victim of ele-
phantiasis and came to the city to see
if the doctors could not help him.

STREET CAR WAS RUN INTO BY AN EXPRESS TRAIN

Two Persons Killed and a
Dozen Injured in a Smash-
up at Toledo—Car Con-
ductor Tried to Cross the
Track Ahead of the Train.

TOLEDO, Ohio, Oct. 22.—Two persons
were killed and a dozen injured, two
fatally, last night when an incoming
Cincinnati, Hamilton and Dayton pas-
senger train collided with an outbound
car on the Toledo and Indiana Trac-
tion Line at a crossing three miles
west of here.

The locomotive struck the rear end of
the car smashing it badly. The engine
was thrown from the track. The dead
are:
T. Howard, Chicago, Louise Kraus,
Toledo.
Mrs. Sol. Richner, and Mrs. Wilson
Cohn, of Archbold, were injured in-
ternally and will probably die.
Howard was riding on the car on the
front end of the baggage car and his
body was pinned between the end of the
car and the tender, where it hung
suspended fifteen feet in the air.
Louis Kraus, of this city, a school
teacher at Holland, was a passenger
on the street car and was buried be-
neath the wreck. He was badly scalded
by escaping steam and died soon
after being taken out.

The train had the right of way. The
conductor of the trolley car misjudged
the distance and thought he had
plenty of time to cross the track ahead
of the train. The motorman disappear-
ed after the collision.

POLISH CATHOLICS ENGAGE IN A RIOT

Westfield, Mass., Priest Drew
a Revolver in Church
But Was Disarmed and Badly Beaten—
Police Called in to Stop the
Fighting.

WESTFIELD, Mass., Oct. 21.—The
trouble that has been brewing in the
Polish Catholic parish of the church of
the Holy Trinity, in this town, reached
a climax tonight when Rev. Father T.
L. Praylski, the pastor of the church,
was severely beaten by a number of
his opponents. The police rescued the
priest before he had been injured seri-
ously. His head had been cut in
many places and he had received in-
juries to his hands and one ankle. Fol-
lowing the assault, warrants were
issued for the arrest of seven of the al-
leged assailants and at ten o'clock to-
night three men had been taken into
custody. The men under arrest are:
Thomas Katerkiewicz, president of
the Literary Society connected with
the parish; Michael Kunczynski, who
has been in town less than three
months and who is said to have been
at one time a member of the police
force of St. Petersburg; Anthony Kuc-
zynski, a relative of Michael's.
Last July Father Praylski dis-
charged Waleria Dabrowska, a
woman who served as his housekeeper.
A short time ago the priest had his
former housekeeper arrested for at-
tempted extortion. She was bound
over for the December term of the
grand jury. A week later the
Dabrowska woman caused the arrest
of the priest on a charge of assault
and battery. The case was heard in
the local district court and decision
was reserved.

As a result of the trouble between
the priest and his former housekeeper,
the parish was divided into two fac-
tions.

A meeting of the Literary Society of
the parish was held here last night
in a hall underneath the church.
Katerkiewicz, president of the Liter-
ary Society, belongs to this faction.
It is opposed to the priest and had
been ordered by the priest to keep
away from the church premises. To-
night Father Praylski went to the
church and found Katerkiewicz there.
He ordered him away, but the man re-
fused to go. It is alleged that the
priest then drew a revolver in one
hand and a club in the other and en-
deavored to drive the man from the
church. The priest was disarmed and
badly beaten. The affair caused so
much noise and disorder that the police
were sent to the church and rescued
the priest. The issuance of the seven
warrants and the arrest of three of the
alleged assailants then followed.

intent, of the murder of the girl and
her mother was taken. The child,
who is weak-minded, failed to identify
the accused. The evidence of the girl
the condition of her daughter. The
examination will be continued this
afternoon.

MANUEL SILVEIRA HAS LANDED IN VENEZUELA

And Says He Is Greatly Surprised at the
Failure of His Business.

NEW YORK, Oct. 22.—A cable de-
patch to the Herald from Caracas,
Venezuela, via Willemstad, Curacao,
dated yesterday, says that Manuel
Silveira, who is well known there be-
cause of his cattle business, accompa-
nied by his family and bringing a large
quantity of baggage, arrived at Car-
acas on October 10th from Puerto
Cabello. There is with him also an em-
ployee named Pino Senot. Silveira re-
nted a house in a fashionable street and
was received splendidly by the power-
ful cattle kings. His friends are con-
scious of alleged defalcations. The
Caracela was chartered only to bring
Silveira to Caracas and he had returned
to Havana without a cargo.
Silveira said he would come to Ven-
ezuela temporarily to restore order
which is broken since his automobile
accident and declared he left his firm
solvent, with \$1,500,000 cash to cover
debts. He expressed surprise at the news
of the failure and the charges against
himself.

vres of the Chinese imperial army be-
gan today in the neighborhood of
Chang Tefu. About thirty thousand

Chi Li and Shang Tung troops, is com-
pelled to defend the capital at short
notice.

The troops engaged in the operations
are equipped with the most modern ac-
countments and have been drilled and
trained by foreign officers. Thirty
military attaches of foreign powers are
closely following the operations.

THE END OF IT ALL

Round and round the old world goes
Any sort of weather.
Kiss your hand to all your foes—
Soon you'll sleep together!

Sorrow, and a storm of woes—
Reckon ever a feather:
Yonder, where the grass grows,
Soon we'll sleep together!
