THREE

Think of this:

WE have two lines of CLOTHING, which are hard to equal. Take Progress Brand as an instance. Come in and see one of these Coats in course of construction, you will then understand why Progress Brand is dependable.

Then we have for boys the Bull Dog brand of Knee Pants—double knee and seat. These goods we guarantee to give satisfaction, and our prices, well, our customers say they are right. How about an Overcoat?

AWFUL SUFFERINGS OF FIVE SHIPWRECKED MEN

Through the Agony Endured, One of the Party Went Mad—The Others Saved When Almost Dead.

NORFOLK, Va., Oct. 25.—Counting the minutes which seemed to die but few intervening between them and death, bruised, bleeding, hungering and thirsting, five men drifted on a bit of wreckage off the Florida coast, saw one of their companions whose sufferings had driven him mad, throw himself into the sea to death and not long afterwards a ship saved their lives.

The five survivors were landed here today by the British steamer Heatherpool, Captain John Grieve, commanding, which arrived today for bunker coal and enroute from New Orleans to Rotterdam. The survivors are Frank Revely, foreman of Marianna, Fla., Gus Johnson of Brooklyn, N. Y., Ben Clarke of Somerville, Mass., Amner Bell of Kinston, Fla., and John Campbell of Philadelphia.

They with about 145 others were on the coast struck the houseboat about one o'clock on the morning of Oct. 18 and number 4 broke apart. The houseboat soon afterwards foundered and all of the 150 men aboard were thrown into the sea. The houseboat was dashed to pieces by the waves. Many of the men were killed by heavy timbers. Six men lashed together two timbers, one ten by twenty inches in thickness and breadth and the other six by fourteen inches and thick and both 20 feet long and lived on that raft until one of the party became mad from suffering and injury and threw himself into the sea.

On the morning of Oct. 19 Captain Grieve, standing upon the bridge of his ship, heard cries for help and then caught the raft. He launched a lifeboat and soon brought the men aboard where they were given light food and put to bed.

The survivors are being cared for at the Norfolk city mission until the company for which they worked, or their relatives, can be heard from.

BIG MILITARY SUPPLY FACTORY BURNED

PARIS, Oct. 25.—The Barricade and Marres Arms Factory, situated in the Rue Oberkampf, was destroyed by fire tonight. This factory was one of the most important in France. The losses are placed at many millions of francs. A number of firemen were injured and a woman died of fright during the fire.

TOKIO, Oct. 25.—A hurricane swept over southwestern Japan yesterday, several hundred coral fishing boats are reported missing. Each boat is manned by at least two sailors.

IN A CLASS BY ITSELF

There are many emulsions of Cod Liver Oil, all more or less good, no doubt, and all very much alike, the principal difference being in the quantity and quality of the oil that enters into their composition, and perhaps something in the method of manufacture.

FERROL

on the other hand, while it is an emulsion of Cod Liver Oil, occupies a place entirely above and beyond the ordinary preparations above referred to.

The reason is, that FERROL combines with the oil Iron and Phosphorus, which all other emulsions lack, and without which no emulsion is anywhere near perfect.

In FERROL the well-known virtues of Cod Liver Oil as a flesh and weight producer, the unparalleled qualities of Iron as a blood builder and purifier, as well as the undoubted advantages of Phosphorus as a Nerve and Brain tonic, are all not only combined and retained, but wonderfully enhanced by the process of amalgamation.

No argument is necessary to prove the inestimable value of such a preparation as FERROL in the treatment of Coughs, Colds, Bronchitis, Croup and all Bronchial or Lung Troubles.

FERROL is not a patent mystery. The formula is freely published. It is prescribed by the best Physicians. It is endorsed by the most eminent Medical Journals. It is used in prominent Hospitals, Sanitariums, etc.

BABY FARMERS CHARGED WITH MANSLAUGHTER

PAGOSA SPRINGS, Colo., Oct. 25.—G. C. Rose and Mrs. Minnie Wheeler, leaders of the Brotherhood of Light, who conduct a home for poor children on a farm near Arboles, Colo., today were arraigned on charges on manslaughter in connection with the death of six babies on the place. They waived examination and were remanded to jail until they can furnish bail.

The charges were made by an agent of the State Humane Society who alleges that the children were fed almost exclusively on a vegetable diet and were, he says, starved to death. Seven children now at the home were made wards of the county court until the court shall award them to some other institution.

MORMON CHURCH WILL GO OUT OF BUSINESS

SALT LAKE CITY, Oct. 25.—Reports that the Mormon church as an organization is to retire from commercial business were further verified today when it was officially announced that the Utah National Bank had been sold to W. S. McCormick. The bank's stock was largely owned by the church.

In the last four months the Mormon church has disposed of its big holdings in the Utah Light and Railway Company which controls the principal utilities in Salt Lake City; its Los Angeles and Salt Lake Railroad with its great pavilion of salt air and its big retail department store at Ogden.

USED A TOY CANNON TO END HIS LIFE

BROCKTON, Mass., Oct. 25.—A toy cannon was the weapon used tonight by Joseph H. Gifford, a real estate agent of this city, to end his life. Gifford had been despondent for some time, due partly to financial troubles.

At the home of his mother this evening he filled the miniature cannon with a double charge of powder and gun shot and held it on his breast with the muzzle pointed at his throat. The charge caused death instantly. Gifford was 28 years of age and leaves a widow and three children. At one time he was treated in a sanatorium for a nervous disorder.

HIS WAY OUT OF IT.

It is said of a noted Virginia judge that in a pinch he always came out ahead. An incident of his childhood might go to prove this.

"Well, Benny," said his father when the lad had been going to school about a month, "what did you learn today?"

"About the mouse, father."

"After a little pause, Benny answered: 'Father, I don't believe it was a mouse after all; it was a rat.'"

NO PASSES IN RETURN FOR ADVERTISING

Commerce Commission Forbids Continuance of System Used Between Railroads and Newspapers.

WASHINGTON, Oct. 25.—Under a ruling of the Interstate Commerce Commission, transportation over railroad lines no longer may be given to publishers or editors in exchange for advertising space in their newspapers.

A protest against this ruling has been received by the commission from the Massachusetts Press Association, through William M. Heffernan, the secretary. Mr. Heffernan says that the association unanimously voted to "enter its protest against the ruling in holding that the payment for railroad transportation at full rates in advertising shall be treated on any other basis than that of transportation paid for in any other way than in cash."

"You are, of course, aware that all tariffs filed in compliance with the regulating statute name rates in dollars and cents and do not in any case provide that transportation can be paid for with property. It seems plain to me that the commission is in error in its commission that the issuance of free transportation or transportation paid for in any other way than in cash."

"In a letter to Secretary Heffernan in response to the protest, Chairman Knapp, of the commission, says in part, after quoting the section of the law which prohibits the issuance of free transportation or transportation paid for in any other way than in cash: 'You are, of course, aware that all tariffs filed in compliance with the regulating statute name rates in dollars and cents and do not in any case provide that transportation can be paid for with property. It seems plain to me that the commission is in error in its commission that the issuance of free transportation or transportation paid for in any other way than in cash.'"

"A contrary rule would sanction equal compensation by different persons and involve ordinarily some degree of discrimination in favor of those permitted to exchange their commodities for the transportation they desire to secure. It is the aim of the law to prevent every sort of favoritism and secure absolute equality of treatment in all cases."

"This ruling of the commission in no way interferes with or abridges the rights of private contracts. Newspapers and their advertising space may be freely exchanged for any species of property acceptable to the parties to the transaction, but the facilities of the public carrier are not private property, nor are they the subject of bargain and sale like merchandise. The right to travel or have property carried by rail, like the right to the common highway, is not a contract right but a political right."
