A Sign of the Times

PEOPLE are becoming very careful about
what they eat and drink—The preference for goods in sealed packages
—especially in food stuffs—is now quite definite
and becoming more so every day.We must frankly admit that there are sound reasons
for this preference. Food stuffs cannot be ex-
posed to varying atmospheric conditions with-
out losing both strength and flavor.Tea—of all articles of everyday diet (excepting
coffee, perhaps) needs protection most, and
best merchants havebeen quick to appre-
ciate the fact. So
much is this the case
that the selling ofloose Tea in bulk will soon be a thing of the past,
RED ROSE TEA reaches you with all its vir-
ginal flavor, strength and purity——It is sealed in air-tight packages—dust and
damp-proof—RED ROSE is a blend of the best Indian and
Ceylon Teas.—The former assures generous strength and
richness—the latter that coaxing, delicate flavor,
Qualities for which Red Rose Tea is famed.Ask your Grocer for the 40c. package of Red
Rose and you'll get better Tea—Tea that spends
farther—for the same money.You want "Good" Tea—well,
"Red Rose Tea is Good Tea"
