### American Buying Stabilizes Wool

London Believes Australian  
Markets Held Firm by  
America.

(Copyright, 1921, By Public Ledger.)  
Bradford, England, Mar. 2.—The  
course of Colonial sections is causing  
some surprise among wool users  
throughout the West Riding, and al-  
though firm markets are reported,  
many believe the best possible con-  
struction is being put upon the sales.  
It is felt that if America had to retire  
there would soon be a setback in val-  
ues for American buyers. Orders are  
not being cabled from Bradford and  
Roubaix to sustain all open markets.  
It is more than ever apparent that  
whatever means may be employed by  
the British Australian Wool Realiza-  
tion Association, the current year is  
going to be a very difficult time in all  
sections of the wool industry.

It is of paramount importance  
that the raw material should move in-  
to the hands of consumers and so  
stimulate the entire textile trade. The  
majority feel that what buying is be-  
ing done is simply to keep machinery  
running, and the only increase is  
where khaki orders have been obtain-  
ed.

Five thousand bales of Australian  
wool were offered at Antwerp last  
week, 4500 bales finding customers.  
This is a different tale to what has had  
to be told for the last six months. In  
the Antwerp sales good New England  
merino fleeces sold on a clean  
scored basis of 42 and good average  
64 at 40d. There was a fair offering  
of short carbonizing wools, which  
moved on a clean basis of 24 to 25d,  
and any one who can use these today  
can obtain some good clothing material  
at practically the same price as  
good carbonized merino. Several  
at Verviers firms have bought short  
clothing merinos fairly liberally and  
are carbonizing these and selling them  
to German firms in small quantities.  
New England merino being offered  
at Antwerp raises a matter of real in-  
terest to users of merino wools. The  
district of New England, in New  
South Wales begins at Aberdeen and  
extends as far as Glen Innes, this  
being about the best wool-growing dis-  
trict in New South Wales. The es-  
sential feature of New England wool  
is its fine 70s to 80s quality and the  
soft silky nature of the fiber.

### OBITUARY.

Mrs. George T. Wason.  
Friends in this city and throughout  
the province will regret to hear of the  
death of Mrs. George T. Wason,  
which took place at her home in Cal-  
gary on February 25, after a brief ill-  
ness. She was about sixty-five years  
of age, and until eight years ago lived  
in St. John. Then she moved to  
Calgary with her husband.

Besides her husband, she leaves  
three daughters, Mrs. Justus Earle  
and Miss Annie of Calgary, and Mrs.  
T. S. Fenwick of this city, and two  
sons, Theodore and Alvin of Calgary.  
Three sisters, Mrs. M. Granville of  
Cumberland Bay, Mrs. E. Horncastle  
of Hatfield's Point, and Mrs. Richard  
of St. John, and three brothers,  
Theodore, Bartlett and Leonard McLean  
of Cumberland Bay and Captain J. Mc-  
Lean of this city.

Mrs. A. Roy Fudge.  
The death of Mrs. A. Roy Fudge  
took place at her residence, 41 Gil-  
bert's Lane yesterday, after an illness  
of several months. Besides her hus-  
band she leaves her parents, Mr. and  
Mrs. William Williams and one sister,  
Mrs. Dalton Titus, of this city.

Helen Dwyer.  
The death of Helen Dwyer, young-  
est daughter of Agnes and the late  
Jeremiah Dwyer, occurred yesterday  
at her mother's residence. Besides her  
mother, she leaves four brothers,  
John, Arthur, Edward and Charles and  
three sisters, Marjorie, Annie and  
Mrs. R. H. Evans, all of this city. The  
funeral will be held on Saturday morn-  
ing at 8:45 from her mother's resi-  
dence, 5 Camden street, to St. Peter's  
church.

William Anderson.  
Apothecary, Mar. 2.—The death of  
William Anderson, who resided at  
late residence in Walker Settlement,  
Waterford, on Feb. 26th. The late Mr.  
Anderson was born in Ireland in 1843  
and at the age of 15 came to this country,  
settling in the vicinity of Walton Lakes.

In early manhood, he married Mary  
Anne Armstrong of Walton Lakes. He  
was a successful farmer for upwards of 50 years,  
and passed away at the old home  
where his large family was born and  
reared.

As an honored and prominent citizen,  
the late Mr. Anderson will be  
much missed not only by his family,  
but by many life long friends and in  
his passing the Presbyterian Church  
loses a devoted member and liberal  
supporter. Deceased was a  
member of the L.O.O.F. "Lions Club"  
Heroes." No. 91, the late Mr. Ander-  
son had enjoyed a full measure of  
health until about six months ago,  
when he suffered a fall striking on  
his head, causing concussion of the  
brain, which with the development of  
a heart affection, conspired to end  
his life which had exceeded the al-  
lotted span by eight years.

Besides his widow, deceased leaves  
a large progeny including six daugh-  
ters, viz.: Mrs. Wm. McFarlane, Rock-  
ville; Mrs. Albert Ray and Mrs. Sam-  
uel Walker of Norton; Mrs. K. J. Van  
tour of Berwick; Mrs. Mark Anderson  
of Ward's Creek; and Mrs. Oscar  
Adair of Sussex; also four sons, viz.:  
Robert Anderson of Apohaqui; Andrew  
of Ward's Creek; Thompson and John  
of Walker Settlement. One brother,  
Samuel Anderson of Rockville also  
survives and there are 41 grand chil-  
dren and eight great grandchildren.  
The funeral service took place at his  
late residence on Monday at 12:30 and  
was conducted by Rev. A. V. Morais.  
Despite the heavy rain storm, many  
attended and followed the remains  
to its last resting place in Sussex  
Cemetery.

Many floral offerings bore silent  
testimony of the esteem which the de-  
ceased had enjoyed in life. A sheet  
of ripened wheat was placed on the  
casket by his wife. From the fam-  
ily a croquet bearing the word "Pa-  
ther" and a card from Mrs. Mc-  
bourne Buchanan a beautiful crescent  
with the word "Grandfather" and  
from the Secretary and Commissioners  
of the Municipal House—a beautiful  
piece was sent.

### Remarkable Case Puzzling France

Footballer Played Best Game  
of His Career With a Mor-  
tal Skull Wound.

Paris, Mar. 1.—The case of a rugby  
footballer, who played the greatest  
game of his life with a mortal frac-  
ture of the base of his skull, is puzzle-  
ing Paris doctors. In a match last  
week of the championship of France  
series between the Racing Club of  
Paris and Saint Gaudens Wing, the  
three-quarter of the former, named  
Vigneu, was checked in a flying tackle  
by two of his adversaries and he  
after the game began. The three landed  
in a heap with Vigneu falling un-  
dermost on the back of his head. He  
remained off the field stunned, but  
a few minutes later resumed his place,  
as the rugby game allows no substi-  
tutes. Vigneu played brilliantly,  
contributing materially to the victory  
of the Racing Club by six points to  
nothing. He showed no distress, but  
was noticed feeling the back of his  
neck from time to time, as if it were  
stiff. Late the same night he com-  
plained of a severe pain at the base  
of his skull and before dawn was  
conveyed to a hospital in a state of  
coma, from which he never was re-  
suscitated, dying the following after-  
noon. A post-mortem examination re-  
vealed the fracture of the skull, with  
extensive laceration of the brain tis-  
sue and physicians are at a loss to  
understand how it was possible that  
he rallied from the first unconscious-  
ness and played a fast game with such  
an injury.

### STILL VERY RICK.

Doorn, Holland, March 2.—The phy-  
sician in attendance upon former Em-  
press Augusta Victoria of Germany  
today said the patient's condition  
showed no change and that she still  
was seriously ill.

### DO YOU CATCH COLD EASILY? HOW TO AVOID IT

Colds are due to germs. No one  
can prevent the germs from getting  
into your nose and throat. But you  
can help keep plenty of strong, vigor-  
ous "antibodies" in your blood to fight  
and kill off the nasty "cold germs"  
before they do you any harm.

To develop these germ destroying  
"antibodies" properly, you must have  
plenty of pure, rich, red blood and a  
strong, vigorous constitution. In fact  
this is the best preventative against  
almost any disease.

If you are weak, nervous or run-  
down, or subject to colds, take no  
chances. One day you may develop  
serious throat, bronchial or lung  
trouble or perhaps pneumonia and  
you may go off like a shot. Therefore  
commence to enrich your blood and  
fortify yourself against "disease  
germs" today. To build more and  
better blood and make it circulate  
there is nothing superior to NUXAT-  
ED IRON as it contains organic iron  
like the iron in your blood combined  
with a product representing the prin-  
ciple chemical constituent of active  
living nerve force for feeding the  
nerves. Nuxated Iron may therefore  
be said to be both a blood and a  
nerve food. It often increases the  
body and mental vigor, strength and  
endurance in two weeks' time.

Over 4,000,000 people are using it  
annually. It has been highly com-  
mended by former United States Senators,  
U. S. Army Generals, many physicians  
and prominent men. Even the Pope  
at Rome mentioned it favorably in a  
communication to the Proprietor of  
the Pharmacy Normale of Paris.

Satisfaction guaranteed or the man-  
ufacturers will refund your money.  
Beware of substitutes. Look for the  
word "NUXATED" on every package  
and the letters N. I. on every tablet.  
Sold by all druggists.

### IN THE EDITOR'S MAIL

St. John, N. B.,  
Mar. 1, 1921.

Editor of The Standard.

Dear Sir:—I witnessed a sight of  
unusual sadness in the police court  
this morning and I think the public  
should take a keener interest in the  
manner in which cases are dealt  
with under the present magistracy.

She was a poor, wayward woman.  
She was arrested on the street at 4 a. m. and  
her excuses to the officer making the  
arrest were flimsy and incoherent.

granted. But why should the magis-  
trate hold her up to scorn and ridi-  
cule before hearing her side of the  
story? The officer was giving his testi-  
mony, told of finding her with some  
articles of clothing in her hand, in-  
stead of on her person and instantly  
the Magistrate cut in, as follows:

Magistrate—Did she have that lit-  
tle turban on her head?  
Officer—"Yes sir."  
Magistrate—"And the cherries on  
it?"

Officer (in an annoyed manner)—  
"Yes."  
Magistrate—"H'm, three nice ripe  
ones (meaning the cherries) and the  
rare green!" And the crowd laughed  
and jeered at the poor, lone, erring  
woman.

I'm not defending her, nor anyone  
else who commits crimes, and defendless-  
before an audience composed mainly  
of sailors from foreign countries and  
the usual crowd of loungers, was  
launched with scorn and contempt, it-  
tially lashed with it before any case  
whatsoever had been proven against  
her. The Magistrate rose to splendid  
heights of witty sarcasm, eloquence  
and the crowd enjoyed itself immensely.

The old challenge: "Let him that  
is without sin cast the first stone"  
rose to my lips—and died there; but  
I couldn't help wondering just how  
many of the men who enjoyed the  
thing so keenly, were probably guilt-  
ier than she. Where is the glorious

old chivalry of days gone by when  
every man's hand would stretch out to  
shield a woman in the hour of need?  
Why must a woman, however evil, be  
tried and so shamefully treated before  
an ignorant gang of foreign sailors,  
and be forced to listen to their rough  
laughter at her plight. Mr. Ritchie  
is a good man of lofty ideals and he  
means well, but his years on the  
bench seem to have hardened him to  
every sense of mercy or gentleness to-  
ward the weaker sex.

Go gently on that one point Mr.  
Magistrate; remember that every ac-  
cused "bad woman" in the world was  
once a sweet innocent girl until led

wrong by a man. Then, when her sin  
overtakes her, why should she be  
made an object of laughter and deri-  
sion before an audience composed  
entirely of men? To sum up let's use  
a popular slang phrase: "Have a  
heart, Mr. Magistrate, have a heart!"  
S. D. MacINTYRE.

### TAKE CARE OF THAT COUGH

Some people get a nasty cough and  
don't pay much attention to it, saying,  
"Oh, it will wear away in a short  
time," but while it may wear off, seri-  
ous injury may have been done to the  
lungs and respiratory organs by the  
prolonged, harsh, racking coughing.

On the first sign of a cough or cold  
get a bottle of Dr. Wood's Norway  
Pine Syrup. It will stop that nasty,  
troublesome cough, ease the tightness  
across the chest, and loosen the  
phlegm.

Mrs. Wm. Earnshaw, Apsey, Ont.,  
writes:—"Last winter I caught a bad  
cold, had a sore throat and a terrible  
hacking cough that I could not get rid  
of. I could not sleep at night. I tried  
a few remedies but they did not  
do me much good until I got Dr.  
Wood's Norway Pine Syrup. By the  
time I had taken two bottles, my  
cough was all gone. I feel that "Dr.  
Wood's" has no equal."

When you get Dr. Wood's Norway  
Pine Syrup, you are not experiment-  
ing with new and untried remedies, but  
one that has a reputation extending  
over thirty years.

Put up in a yellow wrapper; three  
pine trees the trade mark; price  
50c. and 90c. a bottle, manufactured  
only by The T. Muburn Co., Limited,  
Toronto, Ont.

### Whizz a minute and walk a Mile

That's tobogganing—a  
swift slide down hill, and  
a long walk up hill.

A cold is generally like  
that—it comes quickly  
and easily, but it is a  
hard uphill pull to get  
back to normal health.
