MARITIME AND MAINE BOWLING TOURNAMENT AT FREDERICTON

Eight Teams Putting Up Hard Battle for Championship—Ten Games Rolled Yesterday—Fredericton, C. W. V. A. and Y. M. C. I. of St. John Leading.

Fredericton, N. B., April 26.—At the close of the first day's play in the Maritime and Maine Bowling Tournament for the Canadian Championship, there is a three-cornered tie for the leadership with the Fredericton title-holders and two St. John teams, Y. M. C. I. and C. W. V. A. out in front, and the rest of the eight teams trailing but all still in the running.

Erratic rolling marked the opening games, but when play was concluded at midnight it was believed the various teams had found their bearings and would settle down to bigger pinfalls tomorrow and Thursday. The Hamilton team, regarded as the best of the tournament, won their first game, but later fell by the wayside and dropped two contests, as did Black's alleys of St. John, picked by many as favorites for the title. The C. W. V. A. team of St. John started off with a rash, but fell down on their final game of the day when Y. M. C. I. won from them by a margin of 26 pins the soldiers having four strings of less than 50 in that frame.

Calais, Me., generally looked upon as one of the strongest teams in the tournament, split even on their two games.

The standing of the teams at the end of the first day's play follows:

Team	Won	Lost
Fredericton	2	1
St. John, Y.M.C.I.	2	1
St. John, C.W.V.A.	2	1
Calais	1	1
St. John, Y.M.C.I.	1	1
Hamilton	1	1
Black's Alleys	1	1
Amherst, N.B.	0	2

Butty Soft for the Little Old Sign Carrier

Rounding Up of Indicted Persons

State Officials Are Apprehending Those Connected With Baseball Scandal.

Chicago, April 26.—A round-up of men indicted in connection with the 1919 world's series baseball scandal has started by state officials and Federal aid will be sought in apprehending several persons who have not yet been taken into custody. Mr. Gorman said that since there were no treaties with Canada under which a man could be extradited for a misdemeanor federal officials would be asked to request the Canadian Government to deport Astor and Sullivan as undesirable, if they are found in that country. President Ben Johnson, of the American League, now is en route to Washington to make this request, he said.

After Hal Chase.

Detectives will be sent tomorrow to San Jose, California, to bring back Hal Chase, arrested there yesterday. Eddie Cicotte, once the American League's leading pitcher, sent word from his Detroit home late today that he would come to Chicago within a few days, to give bond. Similar news was received from Louis Levi and Ben Levi, alleged gamblers.

Charles Riesberg, George Weaver, Fred McMillin, Joe Jackson, Oscar Felsch and Claude Williams, White Sox players, and Carl Zork and Ben Franklin, of St. Louis, have given bonds, Mr. Gorman said.

INDUCED TO GO AWAY

Montreal, April 26.—Statements were made under oath this morning in the court of King's bench implicating a member of the Quebec legislature, when Rene Lachance, formerly an employee of the Pinkerton Detective Agency, charged with contempt of court for failure to appear as a witness, declared that he had been induced to go away to prevent his testimony being heard in the case of three Canadian Pacific Railway conductors, accused of theft, and named Dr. Ernest Poulin, M.L.A., for Laurier division, as one of the active members in the alleged conspiracy.

NO TROUBLE AT FIUME

Fiume, April 26.—The elections today for the choice of the new Fiume administration proceeded without disturbance of any kind, only one incident marred the day, this being the explosion of a bomb in Dante Square, which injured no one.

Order was speedily restored here by the carabinieri, who made one arrest, that of a youth who said he was a supporter of the autonomous faction.

French Race Driver Tells How To Win

Boillot Says "Any Driver Starting in Race With Dirty Finger Nails Cannot Win."

By T. E. "POP" MYERS.

Indianapolis, April 26.—"Any driver starting a race with dirty finger nails cannot win it," said Andre Boillot, French race driver, who will be seen in a Tait-Barrack in the 500-mile race to be held at the Indianapolis Motor Speedway on Monday, May 30. His English is a bit broken, but he has a style of expression that is educating as well as amusing.

When Nineteen.

Boillot entered the racing game when but nineteen years old because "he took a fancy to it watching his brother." His brother, Georges Boillot, who died a hero in the late world war, was one of the greatest automobile race drivers of all time and Andre is rapidly following in his footsteps.

In the Targa Florio in Italy in 1915 he faced death no less than six times over the treacherous road course and he just as he was about to thunder across the finish line a winner he skidded, turned his car completely around, took out a section of the grand stand, and backed his car under the wire for victory. "I entertain much fear before every race," says Boillot, "but once I am into the competition all fear is forgotten."

He used to like the Indianapolis course best of all, he said, and when asked why he changed his opinion of the Hoosier oval he reluctantly remarked in an undertone, "It's too dry now." In former days Boillot was wont to have a bottle of Vin Blanc with him, but alas, he must drink water now.

Farming His Hobby.

Farming is his hobby of the race course and fishing his favorite sport, but the young Frenchman frankly admits that he "prefers to be lazy rather than engage in any permanent business pursuit. Because his sisters always received large boxes of chocolates from their admirers, Boillot's sole ambition when a boy was to be a girl. But there is nothing feminine about Andre, who made a name for himself in the French air service and was cited numerous times for his bravery against the Huns in the air, but as he says, "the war is over, and I won't talk about it."

Always in Trim.

It isn't necessary for Boillot to train for any race, according to himself, for he is always in trim. He lives a plain life in the open with a lot of exercise and eats as "less meat as possible."

His family objects to racing and when asked if he would start racing if he were a youth again, he replied, "no fear," and then added that he intends to give up racing at the end of next year. But he is always a center of attraction at the Speedway and has made many friends in Indianapolis. This will make his third trip to the Hoosier capital to compete in a 500-mile event.

ACCEPT CHALLENGE.

The West Side Tuxis Boys wish to accept the challenge recently issued by the Y. M. C. I. Junior to a game of Basketball on the Y. M. C. I. floor at any time suitable to the Y. M. C. I. If the Juniors wish to accept the challenge they may communicate with Mr. Nice at West 261-21.

"HOD" NELSON HAD SPECTACULAR CAREER BEHIND HIS TROTTERS

Charles Wagner, Canadian Farmer, Also Type of Owner—Driver Fast Disappearing from Tracks—Dope on Horses of Yesterday and of Late Years.

Before the autos forced the trotters off the roads, it was an ordinary occurrence for an owner to appear in races behind his horses and frequently to assign them for several seasons. At that time the majority of the horses all over the country and were in all kinds of company. One of her first starts was in a half-mile heat race at Ogdensburg, N. Y., and one of her last at Montgomery, Ala.

Without any experience in race driving or training, Wagner whisked the big brown mare into all kinds of races and did what he thought was best for the Wagner family. Phyllis never failed to respond when called on for a little more speed, even when her owner resorted to swimming her in a lake or river for exercise instead of track work.

Wagner and Nelson.

Of the owners who bred and developed their trotters, few had more spectacular careers than Charles Wagner and C. H. Nelson. The former was a Canadian farmer from Dickinson's Landing, Ontario. He raced Phyllis all over the country and won in all kinds of company. One of her first starts was in a half-mile heat race at Ogdensburg, N. Y., and one of her last at Montgomery, Ala.

Soccer Football Looks Assured

Two Teams Ready for League and Two Others Expected to Enter.

Those interested in soccer football gathered at the Y. M. C. A. last evening to talk over plans for formation of a league. William Deane was appointed chairman pro tem, and John Napier, Central Athletic Association, secretary.

Two clubs have definitely decided to enter the league, one from Central Athletic Association, and one from Carleton. It is also expected that McAvity's and the G. W. V. A. will have teams in the league.

No definite business was transacted at last night's meeting. Another meeting will be held Tuesday evening at which it is expected that all teams to enter the league will have representatives present, at which time a schedule will be drawn up and officials elected.
