Cammel Laird & Co., who are regarded
as the probable contractors, are strongly
in favor of the port, and if the induc-
ments offered are as all in leaving with
the importance of the works to the
the shipbuilding plant should be located
in Courtenay Bay.
To prepare the site for the dry dock
we must excavate a great quantity of rock
as there is a rocky promontory to be re-
moved and the dock will extend back al-
most to the roadway. Some of this ma-
terial we will use in building the break-
water. The balance we expect to utilize
in filling in the site where the shipbuilding
plant should be located.
As the contract for building the Cana-
dian warships calls for the completion of
the first one within three years from the
date the contract is signed we will con-
centrate our efforts in making ready for
this part of the work if it is decided to
locate the plant at this port.
As the dry dock will not be ready for
three years this will make necessary the
construction of a wet basin on the ship-
building site to the south of the dry dock.
It will be large enough to allow work on
three vessels to proceed at the same time
they will be launched, or rather floated,
and here they can be finished in safety.
The speed with which we will be able
to complete the work in less than three
years, but in work like this we hope for
the best.
Many Men to be Employed.
Mr. Stewart would not make any esti-
mate of the number of men who will be
employed on the work, but he did say
that he has figures with him, but he said
that it would be very large and that,
if the shipbuilding plant is also located at
St. John the number will be very greatly
increased.
It is understood that an arrangement
has been made by which the successful
bidders for the dry dock will take over
the franchise granted to the Imperial Dry
Dock Company. This will enable the
patriotic citizens who backed this propo-
sition with their cash to recover some of
the money expended and will allow the
new firm to secure the subsidies promised
to the Imperial Dry Dock Company with-
out further legislation, as this transfer was
authorized by an amendment to the pro-
vincial act in 1907. The subsidy promised
by the city was \$2,500 a year for forty
years and this was afterwards changed to
\$5,000 a year for twenty years. The pro-
vincial government has also promised sub-
stantial aid to the undertaking.
Among the other arrangements which
have been made for the commencement of
the construction work here it is said that
B. Mooney & Sons, of this city, have been
promised the sub-contract for supplying all
the granite required for facing the break-
water and for the other works.
Mr. Stewart said yesterday that Mr.
Norton Griffiths, M. P., president of the
company, may be in Canada at the end of
this month. If so he will first go through
to Vancouver where the company has some
big contracts on hand and then, if they
get the Courtenay Bay contract, he will
come to St. John.
The company now has its head office at
Vancouver with branch offices in other
parts of the dominion and is one of a
chain of companies doing contracting and
construction work here in a big way all
over the world. If they secure the St. John
contract their head office will probably be
moved from Vancouver to this city.

NOVA SCOTIA
Liberal Candidate Carried
Chatham by a Two to One
Vote.
Chatham, N. B., Sept. 21--(Special)--
Chatham was the centre of the contest
today as it was known that the winner
here would be elected. The Conservatives
used every possible means to pull out a
majority but when the polls were counted
Loggie was 327 in the lead, six vote being
692 to 365. This was a two to one vote
and when the announcement was made
the crowd went wild and cheered Loggie
time and again. Loggie's majority is twice
as great as it was in 1904.

jority--The Figures in Detail.

LIBERALS 8; CONSERVATIVES 5.
Gagetown, N. B., Sept. 21--Col. H. H. McLean doubled his majority in Queens-
bury, defeating Smith by ninety-three
votes. By good organization and sterling
service to the double constituency, Col.
McLean won his victory in the face of a
general Liberal reverse all over the coun-
try, and deserves the greatest credit for
his courageous fight. Liberals everywhere
are wiring him congratulations tonight.
