

still in Egypt at the time of Thotmes, and by introducing Moses just at the time he began to take up the cause of the people to whom he belonged, I leave it to be inferred that the Exodus took place some forty years later. I wish you to understand, however, that you are not to accept this date as being absolutely correct. Opinions differ widely upon it; and as no allusion whatever has been discovered either to the Exodus, or to any of the events which preceded it, among the records of Egypt, there is nothing to fix the date as occurring during the reign of any one among the long line of Egyptian kings. The term Pharoah used in the Bible throws no light upon the subject, as Pharoah simply means king, and the name of no monarch bearing that appellation is to be found on the Egyptian monuments. I have in no way exaggerated the consequences arising from the slaying of the sacred cat, as the accidental killing of any cat whatever was an offence punished by death throughout the history of Egypt down to the time of the Roman connection with that country.

Yours sincerely,
