John A. Bruce & Co., Hamilton, Ont.

It is impossible to over estimate the value of warm feet at this season of the year. Thousands of valuable lives are sacrificed every year in consequence of damp, cold feet. Cold feet lay the foundation for Pulmonary Diseases, so fatal to the people of our land. Could we make the world know how valuable our *Magnetic Foot Batteries* are for keeping up a warm, genial glow through the feet and limbs, none would be without them. These Insoles warm the whole body, keep the vital forces up, magnetize the iron in the blood, and cause a feeling of warmth and comfort over the whole body. If no other result was produced than to insulate the body from the wet, cold earth, the Insoles would be invaluable. In many cases the Insoles alone will cure Rheumatism, Neuralgia and Swelling of the Limbs. \$1 a pair, or three pairs for \$2, to any address by mail. Send stamps or currency in letter, stating size of boot or shoe, and we will send free by mail to any part of the world. Send for our book, "A PLAIN ROAD TO HEALTH." Free to any address.

BUCHANAN'S Improved, Double-Acting!

PITCHING MACHINE
 FOR UNLOADING HAY AND ALL KINDS OF LOOSE GRAIN.

This machine can be used in barns, sheds or on stacks. It can be used to unload to either side of the barn floor without being turned around on the track, thus saving the trouble and annoyance experienced in climbing to the top of the barn to make the change. This is a special feature in my double-acting carrier, for which I hold letters patent for the Dominion, and hereby caution the public against buying from any others than me or my authorized agents, any infringement, as I will hold all persons using imitations liable for damages. This machine has never been beaten, either on a fair ground or in the barn, although it has been submitted to any test that the opposing makers could suggest, and proved to be a much better machine in the barn at work than on the fair ground empty. We will send this machine to any responsible farmer on trial, and guarantee satisfaction or no sale. Agents wanted in a great many parts of the Dominion, where I still have no agents established. Liberal discount to good agents, no others need apply, as we will not deal with any but good responsible men. Send for circulars and prices.

THE COMMON-SENSE SHEAF LIFTER
 Works in connection with the Hay Carrier, and is the most complete apparatus ever offered to the public for unloading sheaves. No tearing the sheaves apart nor musing the load; leaves the sheaves on the mow in as nice a shape as they lay on the load. Price of Sheaf Lifter, \$5.00. Satisfaction guaranteed.

DARVILL & CO. S NEW PATENT PRESS BRICK MACHINE

The clay is prepared in the usual way, and used much stiffer than in a stock Brick Machine. Will work either strong or quick-sand clay; can be driven either by horse or steam power. The clay is pressed in the moulds, which are connected together, forming a revolving chain of moulds, lubricated with either oil, water or sand—the moulds passing through a tank or trough, which thoroughly lubricates them, so that the bricks leave the moulds perfect and smooth, being pressed on the revolving carrier, which extends any length on the yard. The brick is equal to any re-pressed brick. The bricks are taken from the carrier and put on the achs, requiring no man to sand the moulds, striker-off, or setting on the barrows, and the wheelers,—which is a saving of three or four men. Capacity: No. 1, 8,000; No. 2, 16,000; No. 3 24,000 per day, making a perfect pressed brick, superior to either stock or wire cut brick, which are apt to warp, and are difficult to cut
