BANK RECEIPT No 323

Department of Indian Affairs,

Ottawa,

Ontario.

For

967.³⁰

Date

17th

1913

Dear Sirs:-

I beg to enclose herewith tracings in triplicate of 41.82 acres required for the purposes of the Canadian Northern Ontario Railway for ballast and construction in the Township of Commanda.

I also enclose cheque No. F6571 in favor of the Department for \$967.30, the purchase price in this matter. Will you be so good as to let us have a patent as soon as possible.

Your letter No. 385346 of July 25th deals with the purchase price in this matter. The acreage is there shown to be 43.87, which was an Engineer's approximation according to the plans prepared him, but the surveyor's measurement shows the acreage 41.82.

Yours truly,

W. O. Wallace
