RESOLVED that this Liberal-Conservative Association desires to place on record its sincere satisfaction at learning of the continued good health and preserved energy of Canada's old, tried, and more than honored statesman the Honorable Sir Charles Tupper Bart. The man who in association with his great colleague Sir John McDonald made Canada what she is to-day - the brightest gem in the British empire. We are proud of the fact that Cumberland gave birth to this eminent son of Nova Scotia - this great father of confederation - this builder of the nation - this bulwark of British connection - this founder of free education and advocate for equal civil and religious rights to all. It is the earnest prayer of this Association and those for whom this body speaks that Sir Charles Tupper may in his well earned rest long live to enjoy the esteem and love of his countrymen and to contemplate with satisfaction Canada its progress and prosperity a work so much of which has been fashioned with his own hands and is the child and product of his own brain.
