

Occult Cancers should not be molested.

R. R. R. PILLS.

PURGATION

MADE PERFECT IN

Radway's Pills.

UNIFORMITY AND SAFETY
OF ACTION SECURED.

The Digestive Organs,

showing the course of Sub-
stances taken into the stomach
along the canal.

1. The Mouth. 2. The Tra-
chea. 3. Esophagus. 4. In-
side Stomach. 5. Gall Bladder.
6. Duodenum. 7. The Anus.

PERFECT DIGESTION

will be accomplished by taking
one of Radway's Pills every
morning about 10 o'clock, as
a Dinner-Pill. By so doing,
Dyspepsia, Headache, Foul
Stomach, Biliousness, will be
avoided, and the food that is
eaten contribute its nourish-
ing properties for the support
of the natural waste and de-
cay of the body.

Imperfect Digestion fre-
quently occurs when the bow-
els are regular; the constitu-
ents of solids that are not
absorbed in the circulation,
from imperfect digestion, are
frequently directed to the kid-
neys for their escape. In such
cases serious damage is done
to the kidneys, as the urine
secreted from imperfectly di-
gested substances or food, or
those constituents not se-
creted by the liver or gall-
duct, establishes a foreign
secretion in the form of Albu-

men, Sugar, Urea, Uric Acid, causing Bright's Disease, Diabetes, Dropsy, Renal
Diseases of the Kidneys, Congestion, Degeneration, Ulceration, Gravel, Bloody
Urine, etc. To prevent these serious and often fatal difficulties, take one of Rad-
way's Pills every morning, two hours before dinner.

Imperfect digestion may be known by a capricious appetite, craving for food,
great thirst, dryness in the mouth, dry skin, hot, fetid breath, restlessness, acidity,
heartburn, swellings in the abdomen, chest, legs, cold feet, frequent desire to
urinate, varied color of urine, etc. Where these symptoms are present the SAR-
SAPARILLIAN should be taken three times per day, and the Pills one to six, as
the case may require. As soon as digestion becomes perfect, these unfavorable
symptoms will disappear.

Sleep diminishes the power of resisting cold.

The formation of matter is preceded by a chill.

Blood from the lungs is r from the stomach dark.

Bile is a secretion to the liver, and is the natural purgative of the system.
