

**POWER plus Service**

Mr. H. TUTTON, of Branchton, Ont., writes:

Gentlemen:—I have had my Gilson 6 h.p. Engine for eight years and it is equally as good as new now, after doing all our work. In all this time, I have had absolutely no expense for repairs. I would not be without it for anything. I can chop a bag of the heaviest grain in four minutes—mixed grain and oats in less time. I also use it on the circular saw, rip saw, cutting bar, etc. All these jobs it handles easily, with great strength. Compared with other makes around me, I am perfectly satisfied with its economy of fuel.

When you buy a "GILSON" Engine, you buy *reliable power plus service*. We point with pride to the many GILSON Engines, turned out in the early part of our career, that to-day are running as smoothly and giving the same reliable service as when they left our factory.

The owners of these engines will tell you frankly that their engines have actually *cost them less* and given them *more service* than engines which could have been bought at a far lower first cost. *Durability—dependability—Service to the Buyer* are the watchwords of the GILSON factory.
