ADVERTISE IN

**The Farmer's Advocate.**

**Salt Your Hay**

Hay spoiled by rains, or made musty by poor curing conditions, can be made palatable for stock by using

**Salt**

Salted hay is better in every way than hay that is musty or off-flavor—stock will eat it with avidity.

Hay with a tendency to heat may be preserved by a little salt.

Any intelligent farmer can figure out for himself the advantages of salting his hay.

We merely throw out the suggestion that you use SALT.

**R. & J. RANSFORD,**  
Manufacturers and Dealers in Salt,
