THESE Pills are purely a vegetable compound carefully selected by medical skill and experience. Although mild in their operation, yet they will be found to be a most efficacious remedy for Indigestion, whether arising from idoicracy, sedentery occupation, or long continued residence in a confined or unwholesome atmosphere. Also for those innumerable diseases consequent on repeated indulgence in voluptuous living, excessive use of malt and spirituous liquors, likewise inattention and total neglect of an occasional required dose of medicine; to persons afflicted from any of these causes, the Pills are a speedy and certain cure. The setion of these Pills will also not only mitigate, but completely correct, that unpleasant and feverish taste of the stomach, producing frequent ernetations of sour, nauseating air, spasms, heartburn, ac.,—subduing inflammation, correcting the morbid secretion of a too active or torpid state of the liver,—they remove every funnealthy accumulation till the blood is purified, the whole system renovated, and all the functions act according to nature.
