MONEY MADE.

\$100 to \$1,000 invested in bank shares on margin makes the same profit on a rise as would be made by ten to twenty times this capital invested in the usual way of outright purchase. We often double investments within short dates. We mail pamphlet giving full explanations and directions, free. Now is a good time to invest in order to profit by the big advance expected this fall owing to good crops, growth of the North-West, extension of manufactures, and trade prospering. T. E. EPPS'S COCOA

BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of the digestion and nutrition, and by careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.

Mr. W. A. Wing, Westport, writes: "I wish to inform you of the wonderful results which followed the use of Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda. A cough of six months standing had reduced me to such an extent that I was unable to work. I tried many remedies without effect; at last I used this Emulsion, and before three bottles were used I am glad to say I was restored to perfect health."

Scrofula is a depraved condition of the system often hereditary, and characterized by indolent tumours, glandular affections, bad blood and a low condition of vitality that tends towards consumption, which is really Scrofula of the Lungs. Burdock Blood Bitters cure Scrofulous diseases from a pimple to an abscess by purifying the blood, correcting the secretions and giving a healthy tone to each organ.
