Caught Cold By Working In Water.

A Distressing, Tickling Sensation In The Throat.

Mr. Albert MacPhee, Chignecto Mines N.S., writes:—"In Oct., 1908, I caught cold by working in water, and had a very bad cough and that distressing, tickling sensation in my throat so I could not sleep at night, and my lungs were so very sore I had to give up work. Our doctor gave me medicine but it did me no good so I got a bottle of Dr. Wood's Norway Pine-Syrup and by the time I had used two bottles I was entirely cured. I am always recommending it to my friends."

Dr. Wood's Norway Pine Syrup combines the potent healing virtues of the Norway pine tree with other absorbent, expectorant and soothing medicines of recognized worth, and is absolutely harmless, prompt and safe for the cure of Coughs, Colds, Bronchitis, Croup, Sore Throat, Pain or Tightness in the Chest, and all Throat and Lung Troubles.

Beware of imitations of Dr. Wood's Norway Pine Syrup. Ask for it and insist on getting what you ask for. It is put up in a yellow wrapper, three pine trees the trade mark, and the price 25 cents.

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

1. It will protect the stock-feeder against low-grade and mixed by-products which he is not familiar with.

2. It will protect the manufacturer and dealer against dishonest competition.

3. It will promote a more intelligent use of the mill by-products, and thus directly help to bring about a more economic use of all feeding stuffs. There are some in the market that are dear at any price; others are good value at the prices asked.

It is to be hoped that farmers, dairy-men, and all feeders of live stock will make themselves familiar with the terms of the Act, and so study the composition and price of the feeds offered for sale that they will be able to make the best possible use of these in supplementing the home-grown roughage in producing economic gain, whether for growth, or fattening, or for milk production.

A member of the audience was informed that it has been a custom, in some cases, to adulterate bran with ground Western screenings, and inquired whether this form of adulteration would come under the Act. Prof. Harcourt was not prepared to reply what ruling the officers might make on this point, but thought that if the screenings were brought in separately, and then mixed with the bran, it would.

Note that the act prohibits the mixing, say, of corn and wheat brans, unless stamped and sold for whatever the mixture may be.

Incidentally, Prof. Harcourt strongly emphasized the feeding value of alfalfa, which no dairy farm should be without a patch of. No fodder crop, except, perhaps, corn, yields so well of good, fresh and green feed, throughout the season, and its protein content is very high.

Frosted wheat is rather higher in protein content than normally-ripened wheat. The proteid framework of the grain is the first to be constructed, and it is then filled with starch.

Western spring-wheat bran is probably slightly higher in digestible protein than the bran of Ontario fall wheats.

Wheat bran should contain not less than 14 per cent. of crude protein, but samples have been analyzed that went as low as 3 per cent.

5000 FACTS ABOUT CANADA

The public will warmly welcome the new 1910 edition of the booklet "5000 Facts About Canada," compiled by Frank Yeigh, whose writings and Lectures on Canada are widely known. The popularity of the publication is shown by its sale of nearly 50,000 copies, not only in Canada, but through the Empire, and indeed the world. The 1910 edition contains a large percentage of new matter, under such heads as agriculture, mining, banking, trade, railways, wheat growing, education, religions, etc., while a new feature is a budget of Empire facts. The book is a revelation of the riches and resources of the Dominion.

ONTARIO'S PROVINCIAL POLICE FORCE

From the far western boundary of the province to the organized districts of older Ontario the reorganized Provincial Police Force now wields the rod of authority. The work of fashioning the force into an efficient organization has taken time, but it is hoped the desired result has at last been arrived at. With the exception of one or two appointments that have yet to be finally decided upon, the plan for the policing of the unorganized districts and entry points of the province has been completed. From Kenora down along the railway line to Muskoka, at intervals of twenty-five to fifty miles, men have been stationed, and their territory is so distributed that a complete chain of police supervision is established.

Although they have the same problem of policing stretches of organized territory as the Northwest Mounted Police the conditions confronting the Provin-

Clip Your Horses In the Spring

In the spring when your horses are soft and you put them at the hard spring work they sweat a great deal. Their heavy winter coat holds the sweat and it dries out slowly. If left to stand they take cold easily and at night they chill and are liable to all kinds of complaints. If you clip them they dry off fast and there is no question but they stand much less chance of taking cold when dry than if wet. You would not like to stand on a raw spring day or on a chilly spring night with a heavy wet suit on. Neither do your horses. It pays to clip them and blanket, if necessary on cold nights. Your horses dry off much faster, they feel better, rest better, get more good out of their food and do better work. They are better all around. Is it the humane and profitable thing to do. The quickest, least expensive and most satisfactory way to clip is with

The Great Stewart Ball Bearing Clipping Machine

The price at your dealer's all complete, ready for work is only \$9.75. This machine turns easy, clips fast and will last a lifetime. We guarantee it for 30 years because the gears are all cut from the solid steel bar. They are made file hard. They are enclosed and protected safe from dust and dirt and they run in an oil bath. Friction and wear are practically done away with. It is the only ball bearing clipping machine. It has 6 feet of high grade flexible shaft and the famous Stewart one piece tension clipping knife. This is the noted knife that will stay sharp longer and clip more horses than any other clipping knife ever made. Price of the complete machine all ready to use is only \$9.75. Get one from your dealer. If he does not have it write us direct.

A MAN'S BOOK

A PRIVATE TREATISE, WITH ILLUSTRATIONS RELATING TO DEBILITY, ITS CAUSE, EFFECT AND HOME CURE.

Let Me Send It To You FREE

Here is a little volume of cheer and helpfulness which all men, young or old, can read with great profit; it contains much valuable information of a private nature, is fully illustrated, and represents the practical knowledge I have gained from forty years of actual experience in giving help to upwards of 100,000 enfeebled, nervous discouraged men. Just a postal card with your name and address, and the book will be forwarded free, sealed, by return mail, and with it, as well, I will enclose a full description of my new 1910 model Electric

HEALTH BELT

If you need new strength, this wonderful appliance must appeal to you. It generates a pleasant, exhilarating current instantly felt, though it can be made any degree of strength from mild to strong by simply turning the needle of the current regulator; worn nights while you are sleeping, it pours quantities of health-giving, soothing electricity into your sick, weak nerves; you get up mornings feeling bright, strong, full of courage and ambition; it takes all the weakness and pain out of your back; it is a great remedy for your kidneys, bladder, stomach, liver and other vital organs; it cures rheumatism in all parts of the body; it is a courage-giver of the highest order; it brings new strength where weakness exists; it will restore you to vim, vigor and true manhood as sure as night follows day; it makes you feel young and look young; you will live longer for its use; you can throw away all drugs and commence to live as Nature intended you should—a man among men, healthy, happy and vigorous. I can send you thousands of testimonials if you care to see them. Here is a sample cure:

"Your Health Belt cured me of Nervous Debility. Lumbago and Indigestion after all else failed."

James Robb,
Glenboro, Man.

In all instances I concentrate the full positive current at small of back; it thus enters the system at the nerve and vital center.

THAT'S YOUR WEAK SPOT

passing thence through the different weakened organs, giving them new life and force. You can get the Belt

ON TRIAL UNTIL CURED

or for cash at a discount, just which ever you wish. Send your address on postal or fill in coupon; or, call at my office, if you live in or near this city. Advice concerning your case will be cheerfully given without charge or obligation
