Here's the newest thing, and you'll go a long way before you find a better one. A sweet, crisp little biscuit, of novel shape.

Fancy we hear your customer say: "How cute," when you show it to her.

Anyway, it's out of the ordinary—a new thing and a good one, and she'll buy at once.

Probably you'll be asked for other kinds to "mix in," so this biscuit novelty will promote the sales of others.
