*a Car on Lumber*

For years the crying need of the Canadian West has been for mixed farming and more livestock. Agricultural experts advised it. The Commission on Agricultural Credits recommended it. The Banks demanded it. But the high price of Lumber and Fence material has heretofore made stock raising impossible. The Grain Growers' Grain Company, however, has solved the price problem by handling Lumber and Fence material.

## Lumber

We can supply every piece of Lumber for a House or Barn, from the heaviest timber to the finest finishings, including doors, windows, mouldings, etc. If you send us a list of the particular materials you will require, and dimensions of same, we will give you the exact cost of the whole lot delivered at your Station. If you find it difficult to figure out your requirements, send us a general outline of your plans, showing size and kind of house or barn you intend building, and our expert will accurately estimate the amount of each kind of lumber required, and we will quote you the lowest price at which it can be delivered at your station.

Our lumber is all of the very highest quality. It is carefully graded and inspected, and has not been picked over or regraded after the best boards have been sorted out, as is so often done. Our stock is practically unlimited, and we are able to fill all orders promptly. We can save you from \$100 to \$200 a car. Let us know what you require and we will do the rest.
