

BOY KILLED IN THE WOODS BY A SHOT FROM RIFLE IN HANDS OF HIS FATHER

ST. ANDREWS, Nov. 9.—The town was plunged into mourning today by the tragic death in the woods at Elmville yesterday of Lester A. Rollins, the fourteen-year-old son of Douglas A. Rollins, blacksmith. With his parents he had driven to Henry Crear's to spend Thanksgiving day in the woods. Yesterday the lad expressed a desire to see the spot where his brother William had shot a moose a few weeks ago. The two started out, accompanied by Crear and John Irving. Rollins, the elder Rollins took his rifle along with no expectation of doing any shooting.

Father Stumbled
While going through a rough piece of woods the father stumbled and the rifle was discharged. The bullet entered the boy's side and emerged from the back of his head, causing instant death. Leaving the body in the woods in charge of Irving the two others walked back five miles to break the sad news to deceased's mother and to get a team to bring the body out.

The shock has nearly crazed both parents. The body reached St. Andrews at 4 o'clock this morning. The deceased was a remarkably bright and lovable lad. He won the Lieutenant-Governor's medal in the recent High School entrance examinations and the presentation was to have taken place in a few days. He was organist in the church and was greatly interested in school and Sunday school work. The funeral will take place tomorrow.

It is reported here tonight that a youth named Hall was fatally injured by his own gun in the woods near St. George.

ELOPED, CHASED BY EUROPE, ARE MARRIED

PARIS, Nov. 9.—While J. L. Morgan of Montreal, N. C. was awaiting the confinement for his runaway daughter, Fayette, and W. P. Craig, with whom the young woman eloped from Florence, Italy, about three weeks ago, the pair were married at Canterbury, England. The ceremony took place last Friday.

Mr. Morgan returned to America in ignorance of the wedding. Mr. and Mrs. Craig are now in this city. Craig was employed as a broker's clerk in New Orleans, and on a recent visit to Montreal, N. C. he fell in love with Miss Morgan, who is 17 years old. Mr. Morgan forbade the marriage, and the young man declared he would marry without Mr. Morgan's consent.

Morgan promptly sent his daughter, under the care of a chaperone, to attend an art school in Florence. Craig's efforts to outwit the father were rewarded by a bequest of \$3,000, which enabled him to get to Europe as soon as did Miss Morgan. He found her in Florence, and they made a voyage attempt to be married on the continent.

Meantime Mr. Morgan got news of what had happened, called American agents throughout the continent to find the pair, and hastened to Europe.

MOUNT STEPHEN GIVES HIS PASTOR \$73,300

MONTREAL, Nov. 9.—St. Paul's church, the leading Presbyterian place of worship in the city, tonight celebrated the twenty-fifth anniversary of the induction of Rev. Dr. Barclay as pastor and signalled the occasion by presenting the Doctor with \$73,300 in gold. At least this was the original intention, but during the week there arrived from Lord Mount Stephen, for many years a leading member of the church, securities to the value of \$73,300 which he asked should be added to the congregation's gift to Dr. Barclay as a testimonial of esteem to his old pastor.

Dr. Barclay enjoys the distinction of being the best paid clergyman in Canada, his salary being \$7,000 per annum, the occupation of a costly manse, heat, light and the services of a man, together with other incidentals.

The body will be brought on, arriving here Tuesday night and the funeral will take place Wednesday afternoon from James Mowatt's residence.

Rev. George Woods, pastor of St. Andrew's church, delivered a strong Scott Act sermon today. He went into the matter fully, taking up the number of drinks as compared with last year. He also compared the convictions during the same period and showed that while drunkenness had increased, there was a decrease in the convictions and the act was very poorly enforced. The speaker stated that there were very practically open bars in the town and that the council had done hardly anything to stop the traffic.
