mentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unincertainty seems to have existed as o their status under the act, the Military Service Council in con-junctin with the deputy superin-tendent of Indian affairs has recom-mended that the time for compliance with the proclamation of the 13th of October by Indians be extend-

"3. The deputy superintendent of Indian affairs has arranged to notify all Indian agencies to this effect, and it is proposed to carry on the work of reporting for service or claiming exemption by such Indians who had failed though ignorance or otherwise to respond to the proclam-ation, through the various registrars under the act, and through the various Indian agencies according to the military districts."

Indians, though liable for service under the military service act, are to have until February 1 to report for service or to claim exemption. This ruling, which was issued yesterday from Ottawa, was made with the idea of clearing up any misunderstanding that may have existed up to the present time with regard to the status of Indians under the draft law.

J. D. McGregor of Brandon has accepted the office of Food Controller for the four Western Provinces, and Robt. Kelly, Vancouver, has been appointed a member of the Federal Food Board.

The price of No. 2 Ontario winter wheat has been fixed by the Board of Grain Supervisors at \$2.22 per bushel in store at Montreal.

To give sweater coats a new lease of life

Now that sweater coats are getting more expensive, it is more than ever desirable that you wash yours with LUX. Of all things a sweater coat, which is seen so much, must be kept soft, fluffy, fleecy and "new" in appearance. You can keep yours that way and wash it again and again if you do this:

Pour boiling water over LUX flakes—pure essence of soap—allowing 3 or 4 tablespoonfuls for every gallon of water you use. Whip into a creamy lather—a few seconds is needed. Then put in the garment and stir it about. Let it soak until cool enough for your hands to squeeze the water out of the coat—the dirt just runs away! Rinse in two or three relays of tepid water, and hang to dry.

Very simple. Anyone can do it-just a few minutes' work and you get a result that the most expert French cleaner might well envy.

LUX won't shrink woollens. Won't hurt any fabric or color that pure water can safely touch
