BABES AND WOMEN
 Continued from Page One

room and drowned. Fearing that the liner would founder at any moment, Captain Dyer ordered the boats lowered and fastened lifebelts to all passengers. One boat was swamped, another was damaged because the falls became fouled and another was swept back against the liner by a wave and smashed by the propeller. Another narrowly escaped a similar fate. Henry Burton, minister of railways of the Union of South Africa, who was among the survivors, was not inclined to speak of his own experiences, but joined with other survivors in praising the devotion to duty and the self-sacrifice of the officers and the ship and the men on the naval vessels which rushed to the rescue.

TO LOCATE HERE.
 As an after the war project the management of Leow's Theatre who are doing business in Hamilton and Toronto are considering locating a theatre here. At present there is no favorable place near the centre of the city and they may have some trouble obtaining property suitable for their purpose.

MINISTER INSPECTED POST OFFICE BUILDING

Hon. Frank Carvell in the City on Saturday Afternoon
CAME FROM PT. DOVER

After handing out the good news in Port Dover on Saturday afternoon, Hon. Frank Carvell, Minister of Public Works, was prevailed on to visit Brantford by Mr. W. F. Cockshutt, M.P., who on the arrival of the special car, kindly placed his automobile at the Minister's service. Although the visit was a short one, occupying but two and a half hours, the Hon. gentleman had the pleasure of a fast ride around the city, viewing with pleasurable surprise the many large factories and the beautiful homes and streets. A visit was then made to the Post Office, and the Minister expressed his pleasure that Brantford had succeeded in securing such a handsome building before the war. "For," he said, "there is no money these days for anything except that pertaining directly to the war, or spent on matters which could be designated 'war measures.'"

AUSTRIA GERMAN MOUTHPIECE IN NEW PEACE OFFER

Dual Monarchy Proposes a Non-Binding Conference of Belligerents

DISCUSS PROBLEMS
Germany Also Makes Offer of Peace to Devastated Belgium

London, Sept. 16.—It is understood that the Government has received the Austro-Hungarian peace note, and also the proposal, previously referred to, that all the powers should withdraw their troops from the Murman territory.

It is also learned that Germany has made a peace offer to Belgium. The terms of this proposal are as follows: "That Belgium shall remain neutral until the end of the war."

"That hereafter the entire economic and political independence of Belgium shall be reconstituted."

"That the pro-war commercial treaties between Germany and Belgium shall again be put into operation after the war for an indefinite period."

"That Belgium shall use her good offices to secure the return of the German colonies."

"That the Flemish question shall be considered, and the Flemish minority, which aided the German invaders, shall not be penalized."

The proposal contains no word respecting reparation or indemnities, no admission that Germany wronged Belgium.

Amsterdam, Sept. 15.—The Austro-Hungarian Government yesterday invited all belligerent Governments to enter into non-binding discussions at some neutral meeting place with a view to bringing about peace. The Holy See and all neutral nations also will be notified of this statement from Vienna making the above announcement has been received here.

In extending invitation the Austro-Hungarian Government states that the object of the conference would be to secure an exchange of views which would show "whether those prerequisites exist which would make the speedy inauguration of peace negotiations appear promising."

The Austrian proposal suggests that there be no interruption of the war, and that the discussions would go only so far as to consider by the participants to offer prospects of success.

The proposal calls for all the belligerents to send delegates to a "confidential and undisturbed discussion on the basic principles for the conclusion of peace, in a place in a neutral country, and at a near date that would yet have to be agreed upon."

The proposal says the conference would be one of "delegates who would be charged to make known to one another the conception of their Governments regarding those principles and to receive analogous communications as well as to request and give frank and candid explanations on all those points which need to be precisely defined."

What the text of the official communication reads: "An objective and conscientious examination of the situation of all the belligerents states no longer leaves doubt that all peoples, whatever side they may be fighting, long for a speedy end to the bloody struggle. Despite this natural and comprehensive desire for peace, has not so far been possible to create those preliminary conditions calculated to bring the peace efforts nearer to realization and bridge the gap which at present still separates the belligerents from one another. "A more effective means must therefore be considered whereby the responsible factors of all the countries can be offered an opportunity to investigate the present possibilities of understanding."

After the ride, the party adjourned to the Brantford Club, where, at the guest of the city and the Board of Trade, the Minister and a group of local business men were entertained at supper. The affair was entirely of an informal nature, the speeches being of a congratulatory nature in reference to the promise of Mr. Carvell re Port Dover docks. Mr. Cockshutt reminded the visitor that he had been with him for a large part of the day, and suggested that it must be a unique experience for the Minister of Public Works to visit with a member in his constituency and not be asked for some new building.

Mr. C. S. Ellis, President of the Board, occupied the chair, and those present included: W. F. Cockshutt, M.P. for Norfolk; The Honorable, Mr. Frank Carvell, of Woodstock, N. B.; Acting Mayor Fred Harp, Aids Kelly and Hurley and Messrs. Shepperson, Wilkes, A. A. Russell, Trench, W. R. Turnbull, C. Waterson, Guy Hately, J. A. Schultz, Terryberry, Cook, Powell, Walsh, Whitney and Bamford.

KINGS MESSAGE TO PRESIDENT

Lloyd George Also Sends a Characteristic Telegram

By Courier Leased Wire
 London, Sept. 14.—King George has sent a message of congratulation to President Wilson on the victory won by the Allied Powers in the St. Mihiel salient. The King's message reads:

"On behalf of the British Empire, I heartily congratulate you on the brilliant achievement of the American and Allied troops under the leadership of General Pershing in the St. Mihiel salient."

"The far-reaching results secured by these successful operations, which have marked the active intervention of the American army on a great scale under the most auspicious for the complete, and I hope not far distant triumph of the Allied cause."

BETTER THAN PHYSIC.
 London, Sept. 14.—Premier Lloyd George has sent the following message from Manchester to General Pershing at the American front:

"I desire to offer to you and your brave armies heartfelt congratulations on your great victory."

"The enemy has made many mistakes in this war, but none greater than when he underestimated the valor, determination and intrepid spirit of the brave soldiers from the great democracy of the United States. Now that he has tasted the mettle of the American armies, the enemy knows what is in store for him."

"The news came to me on my sick bed; it was better and infinitely more palatable than any physic."

LOCAL NEWS

FLEET OF TRUCKS.
 In order to relieve the freight situation there is talk of running a fleet of motor trucks between the places where the traffic is heaviest. A route will probably be laid out between Hamilton and London, possibly by way of Brantford.

LIQUOR CONSIGNMENTS.
 Seven liquor consignments have been seized at the local express companies within the past week by Inspector Baezel. This morning in the Police Court one appeared for them and they will be destroyed.

REMOVED SILENT POLICEMAN.
 Another of Brantford's traffic signals has been removed by some ambitious person. The one in question, situated at the foot of Terrace Hill, has been missed since yesterday and as yet nothing has been heard of it.

POLICE COURT.
 In the Police Court this morning a man was charged with the theft of numerous automobile tires at various times. He pleaded guilty to most of the charges, but was remanded until Friday. A case of a family quarrel was dismissed. A case of assault and using abusive language was dismissed as there was apparently no grounds for the charge.

PERMIT ENTRY.
 The War Trade Board at Ottawa, has issued instructions to inspectors of customs throughout Canada to permit entry without license of woolen, cotton and linen manufactures from Great Britain. This action is taken for the convenience of merchants, and is merely a temporary measure.

Dr. Chas. Jarvis is spending a couple of days in Goderich this week.

CANADIAN CASUALTIES

By Courier Leased Wire.
 Ottawa, Sept. 15.—Casualties:
 Infantry.
 Wounded—34,323 H. Clark, St. Catharines; 542,333 C. Casler, Brantford; 575,347 F. Johnson, Hamilton; 401,681 G. E. Wickert, St. Catharines.

REV. J. W. WOODSIDE AT ALEXANDRA CHURCH

Toronto Pastor Spoke on the Subject of "Christ, the Unchangeable"

Rev. J. W. Woodside of Chalmers Church, Toronto, gave a striking exposition of "Christ the Unchangeable" at the Alexandra Presbyterian Church, last evening. Large crowds thronged the building, and not a sound was heard from the audience from the time Rev. Woodside rose to speak until the last words of his message were uttered. One of the features of the service was a solo by Miss Kate Lytle.

Rev. Mr. Woodside chose as his text, "Jesus Christ, the same yesterday, to-day and to-morrow." Everyone in this world, he pointed out, passed through innumerable changes, but Jesus Christ, the same yesterday, to-day and to-morrow, was the only one who remained the same. He pointed out that the beautiful flowers of the field are in bloom for a short time, but after a while a change sets in and they wither away. Even the hills and mountains, though they appear to be permanent, sooner or later pass away. The earth itself seems as we look at it, unchanging, but when geologists delve into its bowels and study its history, they find that it is continually changing. The sky, as we look at it, appears unchanging, but it is nothing but a continual change. Millions of stars are visible in the heavens centuries ago. At one time man's food fell off a tree and he picked it up, ate and was satisfied, but now a thousand men are responsible for the food that a person eats in one meal. Physicians tell us that every seven years there is a complete change in our bodies. Though all these things change and decay, Jesus Christ and His Gospel are the same yesterday, to-day and to-morrow. This is the foundation for all Christianity, regardless of creed. Matthew, Mark and Luke all wrote the history of Jesus Christ, but none of their Gospels are exactly the same. Each one describes Jesus from the writer's own particular point of view. Despite all these different characters He is given, He is still unchangeable. No two men can write of any incident exactly the same because all people are different, and look upon things from different views but all these different aspects do not make the object any less a real thing. People who each get separate glimpses of the life of Christ naturally have different ideas of Him. Men who have been helped by Him to lead a better life, they know all about Christ, but in reality they know of a very small part of His goodness. But regardless what we think of Him, He is always the unchangeable. It is remarkable to think that Jesus, a Jew born in a small corner of the Roman empire, should be the most conspicuous person in all the world, and as soon as He began to preach, He attracted people from all parts of the known world. Greeks, Romans, Ethiopians and Persians alike marvelled at the wonder of His doctrine. Some men say that the Gospel is worn out and that it has lost its power, but only when people cut it down to suit their own narrow needs does it seem that way, and that it is not the Gospel. Men of all ages have died for it, and what better proof of its lasting power could be had than this. Every man who has appeared on the world's roll in this war has made that sacrifice for the sake of Jesus Christ, and if the power of the Gospel was not in the hearts of our soldiers, the Germans would be far more successful than they have been at times during the war. Human love changes and decays, but God's love for the world is always the same. Geologists tell us that the great Niagara was at one time not in motion; this great and mighty river, whose roar is heard passing over the rocks to three hundred feet below can be heard for many miles. Even this great river has its period of changes, but God's love for the world never ceases to flow. Inevitable changes must come but God's love always remains the same yesterday, to-day and to-morrow.

Yes, to-day, through all the vast ages of time, Jesus Christ, the same yesterday, to-day and to-morrow, remains the key to the philosophy of our evolution. To-day His power will sooner or later bring this great war to a successful close. To-morrow the power of Jesus Christ will triumph over sin, injustice and everything wrong, and He shall be King of Glory eternally.

DEFT HAND OF GERMANY GALWAY CASTLE SUNK BY U-BOAT

Is to be Seen in the Austrian Peace Offer

The Opinion Expressed at Sunday Service by Rev. Mr. Woodside

In announcing the peace suggestion of Austro-Hungary in Zion Church yesterday, Rev. Mr. Woodside said:

"Tired and weary of war as we all are, I think we all feel that peace at the present time under such conditions as Germany would assent to would be disastrous to the world. Even though Britain and her Allies might not consent the time spent in negotiations would give Germany opportunity to strengthen herself for further war. The peace proposal is a most dangerous move—more dangerous than any movement of her forces whether on land or on sea. I think we can all see in this move by the Austro-Hungarian Government the deft hand of Germany, yet too proud to make the suggestion herself, but most anxious for peace and who continue to make a 'cat's paw' of her friend and ally. This is conclusive evidence that her spirit is not broken and until it is she continues to be a most dangerous and unprincipled enemy. We are not ready for peace because she says so. Rather would it indicate the time for our striking our hardest blow and this is the answer I would give to their proposal."

PARIS BOMBARDED.
 By Courier Leased Wire.
 Paris, Sept. 15.—Several enemy aerial squadrons flew over the region of Paris this morning. They were subjected to a heavy anti-aircraft fire, but succeeded in dropping some bombs. There were a few victims and some material damage, according to an official report. The alarm was sounded at 12:24 and the "all clear" signal was given at three o'clock.

120 of Passengers Who Were on Board the Vessel Are Missing

CAPTAIN ALSO LOST
Many Women and Children Included in Those Drowned

London, Sept. 15.—The British steamer Galway Castle, of 7,988 tons gross, was torpedoed and sunk Friday morning. She had 360 persons on board, of whom more than 260 were saved. One hundred and twenty passengers are missing. The passengers included 300 women and children. The bodies of three of the children, who had died, were brought ashore. The captain and several of the officers are reported to have been still on board the ship when she was last seen and sinking.

COULDN'T FIND WHAT SHE

Trys Tanlac Finds Everything About it

"I could hardly believe what I heard of a good thing I heard of a much good that I started on it, too," said Mrs. of 2038 Dundas street, the other day.

"For about a year, I suffered from trouble and nervous brought on largely by about my husband, the army in France, failed and I couldn't get on without him."

"I have taken four Tanlac now and can't want and never have digestion or gas after nervousness is all gone. I have a baby, don't have the able feeling and have it in weight. I am that burning in my side and in weight. I am that burning in my side and in weight. I am that burning in my side and in weight."
