Board of Health Bulletin

Kentville, Nov. 21, 1901.

No new cases of Small-pox have occurred in the Town for some weeks. There has only been one death during the Autumn, and the other cases are well.

The two months quarantine will be raised from several houses this week.

W. B. MOORE, M. D.
Health Officer.

A COMING EVENT

If the weather is fine on Saturday, Nov. 30th, Kentville will again witness a great attraction in the line of a horse and cattle show. Posters are now out giving the particulars. One hundred and fifty dollars in prizes has been offered in twelve classes and owners of good horses, colts, oxen and stags should consult the posters and decide to enter the list and capture the prizes if possible. Judging from the success of first show on the 9th inst, now that the public have confidence that danger from Small-pox is past, the 30th will see an immense lot of people here and a lot of fine stock.

Municipal Elections

The Municipal elections were held throughout the province last Tuesday. The fight was particularly exciting in several wards. The contest in Ward 3 was particularly close and very exciting. Below is a list of the Ward representatives for the next three years.

At the first horse show on Nov. 9th, the King's birthday, the stores were closed part of the day and merchants did not generally ornament their shops as few people were expected from outside on account of the extravagant stories circulated through the county as regards smallpox here. Now the county is satisfied that smallpox no longer exists, only a safety quarantine. The people will generally desire to see the fine display of horses and cattle. So the merchants will have their shops neatly decorated and the whole town will have a bright appearance. Our merchants now report good business being done.

A new laundry building is being built at the Aberdeen Hotel in place of the one recently destroyed by fire.

We understand that Dr. Hugh I. Dickey, Charlottetown P. E. I. intends practicing in Halifax and will move there about December 1st. The Charlottetown Patriot says in regards his leaving: "Dr. Dickey's object as leaving the Island is to have a wider field for his practice. His success while here has influenced his decision in this matter, and we trust that in the city of Halifax, surrounded by a big country population, he will meet with the same measure of proportionate success that attended his skill on the Island. Socially, the doctor and Mrs. Dickey will be greatly missed, for they have enjoyed an unusually large circle of warm friends, who will join with the Patriot in wishing them a cordial adieu."

1900	40,142	195,639.99	144,767.66	982,029.32

As will be noticed in 1900, over \$144,000 was carried to the reserve fund, after paying over \$195,000 out in death claims.

The order issues policies for \$500, \$1,000, \$1,500 and \$2,000, the latter sum being the limit of insurance carried on any life.

The premiums payable monthly in advance, are as follows:

Between the	On	On	On	On
age of	\$500	\$1000	\$1500	\$2000
18 to 25	.35	.60	.90	\$1.20
25 to 30	.40	.65	.98	1.30
30 to 35	.45	.70	1.05	1.40
35 to 40	.50	.85	1.28	1.70
40 to 45	.55	1.00	1.50	2.00

After paying upwards of one million and three quarters in death claims the Order had a surplus in the insurance department of \$1,082,000 at the end of August last, all of which is invested in gilt-edged securities in Canada, or is on deposit in the best monetary institutions of the country.

Not a dollar of the moneys collected for the insurance fund is or has been used for the expense of management. The society's business being confined to Canada the death rate is very low. The death rate per 1,000 of membership in 1898 was 4.56, for 1899, 4.45, and in 1900, 4.88, and since the organization of the society, the average death rate has been only 4.93.

The society now has a membership of upwards of 40,000.

The Sick and Funeral Benefit branch, although an optional feature, is a very popular department and upwards of 22,000 of the members of the society are participating in this feature of the order. Mr. and Mrs. T. W. Cox were freed from their safety quarantine Wednesday and all will be glad that they escaped the epidemic. It has been quite a trying experience to Mr. Cox to be shut up in his house so long and it has been a great loss to him in his business. He bore his confinement with the greatest patience and has asked us through our columns to thank the people of Kentville and vicinity for the sympathy they have expressed for him and Mrs. Cox. Mr. Cox has given the town authorities a free hand to destroy anything that they considers necessary in properly fumigating his house. We hope in a very short time to hear the merry ring of his snail again and feel sure that his old customers will at once give him their work.

Rev. Irl R. Hicks is Not Dead

Notwithstanding a widely current rumor that the Rev. Irl R. Hicks was dead, he never was in better health, and never did a harder and more successful year's work than that just closing. He has just completed his large and splendid Almanac for 1902 and, with his staff of able helpers, has brought his journal, WORD AND WORKS, justly forward into international reputation. For a quarter of a century Mr. Hicks has grown in reputation and usefulness as the people's astronomer and forecaster of storms and the character of coming seasons. Never were his weather forecasts so sought after as now, his timely warning of a serious drought this year having saved the people from loss and suffering. Millions of bushels of wheat were harvested through his advice to plant crops that would mature early. The American people will certainly stand by Prof. Hicks, when it costs them so little and the benefits are so great. His fine Almanac of 200 pages is only 25c, and his splendid family journal is only one dollar a year including the Almanac. Send to WORD AND WORKS Pub. Co., 2201 Locust St., St. Louis, Mo. 63103, a. & o.
