TRADE IN THE DOMINION.

Fair Business Being Transacted-Past Year Reviewed, NEW YORK, Dec. 29.—Bradstreet's to-da

Montreal preparations are making in several lines to send out travelers. At Quebec City shoe manufacturers report the trade brisk. At Halifax the volume of business is moderate and wholesale trade is dull. Collections throughout Nova Scotia are slow. In Newfoundland the business situation remains unchanged or as previously described, somewhat chaotic. Bank clearings at Winnipeg, Hamilton. Toronto, and Halifax aggregate \$15,412,000 this week against \$21,171,000 last week and \$16,850,000 in the week last year.

Canadian business failures during 1894. as reported to Bradstreet's, aggregate \$1,851,782,000 this year and \$14,762,000 last year, with customary ratios of assets. There is a moderate increase in the number of failures, with nearly double the amount of liabilities. New Brunswick reports a moderate increase in the number of failures, with nearly double the amount of liabilities in 1893; and Nova Scotia, a moderate decrease and a heavy decline in volume of liabilities, i.e. like being true with reference to Prince Edward Island. In Manitoba there is one less failure than the year before though with a slightly a slightly a suppore though with a slightly a slightly and the search of the prince before though with a slightly a slightly and the search of the support the present the prince before though with a slightly a slightly a slightly and the search of the support of the prince before though with a slightly a slightly a slightly and the search of the support of the search of the support of the the year before, though with a slightly increased volume of liabilities. Failures in the Northwest Territory dropped more than one-half this year and liabilities still further. There is also a maller number of failures reported from Erritsh Columbia, but liabilities have increased. There are 22 failures reported rom Newfoundland, against 15 the year lefore with liabilities of 80,350,000 this year, against \$927,000 last year. The situation in Newfoundland appears to have been one of suspended animation rather than general commercial or financial failure, which will account for the commercially few commercial deaths re-
