OIL MONOPOLY.

Corporation Commissioner Scores the Standard Oil Operations.

New York, Aug. 13.—Another broadside for the Standard Oil Co. is contained in a report to President Roosevelt by Herbert Knox Smith, commissioner of corporations, on "Discrimination in Prices."

Abounding in invectives, the report pillories the Standard Oil Co. for selling its products abroad cheaper than at home, for maintaining the highest prices possible in those parts of the United States, where it has a complete monopoly, and cutting prices relentlessly where it meets competition, and for using its vast freight traffic as a club to compel railroads to pay high prices for lubricating oil. Then, as a hint that the half has not been told, Mr. Smith closes his report with this passage:

"By your direction, in view of the proceedings of the Attorney-General against the Standard Oil Co., some of the more detailed evidence procured by the bureau regarding price discrimination is at present withheld from publication, and the same is true of other unfair practices, the most important of which are maintenance of bogus independent companies, espionage over the business of competitors, especially by bribing railway employees to disclose their shipments, and deceptions as to the quality of oils sold."

Commissioner Smith says: "In the business of selling petroleum products in foreign countries the price policy of the Standard Oil Co. has apparently been to sacrifice the interests of the American consumer for the purpose of securing the Standard's foreign business, which is a very important one."

SKELETON UNEARTHED.

Ghastly Find by London Workmen In School Ruins.

London, Oct. Aug. 13.—Workmen engaged on the work of repairing St. Peter's school, corner of Princess and Park avenues, yesterday made a ghastly find.

In making certain excavations, a number of human bones were found, which had evidently been buried there for many years.

At first it was surmised that they were Indian bones, but old residents of London recall that half a century or more ago the ground surrounding St. Peter's Cathedral were used as a cemetery. In later years the bodies were exhumed and reinterred in St. Peter's Cemetery in London Township.

Many bodies were overlooked, however, and it is remembered that when the new cathedral was being built from about 1820 till 1824—there was no uncommon thing for bones to be unearthed as the excavations proceeded.

WANT THEIR LIQUOR.

Halleybury Club Members by Big Majority Declare Themselves.

Halleybury, Aug. 13.—A general meeting of the members of the Halleybury Club was held on Saturday night, at which a large number of local and visiting members were present. The question as to whether the members did or did not approve of the continuance of the charter, recently granted to the club, entitling it to the privilege of furnishing its members with liquor, was discussed. The continuance of the license was voted with the approval of every member present, with the exception of Rev. Mr. Donnell, who has been actively opposing the license, largely on the ground that it was not desired by the members. This decision ought finally to settle the question and dispose of the only reasonable argument which could have been raised against the granting of the license.

Man Was Deserted.

Kincardine, Aug. 13.—When James Shelton, a respectable but close-fisted granger of Armo, six miles from Kincardine, returned to his house on Friday morning after being out in the fields only half an hour he found a note pinned to the table cloth:

"We have gone for good."

Shelton's wife, Martha Ann, and his daughter, Nora Ellen, had left the house and farm, taking with them a couple of grips packed with clothes.

Shelton reported the matter to the police yesterday, and asked the something be done to locate the runaways.

Eighty-Four Years Old.

Toronto, Aug. 13.—To-day, Dr. Goldwin Smith, Toronto's leading citizen, and one of the last survivors of the great thinkers and writers who advanced the Victorian era of English literature, celebrates his eighty-fourth birthday.

"Dr. Smith feels the best, but is in good health," the press was told, in reply to a query as to how he was on the eve of another anniversary.

He is not now engaged in any literary work, except reviews.

Girl Drowns.

Toronto, Aug. 13.—The danger spot on the bay front, at the foot of Brock avenue, claimed another victim last evening, when Viola Myrtle Haw, aged 9, was drowned.

She was playing, about 7 o'clock last evening, with her sisters, Louise, aged 12, and Frances, aged 6, and with Dinah and Blanche Goldberg. Viola walked out on a slippery plank and fell in the water. She did not come to the surface.

To Execute Agreement.

Ottawa, Aug. 13.—The agreement between the Hydro-Electric Commission and the Ottawa and Hull Power Co., for the supply of power to the municipal electric plant, will be executed at a meeting of the Commission at Toronto to-day. Hon. Adam Beck has so advised the company.

Archbishop Refuses Aid.

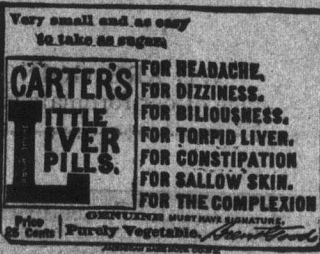

Dublin, Aug. 13.—Archbishop Walsh of Dublin, who was invited to call a conference of John Redmond, John Dillon, Timothy P. Healy, and William O'Brien, with a view to composing the political differences that exist between them, has declined to intervene.

TO WALK 1,000 MILES.

Sixty-Three-Year-Old Cincinnati Man Will Make the Attempt.

Cincinnati, Aug. 13.—For the benefit of science, Dan O'Leary, 63 years old, pedestrian, who has walked a total of 38,000 miles during his lifetime, will attempt to walk a thousand miles in 1,000 consecutive hours on a local track.

The track will be well padded with tanbark, and in the centre will be a tent with provisions, where O'Leary will rest each hour after he completes the mile.

Each day physical examinations will be made and a record kept. Local physicians declare it impossible for a man to accomplish the feat, but O'Leary says he will do it.

The start will be made next week.

THE GAMES SATURDAY.

Two games of ball were played off Saturday afternoon on Tecumseh Park. Each game was patronized by a large audience and numerous rooters cheered the team.

The first game was played between the Tammany Healers and the Canada Flour Mills and was a good game. The Healers were the winners and now stand ahead in the league. The playing of both teams was very good with few exceptions. In the second innings the C. F. M.'s looked rather sick when the Healers rushed in five runs. Tickner pitched for the box. Robert came in and finished up strong. Pleasance for the Healers pitched very well, but was weak towards the end of the game. In the ninth innings the C. F. M.'s made three runs, and the score was then 12 to 8. The star batters were Peck, Woods and Pleasance, each getting hits every time they were up to bat. Dyer allowed seven runs on account of wild throws to the home plate. The line-up was as follows:

Tammany Healers—Taylor, Pleasance, Trotter, Woods, Hardacre, Peck, Willard, Trotter and Brady.

Canada Flour Mills—Clements, Tickner, Ward, Robert, McComb, West, Dyer, Clark and Guy.

The game between the Wagon Works and the Motor Car team was one sided all through and was an easy victory for the Wagon Works.

Davis and Depew pitched for the Motor Car Works and Depew undoubtedly had a day off.

Davis pitched very good but his support was puny. The outfield was miserable and did poor work all day.

Herd on second base played a fair game, and Head behind the bat was good. Brundage apparently had a

Not a drop of Alcohol

Doctors prescribe very little, if any, alcohol these days. They prefer strong tonics and alteratives. This is all in keeping with modern medical science. It explains why Ayer's Sarsaparilla is now made entirely free from alcohol. Ask your doctor. We have no secrets! We publish J. C. Ayer Co., the formulas of all our preparations. Lowell, Mass.

day off and played poor ball. The Wagon Works played a fair game and won the game with a score of 18 to 8.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heartburn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, rapid liver with indigestion, or perhaps Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherrubark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the foregoing roots for the cure of just such ailments as the above symptoms indicate: Prof. B. H. Harkness, M. D., of Jefferson Med. College, Phila.; Prof. H. C. Wood, M. D., of Univ. of Pa.; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago; Prof. John King, M. D., Author of American Dispensatory; Prof. J. M. Scott, M. D., of New York; Prof. Finley Ellingwood, M. D., Author of Materia Medica and Prof. in Bennett Medical College, Chicago. Send name and address on Postal Card to Dr. R. V. Pierce, Buffalo, N. Y., and receive free booklet giving extracts from writings of all the above medical authorities and many others endorsing in the strongest possible terms each and every ingredient of which "Golden Medical Discovery" is composed.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery" if bowels are much constipated. There's tiny and sugar-coated.
