Minard's Liniment cures Dandruff

Bowel Troubles of Childhood

It is impossible to exaggerate the value of FRUIT-A-TIVES as a medicine for children. They contain no alcohol—no morphine or cocaine—no dangerous drugs of any kind.

Fruit-a-tives are fruit juices—concentrated and combined with the most valuable tonics and internal antiseptics known to medicine.

Fruit-a-tives are free of calomel, cascara, senna and the host of violent purgatives that simply act by irritating the bowels. Fruit-a-tives are made from fruit and tonics and are pleasant to take, and so mild in their action that they never gripe or pain.

During the summer, when children are so apt to eat improperly, mothers should have a box of Fruit-a-tives always handy.

At the first sign of Diarrhoea, Indigestion, Headaches, Biliousness, Peevishness, Vomiting—give Fruit-a-tives according to directions. These splendid fruit liver tablets will instantly correct faulty digestion—clean and sweeten the stomach—regulate the bowels, kidneys and skin—and so invigorate and strengthen the whole system, that the little ones can quickly throw off the temporary illness.

Get a box now—to-day. 50c. a box or 6 for \$2.50. Sent on receipt of price. If your druggist does not handle them.

FRUIT-A-TIVES LIMITED, OTTAWA.

Killed in Mine.

Gloucester, N. S., Oct. 16.—Meda Sloan, white, a driver in the Hub Colliery, was killed yesterday in the mine. He was killed by a horse when a box of coal got off the track and, striking a prop, dislodged a boom, letting down a mass of stone upon him from the roof.

Killed by G. T. R. Flyer.

Kingston, Oct. 16.—John Sweet, aged 20, was killed at Frederickburg station by the G. T. R. International Flyer on Sunday. A wreck there had sent the flyer on the east track, and while Sweet was carrying water to the wrecking crew he was struck and instantly killed.

A CORDIAL INVITATION TO DIS- EASE.

This is an apt description of constipation. It is an unnatural condition to begin with, and it's more, because it brings about blood deterioration, interferes with digestion, renders you susceptible to infectious diseases and causes anaemia. Not so much a purgative as a natural stimulant to the bowels is what you need. You get it in Dr. Hamilton's Pills which increase liver activity, restore the bowels to perfect action and positively cure constipation and its attendant evils. Insist on having only Dr. Hamilton's Pills of Maudsley and Batten, 25c. per box at all dealers.

Potomac Poisoning at Sea.

Queenstown, Oct. 16.—The British steamer Peruvian, Capt. Mason, from Penarth for Boston, put in here yesterday and reported having two men dead and four men sick on board. The deaths are alleged to be due to potomac poisoning, but the vessel will be detained here pending an investigation by the port authorities.

IT ACTUALLY DESTROYS THE CAUSE.

That's why catarrh is invariably cured by inhaling Catarrh Cure. The healing vapor spreads to every part of the breathing organs, German infecting the tissues of the nose, throat and lungs are killed. Nothing is left to cause inflammation. Spots that are sore are healed. Discharge is cleared away and catarrh becomes something of the past. Use Catarrh Cure and your recovery is guaranteed. Two sizes, 25c and \$1 at all dealers.

Nearly Over the Falls.

Niagara Falls, N. Y., Oct. 16.—A disabled launch containing a party of six men and women was swept into the rapids and within half a mile of the brink of the falls late last night. They were saved from a plunge over the cataract by Albert Greenwood of Chippewa, Ont., who brought them ashore in his launch. The party consisted of Capt. Charles B. Lentz and Mrs. Lentz, Mrs. Charles Clapham and daughter, Nellie; C. W. Clendenan and Engineer James Herschell.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by all Druggists, 75c.

Take Hall's Family Pills for constipation.

The man who is always on time generally has to wait for the other fellow.

HINTLETS OF FASHION.

Braiding to Be Much Used Next Winter—Navy Blue Again Popular.

It is predicted that braiding will have a great vogue this fall. Many of the new skirts show narrow silk and military braids applied so as to convey the effect of paneling. A wide kind with a cross plait forming a checked surface is being used a good deal on the new boleros.

Navy blue, the real dark blue that used to be considered so fashionable and attractive, has again come into favor. And black costumes for winter

GROUP OF NEW SLEEVES.

wear are to be chic in the extreme, with never a hint of color to relieve their somberness. When made of handsome material, perfectly tailored and cut, nothing is smarter than one of these suits.

In dressy wraps and house gowns empire effects will still hold good, but it is in the back of a costume that the "period" influence is most seen.

Elbow sleeves for street wear have become unfashionable. They will appear on dressy indoor costumes, but for all other purposes they have had their day.

The sleeves seen in the illustration are among the newest styles of the coming season. The puffed effect at the top predominates, with pretty introductions of trimming farther down the sleeve.

JUDIC CHOLLET.

VANITY'S VISION.

Silk Handkerchiefs Make Gilt Shirts. Evening Sleeves Are Short.

Silk handkerchiefs are making pretty golf and tennis shirts. Five handkerchiefs thirty-two inches square of soft silk in solid centers and varicolored borders are required. The plain part is plaited on the shoulders and a cuff border is set into the shoulder seams and brought tapering to the waist line. Under the arms is seen the plain silk.

GOWN OF FOULARD.

The back requires one handkerchief from which the borders on the two opposite sides have been removed. Those remaining are placed on the shoulders on a line with those on the front and are brought tapering to the back waist line in a similar manner. A part of the border is placed straight across the back from sleeve to sleeve, forming a short yoke. The belt is a part of the border. For the sleeves the borders are caught together and the puffs arranged so that the border runs lengthwise or crosswise, whichever is most becoming. The cuffs are of the border.

For an evening gown the sleeve must be very short, so as to bear no resemblance to the elbow sleeve that is now worn on all possible occasions. A short puff, not particularly full, is most seen. It takes fifty-eight pins for the modish girl of 1906 to make her toilet on strictly up to date lines. These pins include the large safety varieties used for keeping the lingerie in place and the stickpins, brooches and hatpins.

The simple little toilet illustrated is of white foulard dotted with black. The full skirt is trimmed with ruffles of lace divided by folds of leaf green satin. The bloused waist is lace adorned, and the girle is of the green satin.

JUDIC CHOLLET.

Falls to His Death.

Toronto, Oct. 16.—Death came suddenly yesterday afternoon to Robert Bell, a painter in the employ of Barrett & Sons of 424 College street. Bell was working at the Palmerston avenue school and it was while engaged in painting the sash of a window, 30 feet from the ground, that the accident occurred. The sash gave way under his weight, and in trying to save the sash he lost his life. The neck was broken by the fall.

When the tip of a dog's nose is cold and moist, that dog is not sick. A feverish, dry nose means sickness with a dog. And so with the human lips. Dry, cracked and colorless lips mean feverishness, and are as well ill appearing. To have beautiful, pink, velvet-like lips, apply at bedtime a coating of Dr. Shoop's Green Salve. It will soften and heal any skin ailment. Get a free trial box, at our store, and be convinced. Large, nickel capped glass jars, 25 cents.

Sold by C. H. Gunn & Co.

Kept Her Word.

"This," said the school friend who had not seen her for a year, "this is the girl who vowed to me that she never would belong to any man, eh?"

"I don't," said she who had been married the matter of some few months or so. "He belongs to me."

Women Writers.

We know a number of women writers, and many of them are very good looking—much better looking, at any rate, than men writers, whose appearance is very seldom as attractive as their works.—Academy.

MANY CHILDREN SICK.

Get their feet wet, catch cold or cramps, and give mother an anxious time. With the first shiver or sneeze rub the little one's chest with Nerville, gargle the throat, and give ten drops in hot water at bedtime. Next morning all is well. No cold, no tight laced chest, if Nerville is rubbed in your home, get it there at once. Dealers sell it in large 25c. bottles.

Inspector Dismissed.

Ottawa, Oct. 16.—The aftermath of the collapse of the Gilmour Hotel walls, in which five people were injured, came last night when the City Council, by a vote of 15 to 8, dismissed A. Pratt as assessment commissioner and building inspector. The positions are worth \$2,000. The city is being sued for heavy damages by all sufferers from the action.

The new Pure Food and Drug Law will mark it on the label of every Cough Cure containing Opium, Chloroform, or any other stupefying or poisonous drug. But it pays Dr. Shoop's Cough Cure as made for 20 years, entirely free. Dr. Shoop all along has bitterly opposed the use of all opiates or narcotics. Dr. Shoop's Cough Cure is absolutely safe even for the youngest babe—and it cures. It does not simply suppress. Get a safe and reliable Cough Cure, by simply insisting on having Dr. Shoop's. Let the law be your protection. We cheerfully recommend and sell it.

C. H. Gunn & Co., Chatham.

The optimist looks forward to tomorrow; the pessimist sighs for yesterday.

"Quick lunch" is one of the commonest of city signs. The sign does not say "a healthy lunch of good food—the character of the food apparently is not considered. It's just a quick lunch,—eat and get away. Is it any wonder that the stomach breaks down? Food is thrown at it, sloopy, indigestible and "nutritious" food, very often, and the stomach has to do the best it can. Normally there should be no need for medical assistance for the stomach. But the average method of life is abnormal and while this continues there will always be a demand for Dr. Pierce's Golden Medical Discovery. It is the one medicine which can be relied on to cure diseases of the stomach and other organs of digestion and nutrition. It is not a cure-all; it is a medicine designed for the stomach, and to cure through the stomach remote diseases which have their cause in the derangement of the stomach and digestive and nutritive system. It cures when all else fails.

Killed by Runaway.

Waltham, Oct. 16.—A party of young people drove from here to Tewksbury Sunday to attend the Crossley and Hunter revival meetings. On the way back the horses ran away and a young girl named Pearl Greenhow was thrown out and injured so severely that she died yesterday morning.

Embroidered Muff Waist.

and slowly turns, first placing the feet in notches in the frame and then standing at various distances from the shaft by which the shelf is supported. This shelf can be moved up and down the shaft, so that any distance above the ground can be kept after the screws adjust it.

Braid which is used to bind the bottom of washing skirts should be shrunk before it is sewed on. This should be done in lukewarm water, the braid being left to soak for some little time to accomplish the shrinking.

In fitting a shirt waist begin with the front sections and allow an overlap of at least an inch on each side of the center front. Tear off a strip of the material for the waistband. Make this of a double thickness of material and half an inch in width on the straight of the goods. Pin this strip firmly around the waist, for it forms the principal foundation upon which to fit the waist. Do not fit down toward the waistband, but up from it, and give plenty of length to the shirt waist line and the arm's eye.

The waist illustrated is of embroidered mull. The emplacement of Valenciennes lace has about it a berth of Irish trimmings with plaited frillings of mull. The sleeves have an odd half cuff of lace.

SNAPSHOTS OF FASHION.

Tan Suede Gloves Correct Wear For Smart Day Functions—Fall Hats.

The day of the white glove is over. It is now no longer the correct thing in Paris to wear white gloves upon any occasions except full evening dress affairs. For the street, afternoons, receptions, garden parties or any such use tan suede is the thing. Another shade which is also greatly in vogue for wear with elaborate light gowns is a sort of flesh color that closely im-

COAL SCUTTLE HAT.

tates the human skin and at a slight distance is not distinguishable from the uncovered hand.

The mushroom hat is to be just as much in vogue this fall as it has been all summer. All of the fall hats show a decided tendency toward the brim to droop instead of being either straight or turned up at any angle. While this style is not generally becoming it is decidedly chic for a pretty girl and suggests the charming quaintness of the Kate Greenaway fashions that were at one time so much in favor.

Fringe is promised as an autumn trimming for certain kinds of dressy gowns, but as Dame Fashion is such a capricious personage it is difficult to say whether the promise will be ratified.

The hat shown in the sketch is a dainty affair on the coal scuttle order. It is evolved from pink chiffon shirred on the under brim and laid in folds on the outside. The puffed crown is almost covered with arbutus blossoms and their leaves. The wide strings are of the chiffon.

JUDIC CHOLLET.

DRESSMAKING HINTS.

A New Skirt Hanger—Suggestions For Cutting and Fitting.

A new skirt hanger accomplishes great saving of time and trouble for the amateur dressmaker. It marks the hem edge with perfect evenness. But it is necessary to have a helping friend to hold the material over the metal shaft and to manipulate the marking chalk. The wearer of the skirt stands

DIAMOND MINE PRISON DRESS.

Each of the great South African diamond mines has its several compounds, where the Kaffirs are imprisoned. These are inclosures with walls sufficiently high to prevent escape, and around the walls is a stretch of roofing sufficient to prevent the inmates from tossing diamonds to the outside to be picked up by confederates. In the early days the Kaffirs used to throw diamonds over the walls in tin cans, so that their wives or friends might come and pick them up. When the Kaffirs go to Kimberley from their tribes they agree to submit to imprisonment. The shortest period is three months, but there are many who have never been out of the compounds for two or three years.—World's Work.

Self-interest is the principal ingredient in the interesting things of life.

Cures Your Rheumatism

Abbey's Salt certainly does help you to get rid of those Rheumatic attacks.

CRISIS OF GIRLHOOD

A TIME OF PAIN AND PERIL

Miss Emma Cole Says that Lydia E. Pinkham's Vegetable Compound has Saved Her Life and Made Her Well.

How many lives of beautiful young girls have been sacrificed just as they were ripening into womanhood! How many irregularities or displacements have been developed at this important period, resulting in years of suffering!

Miss Emma Cole

A mother should come to her child's aid at his critical time and remember that Lydia E. Pinkham's Vegetable Compound will prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularities.

Miss Emma Cole of Tullahoma, Tenn., writes:

"I want to tell you that I am enjoying better health than I have for years, and I owe it all to Lydia E. Pinkham's Vegetable Compound."

"When fourteen years of age I suffered almost constant pain, and for two or three years, I had soreness and pain in my side, headaches and was dizzy and nervous, and doctors all failed to help me."

"Lydia E. Pinkham's Vegetable Compound was recommended, and after taking it my health began to improve rapidly, and I think it saved my life. I sincerely hope my experience will be a help to other girls who are passing from girlhood to womanhood, for I know your Compound will do as much for them."

"If you know of any young girl who is sick and needs motherly advice ask her to write Mrs. Pinkham, Lynn, Mass., and she will receive free advice which will put her on the right road to a strong, healthy and happy womanhood."

Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge.

Overcome by Gas, Killed.

Deseronto, Oct. 12.—Wellington Hicks, an employe of the Deseronto Iron Co., was engaged in unloading charcoal when he was overcome by gas and fell down the elevator shaft a distance of forty feet, sustaining fatal injuries.

Seven Years For Sheep Stealing.

Hamilton, Oct. 13.—Alex. Hammer, who has already served three or four terms, was sent down yesterday morning for seven years for stealing six sheep from A. McClure, a Blinbrook farmer.

You're growing more beautiful day by day, dear Grace.

I hope you're not using cosmetics on your face?
